How You Can Help Victims of the Berrien Springs House Fire

On Tuesday, Nov. 15, a house fire on Valley View Drive near Andrews University resulted in the death of 3-year-old Rockelle Isabella-Aeppelina Haas. Her father, Robert Haas, her mother Jessica Haas and her 5-month-old brother, Jacob, were injured in the fire that destroyed their home. The home contained multiple apartments and tenants in each of the apartments have lost all their possessions. There are 11 people who were displaced by the fire. (Read more about this story.)

The Office of Campus Ministries is coordinating efforts to support the victims of the fire. Here’s how you can help:

- Sympathy cards are available to sign. Just stop by the Office of Campus Ministries.
- Donations of furniture, clothes, household items, canned goods, etc. will be collected at the Office of Campus Ministries. The donations will then be taken to Neighbor-2-Neighbor (N2N). N2N is working directly with the Red Cross to assess and take inventory of the different family groups needs.
- Monetary donations will go to the Pioneer Memorial Church Community Assistance Fund. To designate a donation for the victims of the fire, write "Fire Victims" in the memo line. This is a tax-deductible donation. This fund will be distributed to the different families based on Red Cross recommendations.
- The Office of Campus Ministries is asking for new toys and clothes (size 6 mo. & up) for Jacob Haas. These donations will be delivered directly to the family.

United Way Campaign at 56% of Goal

The program is now at $5,600 of a $10,000 goal, and is in need of more support.

Dear Colleagues:

We are in the midst of our annual support of United Way. The money we and other local institutions provide stays in the area and helps local agencies, schools and support systems meet needs involving families, single parents, children and others who have run into hard times. Some members of our own University family have over the years benefitted from United Way programs. For more information on United Way of Southwest Michigan, please visit http://www.uwsrm.org/.

While your participation is completely voluntary, I do encourage you to participate again this year. Pledge forms were sent out three weeks ago and can be remitted to Dalry Payne in the Office of the President (0670). If you would like another form or have a question, feel free to contact Dalry, who has volunteered again this year to coordinate our United Way campaign.

Sincerely,

Niels-Erik Andreasen

VGPS Awarded AUSA Spirit Grant

The Village Green Preservation Society (VGPS) has been awarded an AUSA Spirit Grant for the 2011-2012 school year! The grant, totaling $1,200, will be used to purchase recycling bins for the Undergraduate Learning Center, which consists of Buller and Nethery Hall.

The AUSA Spirit Grant is an initiative spearheaded by AUSA President Andrew Moll to encourage clubs to create projects that will positively affect campus. The new recycling bins are anticipated to arrive before the end of the semester. Students, staff and faculty can expect to see posters and bulletins to raise awareness on proper recycling and trash disposal methods.

VGPS is a student-led group that has existed on campus since it was founded in 2007 by then-student Benjamin Oliver.

VGPS has procured recycling bins for various buildings on campus, including residence halls, the Administration Building, Bell Hall, Ruth Murdoch Elementary School, and the Center for Adventist Research.

The AUSA Spirit grant is the first grant awarded to VGPS that originates from the university. In previous years, VGPS has secured grant monies from other off-campus entities and organizations.

Girl, 3, dies in apartment blaze

Rest of family flees through upstairs window; 8 other tenants also escape burning house

By TED HARTZELL - H-P Local News Editor

Published: Wednesday, November 16, 2011 2:44 PM EST

BERRIEN SPRINGS - A 3-year-old girl died Tuesday when fire roared through an Oronoko Township apartment building.

Her parents and their 5-month-old infant son escaped through a second-story window.

A police press release said the two adults and the infant all jumped from the second floor, but a resident of the apartment house said the baby was thrown to someone's waiting arms below. Police said the father tried to go back into the house to rescue the girl but was turned back by the intense fire.

The fire's cause was not immediately known.

The girl was identified as Rockelle Isabella-Aeppelina Haas. Her body was recovered from the apartment a few hours after the fire was put out.

Her parents were identified by Berrien Springs-Oronoko Township police as Robert Haas, 47, and Jessica Haas, 25. The baby is Jacob Trebor-Zeppelin Haas.

Robert Haas was transferred from Lakeland Regional Medical Center in St. Joseph to Bronson Methodist Hospital's burn unit in Kalamazoo, Berrien Springs-Oronoko Police Chief Milt Agay said in the press release.

The hospital said it had no information to give about him Tuesday afternoon.

Agay said Jessica and Jacob were treated and released from Lakeland.

Eight other people escaped the fire in the apartment house, Agay said.

The apartment house is at 8733 Valley View Drive in Oronoko Township, just outside Berrien Springs. It is owned by Brandon Rapp of Dowagiac, according to Oronoko Township tax records. His phone number is unlisted.

The house fire started about an hour before sunrise. About two hours later and nearby on U.S. 31, a chain reaction accident in the fog put even heavier pressure on firefighters and police. (See story in the Local section.)

Dana Mischke, who lived in the apartment below where the Haas family lived, recounted her experience of the early morning drama during a phone interview Tuesday afternoon. Mischke said she lived with her boyfriend, Dustin Valzonis, and two other men in the apartment below the Haases. She said they had only lived in the apartment a couple of weeks.

"We were all sittin' in the living room, and we hear this big bang, and the dogs started running around (upstairs), and the whole house was shaking and glass was breaking," she said.
She said the "bang" came from the Haases' apartment.

"One of my roommates (Jason Hettinger) went to the side door that connects to the upstairs and downstairs apartments and yelled 'Fire!' We rounded up everybody, got what we could and ran out. As soon as we ran out our whole apartment was in flames."

Mischke said Valzonis and Hettinger tried to reach Rockelle, with one standing on the other's shoulders. She said Jacob was thrown from the second story into someone's waiting arms, but she didn't know who tossed the baby or who caught him.

WSBT-TV reported that neighbor Quigley Morris and others tried to get into the house but were kept back by smoke and flames. It also quoted witnesses as saying the family tried futilely to get Rockelle to come to the window.

Berrien Springs-Oronoko Township police Patrolman Russ Robbins said he was the first official on the scene after receiving the dispatch call about 6:25 a.m.

He said flames were shooting out of the house, and the Haases were standing outside. "They were out here screaming that they had the other baby in the house. By that time flames were too bad, no one could go in."

Robbins said the couple had their infant wrapped in a blanket, and a Medic 1 ambulance took them to a hospital.

A man who would only give his first name, Daniel, was interviewed Tuesday morning outside the burned-out house. He said he had moved from Texas and lived in the other ground-floor apartment for five or six months. He said the apartment above him was unoccupied.

He said it had been "a very rough night."

"I just had a feeling that something was wrong" before the fire started, Daniel said. "I prayed about it to protect us."

He said he opened his door, saw smoke coming from an eave and then put on his pants, got his dog and left his apartment.

"It's unbelievable to see how fast a house can go down" from fire, Daniel said.

"Maybe God sent an angel and woke me up," he said.

Berrien Springs-Oronoko Township Fire Chief Bruce Stover said the fire appeared to have started at the back of the house. He said firefighters had not found any smoke detectors, but the search of the house would resume this morning.

Agay said that because of the child's death, Sgt. Scott LeRoy with the State Police Fire Marshal's Division in Paw Paw was called in to assist local investigators. Agay said detectives are also looking into the matter of whether there were smoke detectors.

Stover said that in addition to his department, firefighters came from the following departments: Eau Claire-Pipestone-Berrien, Sodus Township, Lake Township, Royalton Township and Niles Township. The departments not only provided extra firefighters, but extra air supply tanks, he said.

Stover said a small fire broke out in a nearby house, probably as a result of a short in an electric line between the two houses, causing "backfeeding."

Agay said the Berrien County Sheriff's Department and state police road patrol also assisted.
The Herald-Palladium: LMC women strong in home opener
The Lake Michigan College women's basketball team looked to be in midseason form in its 89-19 win Thursday over an Andrews University team that is trying to build a program. "It was a great opportunity tonight for everyone to work on fundamentals and execute some things in our first game that we mostly won't use until later on in the season," said LMC coach Jason Cooper, now in his fifth season. "Everyone played and everyone contributed." Read full story.

The Herald-Palladium: Defensive Cardinals Andrews' zone defense stifles
Defense is a strength for the Andrews University men's basketball team. Lake Michigan College was unable to solve that defense Thursday night, shooting 31 percent and committing 29 turnovers as Andrews posted a 67-44 win. "Our guys take a lot of pride in their defense," said Andrews coach David Jardine. "That matchup zone is tough to get in and our guys execute it well. Our defense keeps us in a lot of games." Health Monitor: Dominique Wakefield is a "Fitness Fanatic"
Fitness is her Calling
BERRIEN SPRINGS - Dominique Wakefield has a passion for fitness. It's not only how she lives, but also how she works as she teaches others about the importance of being fit and healthy. Read full story.

Advice for couch potatoes
BERRIEN SPRINGS - How do you go from being a couch potato to being fit? Andrews University fitness expert Dominique Wakefield has some ideas. Unfortunately, she said, some people think they're getting enough exercise and are fit if they can walk from the parking lot to the store. For them, it's necessary to begin with baby steps. Read full story.

Getting fit at Andrews
BERRIEN SPRINGS - Walk inside the FitZone fitness lab in a small building next to Marsh Hall on the Andrews University campus and you'll see a compact area outfitted with some of the latest fitness equipment. Whether it's exercise balls and resistance bands or elliptical machines, the lab offers Andrews students not only the...
opportunity to get fit, but also to learn how to teach fitness to others and become certified personal trainers and fitness instructors. Read full story.
BENTON TOWNSHIP - The Lake Michigan College women's basketball team looked to be in midseason form in its 89-19 win Thursday over an Andrews University team that is trying to build a program.

"It was a great opportunity tonight for everyone to work on fundamentals and execute some things in our first game that we mostly won't use until later on in the season," said LMC coach Jason Cooper, now in his fifth season. "Everyone played and everyone contributed."

The Indians (2-0) opened up in a man-to-man defense, building an 8-2 lead off turnovers before Andrews called timeout. LMC then came out in a half court press and a 2-3 trapping zone, preventing Andrews from taking a shot for the next six minutes while the Indians substituted entire lineups into the game.

The Cardinals' Emily Kutzner stole the ball and fed it up court to April Rachel for a layup with 10 minutes to play, but the rest of the points in the half for Andrews (2-3) came at the free throw line as the Indians led 38-6.

"We have a lot of girls with little or no experience and LMC's changing up of defenses really threw us off tonight," said first-year women's coach Kevin Woolridge.

Woolridge was born in Buchanan, but spent the last 20 years in California and the previous eight years coaching boys high school basketball in Bakersfield. His son Tyler plays point guard on the Cardinals' men's team, so when the opportunity came to return to Southwest Michigan, Woolridge jumped at it.

"We're taking a lot of baby steps and at times we play well but there's a lot of work and fortunately these young women are willing to put in the time," said Woolridge. Andrews University plays in the United States College Athletic Association and will be led this year by juniors Katie Hahn (5-9) from Reedsburg, Wis., April Rachel (5-11) from Everett, Mass., and St. Joseph's Emily Kutzner (5-9), who graduated high school from Andrews Academy in Berrien Springs.

"It just feels great to be playing again," said Kutzner, who missed last season after ACL surgery. "Our new coach has a pretty extensive knowledge of the game and we're going to continue to improve."

LMC opened the second half in a full-court press and held the Cardinals scoreless for the first five minutes while expanding its lead to 52-6.

"We have a lot of team chemistry already and really get along together as a team," said freshman Breauna Rivoli-Johnson (5-7), from Hammond, Ind. She was the Indians' leading scorer with 19 points

Johnson was a continual force on both sides of the court for LMC with four steals, four rebounds and eight assists on the night.

When asked about coming to Lake Michigan College, Johnson said, "I really liked what coach Cooper had to say about the program and the area, and really wanted to move somewhere not so close to home."

The Indians return three sophomores from last year's 18-7 team that went 12-4 in the Michigan
Community College Athletic Association West Division and reached the Region XIII semi-finals. They include all-conference guard Priscilla Miranda (5-4), originally from East Aurora, Ill., Allison Beard (5-8) from Ida, and Christina Fisher (5-4) from Gull Lake.

Beard led the Indians with eight steals in the game to go with four rebounds, six points and five assists. Miranda had eight points, two blocks and a steal and Fisher added four points, a steal and a rebound.

Coach Cooper has brought in a very talented group of freshmen in addition to Johnson.

The Indians have two newcomers from Grand Rapids Ottawa Hills, JaBria Hill (5-10), who led the team in rebounding with nine boards and scored 10 points, and TeAsia Bradshaw (5-4), who had six points from 3-point range, two steals and a rebound.

Michigan City's Essence Robinson had 11 points, seven rebounds and a steal while Edwardsburg's Emily Kozinski added 10 points, two steals and five rebounds.

"We're expecting to compete in the league this year for a championship, win our conference and go to the national tournament because we've got the talent and more importantly, these young women care about each other and are really putting forth the effort it takes to succeed," said Cooper.

BENTON TOWNSHIP - Defense is a strength for the Andrews University men's basketball team.

Lake Michigan College was unable to solve that defense Thursday night, shooting 31 percent and committing 29 turnovers as Andrews posted a 67-44 win.

"Our guys take a lot of pride in their defense," said Andrews coach David Jardine. "That matchup zone is tough to get in and our guys execute it well. Our defense keeps us in a lot of games."

Andrews, the defending United States Collegiate Athletic Association Division II national champion, is off to a 4-1 start and the most points the Cardinals have allowed is 51.

"They beat us really soundly in every phase of the game," said LMC coach Sam Cornett. "I'm impressed with their execution this early in the season.

"Their 2-3 zone gave us fits. We had trouble scoring and they created a lot of turnovers."

Andrews led nearly the entire game, trailing only at 4-2 before Stephan Blackwood scored a tying bucket and then had a 3-point play to make it 7-4.

The Cardinals led by as many as 10 points in the first half but didn't pull away until after the break.

The Indians (0-2) trailed 33-27 at halftime but trimmed the lead to two at 36-34 less than two minutes in the second half, forcing an Andrews timeout.

The Cardinals responded with the next five points on a 3-pointer by Matt Little and an alley-oop dunk by Daniel Foster.

Andrews went on to outscore LMC 31-10 in the game's final 18 minutes.

"We went in at halftime and said we've got to protect the ball and try to wear them down with our system," Jardine said. "Good things happen when you don't turn the ball over."

Andrews had 11 first-half turnovers and two more early in the second half as the Indians cut into the lead, but just seven more after the timeout.

The Cardinals' 15-player roster includes seven returners from last season's championship team.

Five players are from the area, with four Andrews Academy grads and Little, a Berrien Springs grad who shared team scoring honors with 15 points. Little hit all five of his shots in the second half and added six rebounds.

Four of Andrews' five starters are returners from last year's team, led by sophomore guards Little and Tyler Wooldridge. Both started as freshmen.
Wooldridge had 10 points and six assists against LMC.

Others back include Clifford Allen, Jerome Murray, Ronald Green, Junior Orelus and Joshua Faehner.

"We lost a lot of seniors last year," Jardine said. "That was just a special team with those guys.

"We've only had a program six years, and we've been on the short end of a lot of beatings. Through a lot of hard work, things are looking up for us."

Cornett thinks positive things are ahead for his squad despite Thursday's tough outing.

The Indians have just three returning sophomores to go with eight newcomers. One of those returners, 6-foot-5 guard Tim Bates, is out with an injury. He averaged 17 points per game last season.

"Obviously we need some scoring, and he'll give us that," Cornett said.

The other returners for the Indians are 6-5 guard Golden Hairston-Parker and 6-1 guard KeVan Ford.

Hairston-Parker led the Indians with 15 points and 11 rebounds, including a highlight-worthy rebound dunk in the second half. Ford, one of the team's top scorers a season ago, had a tougher time, being held to three points.

Freshmen Nate Singleton and Eric Thompson scored eight points each. Thompson, a 6-7 forward, had seven rebounds as the Indians held a 38-32 rebounding edge.

"I look for us to be a strong force in our conference when all is said and done," Cornett said. "My biggest job as coach is encouraging these guys to keep chipping away at it."

ANDREWS (67)

Stephan Blackwood 6 3-4 15, Clifford Allen 1 0-0 2, Jerome Murray 2 1-2 5, Tyler Wooldridge 4 2-2 10, Matt Little 6 0-0 15, Daniel Foster 3 4-7 10, Ronaldo Green 3 0-0 7, Junior Orelus 1 0-0 3. Totals: 25 10-15 67.

LAKE MICHIGAN COLLEGE (44)

Nate Singleton 4 0-0 8, Eric Thompson 3 2-4 8, Romero Gordon 0 4-4 4, KeVan Ford 1 1-3 3, Golden Hairston-Parker 6 2-2 15, Zachary Mottley 0 1-2 1, JuWuan Thompson 1 3-4 4, Lavell McKnight 0 0-2 0. Totals: 15 13-21 44.

Halftime score - Andrews 33-27. 3-point goals - Andrews 4 (Little 3, Green 1), Lake Michigan College 1 (Hairston-Parker 1).

Records - Andrews 4-1, Lake Michigan College 0-2.

Athletes strengthen their faith at gymnastics event

Members of the Aerokhanas gym team practice in the Johnson Gymnasium at Andrews University in Berrien Springs Thursday getting ready for Acrofest. The Aerokhanas are from the Great Lakes Adventist Academy near Mt. Pleasant. John Madill / H-P staff

By DEBRA Haight - H-P Correspondent
Published: Friday, November 11, 2011 1:06 PM EST

BERRIEN SPRINGS - Hundreds of gymnasts are gathered this week on the Andrews University campus for Acrofest, which brings together the top gymnasts from Seventh-day Adventist colleges, universities, high schools and middle schools in the United States and Canada.

For the athletes the event is not just about the jumps and moves they can practice and learn. It's more about working together and deepening their faith.

Andrews Gymnastics team member Bryan Mattson and former Andrews student Daphne Knecht can attest to that. Both have relied on the support of friends and gymnastic team members in their recent battles with cancer and a brain tumor, respectively.

Knecht is being treated for a brain tumor and is at Acrofest to be with her friends from Andrews and Southern University in Tennessee.
"I love Acrofest and wanted to be part of it," she said. "This is a blast. I love seeing everybody."

She said that while she's always loved gymnastics, it's the ministry side of the Acrofest program that keeps drawing her back.

Mattson is in his second year on the Andrews Gymnics team, although he's attending Lake Michigan College now. He left Andrews last semester after being diagnosed with testicular cancer, but has been able to stay on the team.

"Having the team behind me really helped me get through," he said.

Like Knecht, he loves gymnastics and Acrofest lets him do all the flips and tumbling while learning what other teams are doing.

He describes the annual gathering as a "family reunion of all the teams."

This is the 20th year for the Acrofest celebration. The first Acrofest was held at Andrews University in 1991 and this is the fourth time it's been held there.

Andrews Gymnics coach Christian Lighthall said the Acrofest gathering combines both the spiritual and the physical. Gymnastics teams practice together and learn from each other as well as have daily devotional and worship times.

"We want to maintain the spiritual focus in our sport but also become more skilled and be better athletes," he said.

Israel Falcon is the coach of the Akro-Elite team of high school students from Fajardo, Puerto Rico, many of whom got their first-ever glimpse of snow Thursday. He sees his team, as well as the overall Acrofest event, as being primarily motivational.

"I see it as a ministry to help out youth," he said. "Events like this show them what knowing Christ can do for them, how goals can be achieved if they work hard and how great it feels to achieve something. It's an awesome experience to see them smile."

He said being involved in gymnastics has helped his students who have issues ranging from Attention Deficit Disorder to obesity.

"We're not affiliated with any particular institution but offer a motivational program where we teach moral and Christian values and give them an organized structure in their lives," he said.

Victor Perez, 16, has been a member of that team for the last three months.

"This has a great opportunity to do things I don't normally do," he said. "It's helped me set goals and go beyond what I think I can do and go way farther than I think I can."

All 26 teams participating in Acrofest will gather together for one last performance in Andrews University's Johnson Gymnasium on Saturday at 8 p.m. It is open to the public. Tickets are $10 and children sitting on laps are admitted free.
Passing of Edward John Specht
Edward John Specht, a long time member of the Department of Mathematics faculty, passed away on Nov. 9, 2011, at the age of 96.

Ed was a professor and chair of the Department of Mathematics at Andrews University from 1947 to 1972. Following that, he was professor of Mathematics at Indiana University South Bend from 1972 to 1986.

Ed is preceded in death by his wife, Mary Josephine Michel. They had two children, Lahna who presently lives in North Carolina, and Frederick of Bloomington, Ind. They have one grandson, and two great-grandchildren.

Thank You From the Knott Family
We are very grateful for, and humbled by, the love, warmth, support and sympathy expressed to our family by the Andrews and Pioneer community on the sudden death of Rose Marie Knott. What a deep-down joy it is to be part of a faith community who mourns, but "not as those who have no hope," because God's word is sure.

Camera Club Competition

Wednesday, Dec. 7
7 p.m., Berrien Springs Public Library

The monthly meeting of the Berrien Springs Camera Club will take place on Wednesday, Dec. 7, at 7 p.m. in the Berrien Springs Public Library at Cass (Old 31) and Union in Berrien Springs. This month’s program consists of a competition of prints and digital submission by members.

The selected topics for the month are:

Journey Through Christ's Birth

December 2, 6 p.m.–9 p.m.
December 3, 6 p.m.–8 p.m.
1480 Boyd Blvd. La Porte, Indiana

Join the Door Prairie Adventist Christian School and La Porte Seventh-day Adventist Church for an interactive outdoor event that takes you on a journey back to the time just before Christ’s birth, two thousand years ago. You will be escorted by a friendly 1st century traveler, who will guide you on your journey. You will meet shepherds and their sheep, wise men and angels who are all eager to worship the baby Jesus. Watch out for the unsavory beggars and Roman soldiers who may not be interested in greeting the newborn king.

Tours begin every 45 minutes and admission is free! There will be warm Christmas treats and hot drinks available. This event is interactive and outdoors with uneven terrain that may be difficult to navigate for the elderly or infants. For more information, call Rebecca Reis at 219-362-6959.

SMC Choral Concert

Friday, Nov. 18
6 p.m., St. Paul's Episcopal Church
Come listen to some of the most beautiful choral music on Friday, Nov. 18 at 6 p.m. in St. Paul's Episcopal Church (306 Courtland St. Dowagiac, MI 49047). Linda Mack, organist and Music Librarian at Andrews University, and Aaron Sinnet, cellist and Andrews alumni, will team up with David Carew and the Southwestern Michigan College Select Voice for a concert. Southwestern Michigan College Select Voices, one of the College’s premiere performance ensembles, will present a program of choral music spanning six centuries. Composers represented include Byrd, Bach, Handel, Vivaldi and Brahms.

Admission is free, but a suggested goodwill donation of $10 will be accepted. All proceeds will go to the vocal area at SMC. For any questions regarding the performance, call David Carew at 269-782-1226.

**Berrien County Diaper Drive**

Please join the University Medical Center and the Berrien County Great Start Parent Coalition (and others, including the Village Church) in helping out with a county-wide Diaper Drive being held from October 30–November 30. The goal is to collect at least 15,000 diapers for children ages 0-5. Donations will go to local food banks, shelters and home visiting programs throughout Berrien County. Drop off your diaper donations to the University Medical Center, Lakeland Physical Therapy or South County ENT (both in the University Medical Center building) during office hours.

Here is a snapshot of the need:
- More than 1 in 4 children in Berrien County ages 0-5 lives in poverty
- Cost for diapers range from $75-100/month
- 36% of mothers living in poverty regularly run out of diapers for their child
- Food assistance programs (e.g., WIC, Food Stamps) do not cover diapers. About 20.9% of residents in Berrien County receive food assistance.
- Babies who remain in dirty diapers for prolonged periods are susceptible to diaper rash, infections and other health problems
- Babies who experience severe diaper rashes often cry more than babies without diaper rashes. Excessive crying coupled with the stress of living in need can lead to child abuse
- Babies who cry excessively are most likely to be victims of shaken baby syndrome

Please help in donating diapers throughout this month!

**Harbor Habitat in Urgent Need of Volunteers!**

There is an urgent need for volunteers, ages 16 and older, at Harbor Habitat! Harbor Habitat is a local division of Habitat for Humanity in Benton Harbor, helping families to get started on their new lives. Volunteers do not need to have any special skills – they only need to be willing, mobile and able to follow directions.

This particular project consists of helping a young family in a very uncomfortable living situation. They have been waiting over a year as Harbor Habitat secured the funds to build their home. Although the funds have ben raised and met, there is a shortage of volunteers to help build the house at this time of the year. Fortunately, there is a dedicated group of retirees that go out every Thursday to build, but alone, it would take them until late spring to finish. In order to get the family into their home by Christmas, 8-10 volunteers are needed to come out on Tuesdays, Wednesday and Fridays for the next 6 weeks. The build days begin at 8 a.m. with devotions and end at 3 p.m.

If you feel the urge to make this project a priority, please share it with those around you and offer your services by contacting Jody at 269-925-9635.
