Students Support Operation Christmas Child

Students from several departments in the Andrews University School of Health Professions kicked off their Christmas season by giving to children around the world through Operation Christmas Child. Sharing the good news of God’s love with hurting boys and girls is the heart of Operation Christmas Child. Along with small presents and personal items for the children, each box contains literature on the gospels, an opportunity for the child to receive Bible lessons and a copy of The Greatest Journey in the child’s native language.

The Department of Physical Therapy became heavily involved when Esther Jones, Collection Center Coordinator for Operation Christmas Child and administrative assistant in the Department of Physical Therapy, and Sarah Hythecker, vice president of the Physical Therapy Class of 2014, set a dream in motion. Hosting a packing party in October and several collection dates between October and November, physical therapy students and staff were able to pack just under 100 boxes. This is the second year that PT has been involved in Operation Christmas Child. Wanting to get more people around campus excited about this ministry, Hythecker invited department chairs from the School of Health Professions to get their students and faculty involved.

Through Chapel announcements and Operation Christmas Child posters hung across campus, students were able to see that just a simple, small gesture could make a big difference. Participation meant packing a shoe box with small gifts, donating $7 online or including it in the box and then dropping it off on the collection days.

"As a physical therapy student my spare time is limited. What I like about Operation Christmas Child is that participation is quick and easy. All you have to do is purchase items to include in the box, make an online donation, and pack the box. Quick and easy!" says Hythecker. "I can only imagine the joy the little girl receiving my box will experience. She will find colorful hair accessories, a toothbrush and toothpaste, a teddy bear, a coloring book and crayons, a notebook and pencils, some candy, and most importantly she will learn about the love of Jesus Christ."

As students from the Department of Physical Therapy encouraged others to join in, many lent a helping hand. The Department of Speech-Language Pathology & Audiology hosted a packing party in October, resulting in approximately 50 shoeboxes. Students from the Departments of Nursing and Nutrition & Wellness packed boxes on their own time. In total, students from across the Andrews campus ended up donating 212 packed shoeboxes to Operation Christmas Child.

From Andrews, the boxes were taken to the Niles Adventist School, a regional collection site. Operation Christmas Child is no stranger to Niles Adventist School. The school has been involved for the past 16 years, and during that time more than 158,000 gift boxes have passed through the site. This year alone, 23,701 shoeboxes were collected at the Niles Adventist School collection site.

This year, with the expected shoe box collection of over 9 million boxes worldwide, OCC expects to pass a significant milestone—collecting and delivering shoe boxes to more than 100 million children since it was established in 1993 by Samaritan’s Purse, a Christian relief and evangelism organization.

Even though the main collection drive has come to a close, shoeboxes can be “packed” online by visiting www.samaritanspurse.org/giving/buildabox.
The Department of Speech-Language Pathology & Audiology hosted an Operation Christmas Child packing party on Sunday, Oct. 28. Student Kathy-Ann and Darah Regal, department chair, each participate by packing a box full of small toys, personal hygiene items, basic school supplies and a personal letter to the child who will receive the box. **Andrews University United Way Goal Reached!**

Thanks to the enthusiasm of our campus employees, Andrews University has surpassed our participation goal and our campaign dollar goal in record time. "I am deeply grateful for the campus spirit of generosity and support. I believe the United Way Campaign is a very visible and powerful way to provide stewardship and support to our community. All locally donated funds are distributed locally," said President Niels-Erik Andreasen. "Andrews University can become the light and salt our neighbors need, right here in Southwest Michigan."

On Thursday, Nov. 15, President Niels-Erik Andreasen made good on his promise to jump into the Beaty Pool in his suit if Andrews employees met the United Way Employee Campaign challenge.
