Opening Night 2012! Features Deborrah Wyndham, Lake Effect Jazz Big Band

Pianist and composer Deborrah Wyndham and Lake Effect Jazz Big Band are teaming up for Opening Night 2012! of the Howard Performing Arts Center's 2012–2013 season. This two-concert event will be held on Sunday, Aug. 26, on the campus of Andrews University. More than just a great concert, Opening Night 2012! also offers something for all ages with free popcorn, cotton candy, ice cream sundaes and a classic car show starting at 5 p.m. The concert begins at 7 p.m. This event is a free gift to the community.

Kicking off the evening is ragtime pianist and composer Deborrah Wyndham. Wyndham blends genres of music, creating unique sounds such as the blues arranged with elements of 1930s and 40s jazz. In concert, she performs many of her original pieces as well as traditional jazz styles like ragtime, boogie-woogie and her own arrangements of up-tempo standards. Her sounds also include classically inspired jazz ballads.

Southwest Michigan’s own Lake Effect Jazz Big Band will round out Opening Night 2012! Modeled after famous jazz big bands from the 1950s, Lake Effect Jazz brings together 20 of the area’s finest jazz musicians. From classic to contemporary, their musical arrangements never fail to offer the best jazz sounds in Southwest Michigan.

Change in Campus Worship Services Start Times

The following scheduling changes will take effect during the months of August and September:
Lear Jet 23 Donated to the Department of Aviation

The Andrews University Department of Aviation recently added a 1966 Lear Jet 23 to its fleet of training planes. Randall J. Latona of the AJM Airline Company in Smyrna, Tenn., donated the plane after receiving a request from Verlyn Benson, assistant to the president.

In need of an aircraft that would provide students with practical training on the more complex twin turbine engine-powered jet, the department used the FAA registry of business jets to send queries to see if any owners would be willing to donate an aircraft that would potentially fit their needs.

A team of men from the Department of Aviation worked together to bring the Lear jet to Andrews. Pictured L-R: Cletus Dillman, certified aircraft technician/student; Duane Habenicht and Randy Robertson, Aviation professors; David Muth, director of maintenance; and Chris Merani, certified aircraft technician/student.
