Take a Brief Survey and Support Student Research!

Did you know?

- A report on child abuse is reported every 10 seconds!
- More than five children die every day due to child abuse and neglect!
- Six million children every year are affected by abuse.
- About 80% of survivors of child abuse meet the qualifications for at least one psychological disorder.*

Dr. Sedlacek and five Social Work research students are currently conducting a brief survey on childhood adverse experiences and their effects on survivors once they reach college-age.

In order to better understand this sensitive issue, an online survey has been developed. It will take approximately 10 minutes to complete. While there are some questions that may be sensitive in nature, all responses are 100% anonymous. You WILL NOT be identified by your responses.

Would you please take 5-10 minutes to complete the survey by clicking on the following link: www.surveymonkey.com/s/ZNS79LZ

Introducing AU Alert: An Emergency Notification System

Andrews University has partnered with Rave Mobile Safety, the leader in mobile safety, to offer an emergency alert notification system called AU Alert. AU Alert delivers reliable emergency text and email messages to students, staff and faculty any time an emergency notification is needed on campus.

AU Alert notices are intended only for situations involving imminent danger to health or human safety. These may include severe weather alerts, winter weather class cancellations, hostile threats, utility failure, major road closings or fire, among others.

Every Andrews’ student, staff and faculty has a self-service account in the University’s AU Alert system. You can configure your account to sign up for our AU Alert service. Then, when Andrews University issues an AU Alert notice, it will be sent to you via the phone (text) and/or email contact information you have provided.

While AU Alert is intended to enhance safety for the campus community, it does not represent a guarantee. Reliability depends on human factors such as accuracy and timeliness of information, and on technical factors such as cell phone network coverage, in-bound traffic on telephone landlines, and availability of power to the University server and your computer. Students, faculty and staff are encouraged to take advantage of the AU Alert service as a prudent measure while continuing to exercise normal attention to personal and community safety.

AU Alert sends notices at no charge; however, your provider’s standard charges will apply for carrying text messages sent by AU Alert. AU Alert is supported on all U.S. mobile carriers. If you switch carriers, you will need to login to reconfigure your personal settings.

Sign up for AU Alert

Your Andrews University email user account name and password will be required to sign up.

To sign up for AU Alert:

1. Login to AU Alert with your Andrews user name and password.
2. Confirm or edit your name, email, cell phone and/or land line phone.
   1. You can add additional phone numbers and email accounts.

Once you submit your information, allow up to 24 hours for it to be entered in the AU Alert database. Normally, entry is done once per day. Alerts will not be sent to you until your information has been entered in the AU Alert database.

Celebrating Life in Recovery

Cheri Peters had plenty to recover from: the rejection of a mother who tried to abort her, sexual abuse from relatives who used her, the shame of being illiterate and living homeless on the streets of LA, a miscarriage at the age of 12, dancing in strip clubs from age 13, and even being kidnapped by a major motorcycle gang. Cheri is now celebrating her Life in Recovery and has dedicated her life to help others find meaning and purpose in their lives.

Hear Cheri’s testimony and the encouragement she can offer at the following times:

- Friday, Apr. 13 at 7 p.m. on the campus of IUSB
- Saturday, Apr. 14 at 9:30 a.m., 11 a.m. and 3 p.m. at the South Bend First Seventh-day Adventist Church on 1936 E. Altgeld St. South Bend, IN 46614

Looking for Summer Rental

Responsible AU student looking for a room/small apartment to rent over the months of June - August.

I'll just be coming back from being a student missionary, so I don't have time to look around the area.

$400 a month is the most I can manage.

I'm very trustworthy and I can come up with a list of references if you want.

I just need a place to stay while I work at Andrews for the summer.

June Sublease - Furnished One Bedroom Apartment

$500./ 1br - Furnished One Bedroom June Sublease (Berrien Center)

A nice and cozy fully furnished one bedroom basement apartment is available for sublease for the month of June.

It is located in a quiet and safe country-side neighborhood in Berrien Center, 6.5 miles from Andrews University (15 minutes by car - a relaxed drive). Lots of privacy!

The apartment has:
- a cozy living room (you are welcome to use the TV and DVD player, but no cable at the moment)
- a study area with a large desk and two bookshelves (I can store my books and make space for you to use it fully)
- a small dining room with a table and 2-4 chairs available
- bathroom (no tub)
- a small kitchen where there are also a washer and dryer (electric stove and electric oven - work just great for cooking)
- bedroom (bed, dresser, and closet; I will store my stuff so you can use them fully)
- extra storage place
- a nice and very peaceful yard with a bench-swing and a patio set
- parking in the driveway.

It is available for sublease at $500/month, which includes everything (rent, electric, internet, , water, washer and dryer). The apartment has two ceiling fans for cooling off in summer, though a comfortable temp. is usually maintained even without their use.

I am looking for someone quiet, mature, and responsible. If you wish to share the bedroom with a roommate, that may be a possibility we can discuss. (I have an extra bed that you can use.)

*One thing you need to know: Verizon does not have reception in the house, but it does just outside the house... AT&T has reception in the house (not sure about other phone companies).
I can send pictures of everything, or you can come see it in person, if you are in the area.

If you are interested, or wish to refer this to someone who is interested, I can be reached via craigslist email, or at 269-313-3122 (call or text).

Thanks!

Adelina

Job Opening for ADRA International

A Senior Technical Specialist in Women’s Wellbeing & Protection is needed for ADRA International. Within the Agency frameworks, the Senior Technical Specialist leads the development and supports the implementation of ADRA International’s Women’s Wellbeing and Protection strategies. He or she will assume an active role in seeking opportunities for gender-related new business, the promotion of equitable gender participation for high program impact. The Specialist will also provide technical assistance on innovations, best practices and international protection standards across the ADRA Network. In addition, the Specialist will serve as an ADRA representative in working groups and forums related to Women’s Wellbeing and Protection.

Qualifications:
- Masters degree in International Development or a relevant field (Women’s Studies, Public/Community Health, Social Work, Social Sciences or Education in Emergencies).
- Experience with the integration of best practices in women’s wellbeing, protection and gender equity into the technical interventions of development and humanitarian assistance programs to ensure equitable participation and access to development and relief benefits.
- Experience in project development, implementation, and monitoring and evaluation.
- Proven ability to conceptualize, perform and direct technical assignments and write technical documents and proposals, either independently, or as a member or leader of a team.
- Demonstrated capacity to create and maintain effective working relationships with US and local government personnel, donors, clients, NGOs, and other partner institutions.
- Knowledge of USG-donor agencies and other international donor-funded programs in developing countries.
- Ability to work independently and as a member or leader of a work team in a collaborative manner in a highly diverse environment.
- Demonstrated ability to provide technical assistance and capacity building, including training of peers.
- Possesses at least a 3/R and 3/S ability in a second language.
- Familiarity with socio-economic and cultural conditions in selected countries, regions and continents where ADRA works.

Responsibilities:
- Needs Assessment. Designs and oversees the implementation of rapid appraisals of the needs and gaps in services for women and their households (e.g., pastoralists, refugees, internal immigrants, or dwellers) living in extreme poverty in urban, peri-urban, and rural settings.
- New Business & Proposal Development. Is well-informed on the latest trends, priorities, and strategies within the field and works in close coordination with ADRA’s Business Development Unit as well as with similar units at the Country Office level in the identification and pursuit of new funding opportunities from international development assistance agencies, international foundations, and multi-national corporate donors to co-create and sustain innovative programming in a broad range of women’s protection, empowerment, and gender equity themes, such as:
  - Women’s leadership, economic, and political empowerment;
  - Literacy, numeracy, and formal/non-formal education for girls and young women;
  - Protection of girls and women from gender-based violence, exploitation, and trafficking.
- Program Implementation. In cooperation and in consultation with a wider technical staff provides technical leadership support to a broad portfolio of projects focused on improving the quality of life of vulnerable women and their households that are effective, scalable, and sustainable.
- Technical Assistance, Capacity Building, and Training. Provides ongoing technical assistance and capacity building in all thematic aspects in women’s empowerment and protection field, assists ADRA’s Professional Leadership Institute in the development of courses, and serves as a master trainer of trainers for technical staff at ADRA International and its Country Offices. Supports the initiatives that focus on protection of vulnerable individuals from violence and exploitation.
- Monitoring and Evaluation. Supports the M&E Teams in designing performance measurement plans and systems, including data collection, tracking, analysis, and synthesis processes and procedures to demonstrate progress toward achieving long-term impacts and outcomes and provides on-going technical assistance to monitoring and evaluation staff at ADRA International and its Country Offices to ensure programming quality, accountability, and a wider dissemination of results.
