**ChemSem: The Moral Molecule**

Thursday, Jan. 17
4:30 p.m., Halenz Hall Room A-107

Drop whatever you’re doing. You gonna have to see this. No joke. No hype. This chemistry seminar could change your life.

All are invited to the first guest seminar in the 2013 Winter/Spring Andrews University Chemistry & Biochemistry Departmental Seminar Series. A webinar live from California will be presented here on Thursday, January 17, 2013. As usual we meet at 4:30pm in A-107 Halenz Hall in the Science Complex.

Thursday’s webinar is about: The Moral Molecule

Our guest speaker for this Thursday’s webinar is: Paul J Zak, Professor, Chair, Founder, Department of Economics & Center for Neuroeconomics Studies,
**CHEMSEM NEWS 1, Winter/Spring 2013**

**The Moral Molecule**

Dr. Paul Zak researches oxytocin, a neuropeptide that affects our everyday social interactions and our ability to behave altruistically and cooperatively, applying his findings to the way we make decisions. A pioneer in a new field of study called neuroeconomics, Zak has demonstrated that oxytocin is responsible for a variety of virtuous behaviors in humans such as empathy, generosity and trust.

In addition to his responsibilities at Claremont Graduate University, Zak serves as Professor of Neurology at Loma Linda University Medical Center, and is a Senior Researcher at UCLA. He has degrees in mathematics and economics from San Diego State University, a Ph.D. in economics from University of Pennsylvania, and post-doctoral training in neuroimaging from Harvard.

His latest book “The Moral Molecule: The Source of Love and Prosperity” was published in 2012. Zak is credited with the first published use of the term “neuroeconomics.” He organized and administers the first doctoral program in neuroeconomics in the world at Claremont Graduate University. Dr. Zak’s lab discovered in 2004 that an ancient chemical in our brains, oxytocin, allows us to determine who to trust. This is being used to understand the basis for modern civilizations and economies, improve negotiations, and treat patients with neurologic and psychiatric disorders. A video of Zak’s TED talk can be viewed at: [http://www.ted.com/talks/paul_zak_trust_morality_and_oxytocin.html](http://www.ted.com/talks/paul_zak_trust_morality_and_oxytocin.html)

Artist Scott Covert Exhibit Opens Jan. 15

Opening Reception: Jan. 15, 6-8 p.m.
Exhibit: January 15-February 28, 2013
Art & Design Gallery, Smith Hall

Artist Scott Covert will show his work, "Treasures from the Necropolis," at the Andrews University Art & Design Gallery beginning January 15 and ending February 28, 2013. Guests who choose to attend the opening reception Tuesday, January 15, from 6-8 p.m. will enjoy light refreshments. Those unable to attend the opening reception may view the artwork until February 28th in the Art & Design Gallery located in room 119 in Smith Hall.

For the last 25 years, Covert has been on a creative pilgrimage all over the United States and Europe, paying visits to the grave sites of cultural icons: movie stars, explorers, politicians, artists, heroes, villains, architects, murderers, murder victims, singers, athletes, novelists, inventors, rock stars and poets. Few have visited as many cemeteries as Mr. Covert: fewer still return with such treasures. Once in his outdoor studio, the artist prepares a sheaf of canvass and places it over the gravestones. Covert then uses an oil or wax crayon to impulsively adorn the canvas with his subjects' inscriptions. At times, one subject's inscription repeats on a single canvas; other times, an inscription is placed on a canvas in a collage of personalities' names, in varied colors and textures.

**Cruise with a Mission Celebrates 5th Year**

On Dec. 9, 2012, 73 individuals from around the country gathered in Fort Lauderdale, Fla., to set sail on the Center for Youth Evangelism’s fifth Cruise with a Mission (CWM). Each year, this young adult focused mission-trip-meets-vacation aims to cultivate a lifestyle of connecting with God and building Christian community through on-board worships, community building experiences, and mission projects at ports visited on the trip.

Ryan Simpson, Southern New England Conference Young Adult Ministries director, was the featured speaker for the 2012 cruise and shared daily worship thoughts. Simpson’s dynamic and personal messages encouraged young adults to get “On-board with God,” despite the storms in our lives. Melody Ilacas, a young adult who attended the trip, commented that Simpson’s messages “reminded us that storms help to build our character.”

During the missions aspect of the trip cruisers were offered diverse opportunities. Mission ports included Ocho Rios, Jamaica; Georgetown, Cayman Islands; and Mohogany Bay, Honduras. This year the group brought 100 gallons of paint with them for three painting projects. Other options at port included light construction projects, landscaping and cleanup, as well as a Vacation Bible School.

If you’re looking for a vacation that focuses on service, try Cruise with a Mission. Cruise with a Mission 2013 embarks September 15–22, 2013 to the beautiful state of Alaska. Early-bird registration is now open at [www.cye.org/cwm](http://www.cye.org/cwm).

Dr. Neil Nedley is a full time physician who practices acute internal care medicine... He is an experienced national and international speaker. They only have normal wear, no tears, no missing pages, no markings (some pencil erased marks might be visible). They all include all the original cd's that came with them and all the other materials (the Medical Terminology book has the two bookmarks, and all the flashcards are still uncut).

The textbooks are:
