Andrews an "Overperforming School" According to U.S. News & World Report

Andrews University was recently ranked #11 on U.S. News & World Report’s Overperforming Schools in the Nation list, with an overall score of +75. This concept measures the degree to which a university's overall position in the rankings exceeds or falls short of its undergraduate academic reputation rank.

This was the magazine’s first-ever analysis of colleges in the national universities ranking category that are overperforming or underperforming their undergraduate academic reputations in terms of their overall Best Colleges 2013 rankings.

"This report appears to support the reality that small private/Christian institutions can—and often do—offer an environment of excellence and nurturing where students thrive and succeed, often beyond what might be expected," says Andrea Luxton, provost of Andrews University. “However, it is also difficult for smaller institutions to find the resources to communicate that value widely, which inevitably leads to an underestimation of value. As far as Andrews is concerned, this report recognizes that our quality programs are very competitive with some of the best institutions in the nation.”

In the study, the schools that were ranked, which include Andrews University, performed well in key academic metrics such as selective admissions, financial and faculty resources, alumni giving, and graduation and retention rates. Andrews University was the only institution in the Seventh-day Adventist educational system to be recognized as an overperforming university.

"With the additional value of the element of our Christian community, we have a winning combination!” says Luxton.

Earlier this year, Andrews University made a few other U.S. News & World Report college ranking lists too. With a diversity index of .73, the University tied for 4th in Campus Ethnic Diversity and with 13% of our student body composed of international students, Andrews tied for 9th in Most International Students.

Other overperforming universities include: Adelphi University, N.Y. (#1); Ashland University, Ohio (#2); University of St. Thomas, Minn. (#3); Stevens Institute of Technology, N.J. (#4); St. Mary's University of Minnesota, Minn. (#5); Azusa Pacific University, Calif. (#6); Edgewood College, Wis. (#7); University of Tulsa, Okla. (#8); Yeshiva University, N.Y. (#9); Biola University, Calif. (#10); St. John Fisher College, N.Y. (#12); South Carolina State University, S.C. (#13); University of La Verne, Calif. (#14) and Maryville University of St. Louis, Mo. (#15).

For more information on the rankings, visit http://www.usnews.com/education/blogs/college-rankings-blog/2012/11/29/which-ranked-universities-are-doing-better-than-their-academic-reputations.

All University offices will be closed for Christmas this year between December 24 and January 1 inclusive. Staff may choose to work, or may take vacation days, but offices will be closed to the public. Essential services for students who remain on campus will still be in operation.

Big Problem Bigger Solution by Jerry Horton

Jerry G. Horton, a graduate of Andrews Theological Seminary, recently published his first book titled, Big Problem Bigger Solution. This book is a 12-step journey that will assist the reader in overcoming whatever sin is causing destruction or conflict in their life. It includes: several important quotes from the Bible and Ellen White on sin, a prayer of surrender and consecration at the end of steps three through twelve, information on how to restore broken relationships, short thought moments called "truth moments", story breaks and story takeaways. It also includes how to deal with life after the twelve steps, such as during a "relapse" or "withdrawal". This book is an excellent resource for personal study and/or small groups.

The book is now available at the Andrews University campus bookstore and online at www.lulu.com.
Berrien Springs Camera Club Meeting  

The program will be presented by Jim Lynch, a member of this club and other local camera clubs. Last year Lynch presented images and tips from his long experience of photographing birds. Another specialty of his is lighthouses, the subject of this next club presentation. He says, “We started searching for lighthouses in the Great Lakes area in the mid-’80s and have since traveled the shorelines of the Atlantic, the Gulf of Mexico, and the Pacific Oceans of the U.S., and the Great Lakes of Canada, the Maritimes, and most of the St. Lawrence Seaway.” For this club meeting, Jim will show some of his favorite lighthouses, tell us about their history and the fun of searching for them, and share some tips for improving our shots of lighthouses.

All are welcome. Refreshments will be served.

Parakeets Care
I will be home for two weeks starting Wednesday, Dec. 12, and was hoping to find someone to take care of my two parakeets while I am away. They are very sweet (though not tame) and would just need someone to supply them with water and food every few days, and clean the cage once a week (it's very easy and only takes a few minutes). I would provide the food for them. If anyone can help, please email me at alexe@andrews.edu, or call 269-313-3122.

Thanks kindly!
Adelina
