Currently, each graduate will be allocated a minimum of six tickets. Depending upon the number of graduates who march, there may be more tickets available.

Online Master of Public Health Introduced

The Department of Public Health & Wellness, formerly known as the Department of Nutrition & Wellness, has received approval to offer a Master of Public Health (MPH) in Nutrition and Wellness. The Board of Trustees approved both the department name change and new degree during their 2013 spring meeting.

This new program is the first and only online MPH program in Nutrition and Wellness offered in the country. Offered at a 50% tuition discount, this new program will prepare health professionals for service in the church and community by building knowledge and skills necessary to enhance the health of human populations and promote a healthy lifestyle through personal and community efforts.

Emmanuel Rudatsikira, dean of the School of Health Professions, says the demand for public health professions in the workforce continues to be high across the United States and globally. Citing information from the U.S. Bureau of Labor Statistics (BLS), Rudatsikira says employment opportunities are expected to grow by 37% from 2010 to 2020, faster than the average for all occupations (14%).

“This prediction translates into about 23,200 new jobs for public health professionals over the next 10 years,” says Rudatsikira. “According to the Council on Education for Public Health (CEPH), there are 62 accredited online public health programs in the United States. However, there are only two Master of Public Health programs in nutrition. Our program, with emphasis on vegetarian lifestyle and wellness, is unique and presently the only one of its kind.”

Thank You from the Zork Family

My beautiful mother, Rita Georgette Pervier, passed away on March 13 with all seven of her children with her. She was a woman of tremendous faith and trust in Jesus and her passing is one more powerful reason why we long for Jesus to return.

I would like to express our deep gratitude for all the thoughtful emails, cards and beautiful flowers we have received. They have all been very much appreciated and have served as a loving source of encouragement and strength during this difficult loss.

With appreciation,
Susan & Stephen Zork

Looking for Renter
Please disregard the previous post under this same heading. I typed this up on a smartphone and somehow the posting got deleted except for the title.
My wife and I currently live at Love Creek Apartments. We are moving and want to find a renter to help our landlord out because they have been very nice to us while living here. They have offered to pay us $100 if we find a renter to replace us, and we would be happy to split that 50/50 with anyone who signs a lease and references us so that we get that money. I would be willing to sign a contract to that effect prior to you signing a lease here, or if you're happy with "let your yes be yes and your no, no" I will give you my 'yes', too.
Details of the apartment:
This is a second floor (one flight of stairs with 6 steps) apartment. It has 2 bedrooms and 1 bathroom. The master bedroom is roughly 15x12 and the smaller bedroom is about 11x12. We use the smaller bedroom as a computer den, but it could also accommodate a bed, especially for families with children. In fact, there are several families here that have kids that stay in their second bedroom.
These apartments are incredibly nice, with high quality wood floors in the kitchen, carpet in the bedrooms and living room, and tile in the bathroom. The laundry is on the same floor as the apartment and is coin operated, cheaper than a laundromat.
Pets are allowed with NO ADDITIONAL FEE. This is very unusual in the area and most people want a deposit AND a monthly charge for pets, so this turns into a big money-saver for those with pets. They are ok with dogs or cats (or any other pets if you have fish, reptiles, etc.).
The lawn in back is spacious and well-maintained, and has tons of room for growing a garden. The landlord even offers to roto-till for you if you are putting in a garden, so take him up on the offer and grow your own tomatoes this summer!
Lost and Found Items at Campus Safety

Spring Semester is almost over and it's time to think about wrapping up another year. As you sort, pack and prepare for summer, please take note if you have lost your keys, cell phone, ID card, glasses, sunglasses, etc. Many things get turned into us and we would like nothing more than to reunite you with your lost items. Please feel free to contact us with a description via email us at safety@andrews.edu or you can call us at 471-3321.
