Photo of the Week: The idea behind the Celebration of Faculty & Graduate Student Research event on Friday was to highlight some of the research being done by students and faculty on campus and give the researchers an opportunity to share their findings and their passion with others. Scheduled Power Outage

Due to a repair needed at our electrical Substation we plan to have the power shut down Campus wide on Sunday November 10th between 9:30 am and 1 pm.

This includes all the Campus Apartments, (Maplewood, Garland, and Beechwood) plus Ruth Murdoch Elementary and Andrews Academy. The Airpark is not affected by this power outage.

The following buildings will have limited generator power: ITS, Campus Center, Johnson Gym, Dairy, Howard Performing Arts Center, Buller Hall, WAUS Tower, WWTP, and the Power Plant.

Andrews University SciFEST

Nov 14-17 will be the first annual SciFEST weekend hosted by the STEM Division (Science, Technology, Engineering, Mathematics) in the College of Arts & Sciences. This year we have invited Lake Union Academies to visit Andrews and participate in the science related events and activities.

The purpose of the weekend is to celebrate science and give the (high school) students a taste of what goes on at Andrews. Also, we want to show students that careers in the sciences fulfill God’s purpose for people’s lives – and that God has designed each of us in a special way; it is up to us to discover His design for our lives.

Students will attend a science show (put on by our faculty), participate in an egg drop and a quiz bowl. There will also be spiritual fellowship during a special Sabbath School and church service put on by our faculty and students.

We would like to invite the AU community to join for the following events:

Thurs, Nov 14, 7:30 pm: Science Show - Julian Thompson Amphitheater, Science Complex
Fri, Nov 15, 4:15 pm: Egg Drop - Outside Science Complex
Fri, Nov 15, 6:30 pm: Vespers & Afterglow - Chan Shun Hall
Sat, Nov 16, 9:30 / 10:45 am: STEM SS & Church - Chemistry Amphitheater, Science Complex
Sat, Nov 16, 7:30 pm: Quiz Bowl - Newbold Auditorium, Buller Hall
Best of Basic Design II Gallery Opening

Refreshments, credit, and great art can be found in the Jeanmarie Harrigan gallery from 6:30-8:30 p.m. on November 11. Just come to the top floor of Harrigan Hall to see the best of this year’s Basic Design II class.

Get 10 Co-Curricular Hours

Get 10 co-curricular hours at the Andrews Student Gardens. Come learn the wonders of the gardens and enjoy:

- One-on-one interaction with other students
- Learning how to harvest, prune, and till
- Taking home fresh produce
- A fun outdoor experience
- Playing in the greenhouse
- A free t-shirt

Of your 30 co-curricular hours each semester you can now cut 1/3 out by learning about sustainability, natural science, environment, health, and how we grow food. Co-curricular will be provided for undergraduates.

Two Part co-curricular activities. Two hours of lecture (sustainability, organics, health, practical, nature, etc.), training and tour, and eight hours of field work separated into 2 sections of four hours each. Please sign up via email (info@augardens.com) for the orientation meetings; 15 person cap per session. Next event: Nov. 15.

The Andrews Student Gardens is both on and off campus and grows 4 acres of peaches, 3 acres of apples, 10+ acres of vegetables and flowers (including over 50 varieties), an acre of berries, and 80 acres of juice grapes.

For more information email info@augardens.com. To see the gardens visit augardens.com or visit our Facebook page.

Live United!

With less than two weeks to go (campaign closes Nov. 14), Andrews employees are pushing toward the finish line! However it’s not just about reaching our campus goals, but about the people who will be served because of the support we help provide. If you haven’t done so already, be sure to read about the wonderful services related to education, income, health and basic needs that United Way can provide to our community when we all do our part. And you may discover a service that would be helpful to someone you know! Visit their website. Then pull that form out of the pile on your desk, fill it out and send it back to the President’s Office at 0670. Thank you for Living United!

Grow Groups for Spring 2014

November is the sign up month for Leaders to register a group for Spring.

Groups begin January 31, 2014 and will end in April. Do you have a topic you would like to explore in a group with others who want to learn more, as well as being a Discipleship mentor? If you have led or joined a former group, you already recognize the value of this experience. Go to pmchurch.org/newgrowgroup to register your group.

If you have questions, please call Carolyn Strzyzykowski at 269-519-2801 or e-mail

**Sundeep Rayat to Speak for ChemSem**

**CHEMSEM NEWS 10, Fall 2013**

*Light Activated DNA Cleaving Agents*

**Sundeep Rayat** obtained his BSc (Honours) and MSc (Honours) Chemistry degrees from the Guru Nanak Dev University, Punjab, India. He then completed her PhD in Chemistry at the University of Missouri-Columbia, and conducted postdoctoral research at Ohio State University. She began her professional career at Kansas State University and in 2012 moved to her current position at Ball State University, where she teaches organic chemistry. She has given over 40 talks and poster presentations and has published 15 research papers.

Sundeep’s interdisciplinary research involves (a) experimental and computational investigations of the optoelectronic and biological properties of unique classes of N-fused heterocycles, and (b) synthesis and evaluation of tetrazole-based produgs for application in photodynamic therapy (PDT).

Sundeep has received research funding from the American Chemical Society, Indiana Academy of Science, and National Center for Supercomputing Applications. She serves on the editorial board of the Proceedings of the Indiana Academy of Science, and is a member of the American Chemical Society. Her talk will focus on the use of tetrazole produgs in PDT.

**PCI Compliance Training**

PCI Compliance Training

This training is mandatory for anyone who processes, stores, or transmits cardholder data here on the Andrews University campus. In order to protect payment cardholders’ data the Payment Card Industry has established Data Security Standards for merchants processing credit card transactions. Compliance with these standards is required of ALL merchants that processes, store, or transmit cardholder data.

All Departments of the University which accept payment (credit) cards for payment of goods or services must comply with the policies and procedures of the standards that have been created by PCI. Failure to comply with this policy could result in the loss of the University’s ability to accept credit card transactions for payment.

During the PCI Compliance Training, the Data Security standards will be discussed, including the importance of compliance for ALL merchants, and the consequences for failing to comply.
Please plan to attend PCI training during one of the following dates:

- Tuesday, November 5, 12:00-1:00pm: Lincoln Room at the Campus Center
- Wednesday, November 6, 2:30-4:30pm: Whirlpool Room at Chan Shun Hall

Time to Take Course Surveys

It is once again time for students to rate their courses through course surveys. Course surveys provide the opportunity to give important (and anonymous) feedback to instructors on the effectiveness of the course.

Most courses will be surveyed electronically through our automated system, Class Climate. Email invitations for each course survey will be sent Tuesday afternoon, November 5. If the survey is not taken, reminders will be sent automatically every three days until November 19. A Certificate of Completion will be generated after each survey is submitted. This may be saved or emailed, and used as proof of completion if the instructor offers any type of incentive.

Thank you in advance for your participation. If you have any questions, please contact the Office of Institutional Effectiveness at ext. 3308 (assessment@andrews.edu)

**Students' Father Passes Away**

The father of Andrews University students Rose and Neralex Vargas, and husband of alumna Nereida Vargas passed away suddenly October 27, 2013.

Although they would never ask for themselves, friends of the family have created a donation account in order to provide opportunities for others to help the family in a very practical way--by aiding them financially as they face funeral expenses and other medical bills.

Click [here](#) to donate, leave messages for the Vargas family and for more information.

**Survey: This is My Church?**

We've just concluded the series "This is My Church?" with Pastor David Asscherick. You can help us now by doing two things. First, pray that the work that took place last week continues to be fruitful for God's kingdom. Even now our follow up team is working through the dozens of requests for Baptisms. Second, help us reflect on the experience from last week by taking this survey that will take just a few minutes.

You can fill out this survey by going to this link: [http://tinyurl.com/mychurch13](http://tinyurl.com/mychurch13)

Feel free to share this link with others that you know attended.

**Driver Needed - mission trip**

Driver needed:
The PMC Youth Missions team is going to Honduras during December 12-23. The team is almost complete. A bus driver is needed, preferably one who speaks Spanish. We also need a young man who speaks Spanish to serve as a boys counselor during our Friendship Team camp for about 150 children. Contributions can be submitted to Pioneer Memorial Church and labelled PMC Youth Missions Honduras. Contact glenn@andrews.edu for costs and more details.

Film Grad Makes Personal Documentary
At the age of 10, Pieter Damsteegt, a 2013 graduate of documentary film and photography at Andrews University, was diagnosed with Ankylosing Spondylitis, a long-term type of arthritis affecting the bones and joints at the base of the spine and their adjoining joints like hips, neck and shoulders. The joints become swollen and inflamed and, over time, the affected bones join together. A few years later he found out he also had Crohn’s Disease.

“I live a pretty exciting life,” he says with a smile. <<<Read the full story>>>

Depression Awareness Day
Oct. 10, 2013, the Andrews University Psychology Club, PSI CHI, and the Andrews University Counseling & Testing Center held an event for National Depression Screening Day and Mental Health Awareness Week. The purpose of the event was to raise awareness about depression on campus, to build a community of open conversations that allows students to know that there is help available and to create a support system in which students are encouraged and lifted up in their struggles. <<<Read the full story>>>

**Prayer Power Hour**
Wanting to commune with others in prayer? Searching for a way to spiritually connect with fellow students?
Join Kevin Wilson, AUSA Religious Vice-President, and other AU students every weekday between 7AM-8AM for a spiritual start to the school day. Partake in prayer at the fireplace near the student life office in the student center.

In Isaiah 43:19, God promises that he will do a new thing for this campus and our lives. Let us seek him in prayer in order to make this a reality. Let this be our power hour.
The College of American Pathologists (CAP) awarded Alfred Lui, MD, FCAP, a pathologist from Torrance, Calif., with the CAP Distinguished Service Award at a special ceremony Oct. 12, 2013, in Orlando, Fla., at CAP ‘13: THE Pathologists’ Meeting. Lui, a 1968 biology graduate of Andrews University, was recognized for his leadership in the successful promotion of private pathology practices and his ongoing contributions to organized pathology at the local, state and national levels.

"In these uncertain and turbulent times, it is easy to forget that our primary opportunity and responsibility is to provide each patient we diagnose or treat with the highest level of care," Lui says. "I firmly believe that continually working to improve our own skills is the best route to ensuring that the value of pathology services is recognized and that our profession survives and thrives. I am honored and grateful to be recognized by my peers with the CAP Distinguished Service Award."

Among his many contributions to the pathology specialty, Lui has held multiple roles in professional societies, often simultaneously, all while developing one of the largest and most successful private medical practices in California. His leadership roles include service to the CAP Councils on Education, Membership and Professional Development and the CAP Publications Committee. In addition, he is past president of the California Society of Pathologists (CSP), where he currently serves on the CSP Education Committee.

Lui is currently chief medical officer and chairman of the board of Pathology, Inc., an independent anatomic and clinical laboratory in Torrance, Calif. He is the cofounder of four pathology and independent laboratory companies, two of which are still in operation. In addition to Pathology, Inc., Lui cofounded the Affiliated Pathologists Medical Group, which has grown from a two-person group to 37 pathologists providing services to 14 hospitals and three independent laboratory locations in California, Oregon and Arizona. Pathology, Inc. is the largest independent laboratory in California with close to 400 employees and a focus on women’s health testing.

Lui graduated summa cum laude from Andrews University. A member of the Alpha Omega Alpha Honor Medical Society. Lui earned his medical degree at Loma Linda University and completed his pathology residency at Harbor–UCLA Medical Center. His particular professional interests are liver and gynecological pathology, as well as process and quality improvement. He is a certified consultant for the Birkman Personality Assessment method, which focuses on team building, executive coaching, leadership development and conflict resolution.

As the leading organization for board-certified pathologists, the College of American Pathologists (CAP) serves patients, pathologists, and the public by fostering and advocating excellence in the practice of pathology and laboratory medicine worldwide. With more than 18,000 physician members, the CAP has led laboratory accreditation for more than 50 years with more than 7,500 CAP-accredited laboratories in 50 countries. The Andrews University Teacher Preparation Program has once again been declared an exemplary program by the State of Michigan. With a score of 68/70, the program has ranked Exemplary for the last seven years. This ranking is a result of evaluation based on a set of criteria from the Michigan Department of Education for the 2011-2012 school year.

Each year the State of Michigan develops a report card for the 32 Education Preparation colleges and universities in Michigan. In 2011 the Andrews program scored 63, still Exemplary, and in 2010 it gained the distinction of being the only institution in the state to receive a perfect 70/70 score.

“We’re thrilled we’ve ranked so highly for so long,” says James Jeffery, dean of the School of Education at Andrews University. “It’s a big deal to be ranked ‘exemplary’ ever since the state began ranking the 32 college and universities. Our students are performing excellently.”

Using seven measures, or data points, the Office of Professional Preparation Services and the State Board of Education assess how each institution has performed in preparing elementary and secondary teachers to educate students. These conditions include: The passing rate on the Michigan test of teacher certification; graduating teacher satisfaction level; employer satisfaction survey of graduates; number of students who have completed the education program; programs review (percentage of programs approved by the state); diversity of graduating teachers population; High Need Content – whether the institution has 35 percent or more students with a content specialty area, such as special education or mathematics, that are high need subject areas.

Lee Davidson, chair of the Department of Teaching, Learning & Curriculum, says the high performance of their students is due not just to the classes taken in the School of Education, but also to other academic disciplines on campus.

“Our students work hard, study well and learn a lot, not just in their education classes, but in every other class they take,” he says. “We work hand-in-hand with the professors in the College of Arts and Sciences to make this success possible.”

Their score of 68 for the 2011-2012 school year places them in second place, tied with five other schools including University of Michigan.

“We’re proud of our high standards,” says Jeffery, “and we’re proud of our students who consistently meet those high standards.”

At the age of 10, Pieter Damsteeigt, a 2013 graduate of documentary film and photography at Andrews University, was diagnosed with Ankylosing Spondylitis, a long-term type of arthritis affecting the bones and joints at the base of the spine and their adjoining joints like hips, neck and shoulders. The joints become swollen and inflamed and, over time, the affected bones join together. A few years later he found out he also had Crohn’s Disease.

"I live a pretty exciting life," he says with a smile.

Since then Damsteeigt has eliminated the symptoms of Crohn’s Disease in his life by switching to a completely gluten-free diet, but he still struggles with AS. To document his journey with the disease, Damsteeigt created a film documentary of the life he lives.

"Everyone is going to have issues in life," he says. "I want to give other people a positive perspective on life. I want those of us who struggle with health issues to consider more of the things we’re not missing. If an athlete sees my film, maybe they’ll remember it someday when they’re feeling lazy and it will get them on their feet, doing something worthwhile. Maybe it will keep them from giving up."

By the end of the film, Damsteeigt is in a wheelchair, with only ten degrees of mobility in each of his legs. Still, he expresses gratitude for the things he does have, such as his sight, hearing, and senses of smell, taste and touch.

Ten days after he wheeled himself across the platform at Pioneer Memorial Church to receive his diploma in May 2013, Damsteeigt underwent surgery.

He received a bilateral hip replacement from Rush Hospital’s Midwest Orthopedics in Chicago. The doctor who performed his surgery holds an engineering degree from MIT and was part of the team to design the tools used during the surgery, which provide a minimally invasive procedure.

"Typical hip replacements, especially doubles like mine, place lifelong restrictions on activities and movements," explains Damsteeigt. "But this particular procedure allows you to get back into just about any activity, making it a much better option for a 23-year-old like me."

The surgery Damsteeigt had incorporates a plastic part between two metal pieces in each hip. Every 15-20 years he will undergo a simple procedure to replace the plastic parts with new ones.

Now that the surgeries are behind him, Damsteeigt has high hopes for a very mobile future, and has a good start already.

"I used to take things for granted," he says, "but today I can walk, and I can’t take that for granted anymore. So I have to go somewhere every day. I go walking or biking every day, just to be thankful I can do it."

Damsteeigt’s goal was to do a walking expedition to celebrate the success of his surgeries. In early September, two months after the completion of his second hip replacement, he did a trial run with his mom to see how he would do.

"It was slow, and probably wasn’t the mileage most backpackers like to accomplish, but it was still a huge deal for me," he says.

Two weeks later, Damsteeigt and his mom headed up to Isle Royale National Park, located on a collection of islands in Lake Superior near the Canadian border.

"She has been so supportive," says Damsteeigt of his mother. "Now I take her on all my adventures. Though I don’t think she’d go skydiving."
The five-day backpacking trip at Isle Royale included over 16 miles of hiking, a bit of rain, and a whole lot of beautiful scenery.

"Overall the trip felt like a big accomplishment to me," he says. "Now my mom and I are thinking of possible backpacking trips for next year."

Damstgeet has been to Europe and Asia several times, and is feeling up to traveling again. His dream is to work on travel or mission documentaries. His future in film and photography remains flexible, as his primary goal is to complete his personal documentary and submit it to film festivals for a starting point.

"I've met people who, because of my story, are out walking every day or staying active in some other way," says Damstgeet. "This is what I want to do – I want to inspire people to change their lives for the better. It's kind of like a circle, really, because I inspire them, and then they turn around and inspire me right back."

Watch the Andrews University Facebook page for details on how to view Damstgeet's completed documentary: facebook.com/andrewsuniversity.

The Andrews University Psychology Club, PSI CHI, and the Andrews University Counseling & Testing Center held an event for National Depression Screening Day and Mental Health Awareness Week. The purpose of the event was to raise awareness about depression on campus, to build a community of open conversations that allows students to know that there is help available and to create a support system in which students are encouraged and lifted up in their struggles. Because PSI CHI’s goals of promoting well-being and developing self-awareness of mental health matched those of the Counseling & Testing Center, they teamed up to make the event bigger and better than it has been in past years. Volunteers came from both of these organizations as well as from Counseling Outreach Peer Education (COPE).

“I think the event was very successful,” says Eliana Iller, president of PSI CHI and senior psychology and Spanish for translation double major at Andrews, who coordinated the event. “We had a great group of volunteers and a really strong turnout of students. I was pleased with how many students got involved and supported our cause.”

Several different stations around the Student Center, both inside and outside, allowed students the opportunity to interact with sponsoring groups. First greeted by volunteers offering free hugs and inviting people to participate in the event, students next visited a station to decorate their own T-shirt with encouraging messages. On a section of grass nearby, students could place a small black flag in the ground to represent someone they knew who had committed suicide. Sidewalk chalk allowed them to write or draw something encouraging outside the building. The final station outside was “Prayer Warriors” where students could write down their prayer requests or anything that they happened to be struggling with and pray with a volunteer.

“The prayer request slips were burned at the end of the event as a symbol of giving those troubles to God,” explains Iller.

Inside, the students had the opportunity to take a free depression screening test and were given feedback on their results by staff and encouraged to talk to a counselor if needed. The station “Messages of Hope” gave students a chance to write encouraging messages and thoughts on sheets of brightly colored paper and tape them to a wall in the Student Center. There were also pamphlets and posters around the booths to promote depression awareness and mental well-being.

“It was great to see everyone come together and encourage one another,” says Iller. “I would definitely say that we reached our goal for this event and we are looking forward to making our upcoming events even bigger.”

Student Interviewed in "Bahamas Weekly"

Bahamian artist and illustrator Jace Mckinney began a new chapter in his career this year; he returned to the classroom to pursue studies in Theology at Andrews University in Michigan. Over the past few months, this experience has not merely enriched his spiritual life, but also informed his creative practice.

Jace was the 2012 winner of the prestigious Central Bank of The Bahamas Art Competition's open category under the theme "Redefining the Landscape". He is currently preparing for his upcoming show 'Decoding Salvation' at the bank's gallery this September.

Hansen Wins Best of Show at Michiana Annual Arts Competition

The Box Factory for the Arts, 1101 Broad St., St. Joseph, Mich., announces the winners of the 11th annual Michiana Annual Arts Competition (MAAC). Awards will be presented at 5:30 p.m. to the winning artists at a reception to be held from 4 to 6 p.m. on Saturday, June 22. The reception and show are free and open to the public. The exhibits in all three Box Factory galleries will continue through August 8.

Steve Hansen, professor art at Andrews University, won The Best of Show award for his ceramics piece entitled "Problem Girls." The top prize of $1,000 is being donated by the Berrien Community Foundation.

Best of category winners who will each receive $200 include:
- Mixed Media - Mary Amador, Goshen, Ind., for "She Prayed She Wouldn’t Snap"
- Ceramics - Courtney Copenhaver, Mishawaka, Ind., for "Horned Vessel"
- Glass Art - Cynthia Fielding, St. Joseph, Mich., for "Fiery Dragon 1"
- Drawing and Pastel - Dorothy Graden, Valparaiso, Ind., for "Holy Ghost"
- Sculpture - Dora Natella of Granger, Ind., for "Oovo (Egg)"

Photography - Marc Ullom, assistant professor of photography, of Niles, Mich., for "Evidence #43"

Young Artist Award - Dustin Timm of Lakeville, Ind., for his sculpture "Decay"

Honorable mention awards went to Rick Bauer, photography; Anne Blackburn and Lynne Tan, ceramics; Diane Cheeseman and David Jay Spyker, painting; Dorothy Graden and Rebecca Sinclair, drawing and pastel; Rebecca Hungerford and Lynne Tan, sculpture; Robin Maxon and Judith Rein, watercolor; James O’Haver and Kevin Gross, computer art; Carolyn O’Hearn and Eli Zilke and Margie Mattice, glass art; Marcia Sindone and Jacob Vanderheyden, mixed media; and Lauren Strach, fiber arts.

Three merit awards of $200 each will go to:
- Jerry Harthy of Kalamazoo for his glass piece "Oegelsby" sponsored by the Water Street Glassworks.
- Richard Beckermeyer of Niles, Mich., for his photograph "Hoar Frost on Maple Leaves" sponsored by the Twin City Camera Club.
- Dora Natella of Granger, Ind., for her sculpture "Oovo (egg)" sponsored by the Krasl Art Center

The purchase award sponsorship from previous years was replaced this year by a special preview night to purchase artwork in advance of the show. The preview night, available by invitation to previous Box Factory art patrons and Capital Campaign donors, is being underwritten by the Southwestern Michigan Tourist Council.

This year's competition drew 404 entries of which 226 works were selected by the judges. The judges were:
Leslie Alexandria - Fiber Arts; Ceramics; Glass; and Sculpture
Terry Armstrong - Painting; Watercolor; Drawing and Pastel
Brett Maniscalco - Photography; Computer Art; and Mixed Media, Printmaking and Collage

For more on this event visit the Box Factory online at www.boxfactoryforthearts.org/exhibits.html#maacexhibit or be a fan on Facebook. The Box Factory galleries are open to the public Monday to Saturday from 10 a.m. to 4 p.m. and Sunday from 1 to 4 p.m.

Adventist Review: Walking the Newsbeat
By Debbie Michel
I sat in my office overlooking the Rockefeller Plaza ice rink and was overcome with a mixture of anxiety and relief. Anxiety, because I had made the decision to leave my job at NBC News without any other prospects in sight; relief, in that the daily grind chronicking the latest devastation had reached its end.

It was the culmination of 11 years chasing leads showcasing the worst of humanity: the Heaven’s Gate mass suicide; Washington, D.C., sniper shootings; JonBenét Ramsey murder; September 11; and stories labeled “nature’s wrath,” such as Hurricane Katrina. Read full story.

Nwitimes.com: Architecture Students Tour The Village in Burns Harbor
In a world where connectivity and convenience increasingly influence where people choose to live, the architectural philosophy of New Urbanism is gaining support across the US. An approach to designing cities, towns and neighborhoods that resemble old European villages, New Urbanism attempts to reduce traffic and eliminate sprawl while fostering a sense of community closeness. Earth-friendly design, energy conservation, historic preservation and accessibility are also important characteristics. Read the full story here.

When Lewis Eakins learned about the mass shooting at Virginia Tech in 2006, he wanted to increase the level of preparedness for his campus safety officers at Oakwood University.

Eakins, the director of Public Safety at the Adventist university in Huntsville, Alabama, embarked upon a state procedure that allows a private university to create its own police department. The move, he says, has enhanced training and now allows several of his 15 officers to carry a firearm. Read the rest of the story here.
The Herald-Palladium: Fighting a stereotype

Area experts are skeptical new mental health measures will reduce gun violence, though they welcome President Obama's proposals to prevent, detect and treat mental illness.

The skepticism is rooted in the fact that the majority of violent crimes are not committed by people with a mental illness, including bipolar disorders, chronic depression and schizophrenia.

"It's important for the public to realize that mental illness does not equate with dangerous violence," said Duane McBride, chairman of the Department of Behavioral Sciences at Andrews University and chairman of the Berrien County Board of Health.

La PORTE — The opening concert in the 2013-2014 Fine Arts Series of the Presbyterian Church of La Porte will feature the Andrews University Singers, directed by Stephen Zork.

The concert will be 4pm CST Sunday. Child care will be provided and there will be a free-will offering and a reception after the concert to meet the choir members and their director.

Stephen Zork is the director of Choral Studies at Andrews University, a position he has held since 1991. His primary responsibility is the programming of and conducting the Department of Music’s choirs: University Chorale, University Singers, Canta Bella, and Pioneer Men’s Chorus. He keeps an active schedule guest-conducting choral festivals and lecturing throughout the United States and abroad. Zork holds professional memberships in the National Association of Teachers of Singing (NATS) and the American Choral Director’s Association (ACDA). He holds a Master’s Degree in Choral Conducting from Pacific Lutheran University. The three choral conductors who most inspired him, and with whom he has sung professionally, are Dale Warland, Gregg Smith, and the late Robert Shaw.

Every year, the 100-voice University Chorale performs major symphonic choral works with the Andrews University Symphony Orchestra. These works include Bach’s Magnificat, Corad Susa’s Christmas Garland, Haydn’s Te Deum, Rutter’s Requiem, and Mozart’s Mass in C. They have also had the privilege of performing in concert with musical artists such as Bobby McFerrin, King’s Singers, and David Benoit.

The Music of Creation is the theme expressed throughout the choral program, which will begin with the work, “God, Your Voice Called Forth Creation” by John Horman, commissioned to celebrate the 25th anniversary of the Fine Arts Board of The Presbyterian Church of La Porte.

Included in the lighter fare of the program will be the performance of several folk songs such as “Skylark” arranged by John Rutter, Stephen Foster’s “Some Folks” arranged by Mark Hayes, the Brazilian samba “Aquarela do Brasil” arranged by University Singers’ member Marcelo Martins, and the tender “Good Night, Dear Heart” arranged by Dan Forrest and set to the words of Mark Twain as inscribed on his daughter’s tombstone. The centerpiece of the concert is the three-movement work “Gloria” by John Rutter.

The church is located at 307 Kingsbury Ave, La Porte. For more information call the church at 219-362-6219 or access the web page at www.yourhomechurch.com.

Other events in the series are Carey Scheck & Friends on March 2, 2014; Winners’ Art Exhibition, May 18-May 30, 2014; Duo Pianists Andrew Remillard and Edgar Swarthout on September 21, 2014.
US SDA conference elects woman president

TUESDAY, 29 OCTOBER 2013 17:21

A woman has been named president of a Seventh-day Adventist church conference for the first time in the denomination’s 150-year history.

Pastor Sandra Roberts was elected 72-28 as president of the Southeastern California Conference (SECC) at a constituency session held on Sunday at La Sierra University church in Riverside, California.

Pastor Roberts has spent the last 10 years serving as the SECC’s executive secretary. Since receiving her Masters degree from Andrews University in 1984, she has worked as a teacher, chaplain, youth director and pastor.

In 2006, Pastor Roberts completed her doctorate in ministry at Claremont School of Theology. Following her election as president, Pastor Roberts challenged the audience to follow Jesus in the work that needs to be done throughout the territory of SECC.

“Following Him means that we are going to get our feet dirty with the dust of Southern California,” said Pastor Roberts in an official news release on SECC’s website.

“We must do this without fear that differences will pull us apart. Christ will always be our anchor point.

Pastor Roberts’ election comes more than a year and a half after the SECC announced its intention to ordain female pastors.

The Conference’s decision was made despite world church leaders repeatedly asking its regions to refrain from moving independently on women’s ordination.

The Church is currently engaged in an in-depth study into the practice and parameters of ordination, with a report on the subject to be presented at the 2015 General Conference Session.

At Sunday’s constituency meeting, Pastor Ricardo Graham, president of the Pacific Union Conference, passed on a message from Adventist world church president Ted Wilson asking the Conference not to move ahead with the election.

In his comments, Pastor Wilson reiterated that the election of a woman president would not be recognised by the General Conference.

Delegates also had the opportunity to speak before the election. While there were some opposing views, most people expressed their support for Pastor Roberts as president.

“God doesn’t play favourites,” said Pastor Gerald Penick, the outgoing SECC president. Pastor Penick challenged the attendees to trust God to lead the way.

The SECC is the administrative centre for a region that contains 154 Seventh-day Adventist churches with more than 70,000 members.
During the constituency session, delegates also voted through the appointments of five other key administrators. Among them was Pastor Jonathan Park, who steps into the executive secretary role left by Pastor Roberts.
Southern Adventist Symphony Orchestra Has Concert Nov. 10

The Southern Adventist University's Symphony Orchestra, led by Laurie Redmer Minner, will present a free concert with special guest violinist Carla Trynchuk on Sunday, Nov. 10, at 7:30 p.m. in the Collegedale Church of Seventh-day Adventists.

The performance will feature "Overture to Prince Igor" by Alexander Borodin along with "Variations on a Theme by Haydn" and "Concerto for Violin and Orchestra in D major" by Johannes Brahms.

Ms. Trynchuk, a graduate of The Julliard School of Music, has performed as a soloist for orchestras throughout North America and Europe. She currently serves as a professor of music at Andrews University in Michigan.

For more information, call 236-2880.

Vince Dean To Run For Criminal Court Clerk

Rep. Vince Dean announced Wednesday morning that he will run for Criminal Court clerk in the upcoming election. He said at a press conference on the steps of the County Courthouse, "It is time for a hands-on leader who is in the office on a day-to-day basis." Rep. Dean, a Republican, said he will continue to serve in his House District 30 seat through the upcoming legislative ...

Bradley County Sheriff Jim Ruth Running Again

Bradley County Sheriff Jim Ruth announced Wednesday that he plans to run again. Rep. Eric Watson announced recently that he also will be running for sheriff. Sheriff Ruth issued this statement: "To the citizens of Bradley County; "I want to thank you for electing me sheriff in 2010. During this term, we have come a long way in making the Sheriff’s Office more professional, ...

Time To Support The Affordable Care Act

I have lived in Johnson City, TN, for six years and observed the actions and attitude of the heavily concentrated Republican conservatives in this area. As a life-long Democrat and a staunch supporter of any movement to improve the lives of the American poor and middle class, I see a gross injustice being practiced here. The Republicans and the wealthy simply are not doing what ...

A Congressional hearing is scheduled in Washington next week for a federal bill (HR 1518) that is aimed in a very direct way at the scandalous Tennessee Walking Horse industry. The bill, along with one called S 1406 in the Senate, seeks to strongly curb the rampant soring and sadistic abuse of animals that has made Tennessee the epicenter of horse abuse in the world and will hopefully ... Help Verlyn Benson
Verlyn Benson (former Dean of College of Technology and now Assistant to Provost and President) has been stricken with a rare and very serious form of liver cancer. The tumor is large and invasive. He is going to Mayo Clinic weekly for chemo treatments and blood work. This is expensive and there have been a number of requests from those who would like to help with his heavy travel costs. On a website for donations, “Give Forward”, a page has been set up for contributing to Verlyn’s expenses: [http://gfwd.at/1d8Cy9e](http://gfwd.at/1d8Cy9e). He also is blogging at: [http://www.caringbridge.org/visit/verlynbenson](http://www.caringbridge.org/visit/verlynbenson). (You may make donations to the Caring Bridge but they are to support that website and not Verlyn’s medical travel expenses.)

Alex Ruben Vargas Hernandez was born August 27, 1965, in Arecibo, Puerto Rico, to Ruben Vargas and Candida Hernandez. He was the first in his family to accept Christ as his savior at the age of 12 and since that young age became deeply involved with the ministry and the church. Until he attended Antillian College in Mayaguez, Alex resided with his parents and younger brother, Melvin Vargas, in Barceloneta. Being at Antillian College started a new chapter in his life. Alex began as an education major but soon realized that God had different plans for him and switched to a theology major. During his time there he was greatly involved as a school and spiritual leader. He was one of the youth directors at the college and the director of the Drama Department. One of his passions was the performing arts, and he organized and directed multiple plays. It was at this time that Alex met his future wife, Nereida. Alex was the youth director for the male students, with Nereida fulfilling the same role for the ladies. Alex and Nereida fell deeply in love and married on August 9, 1987. Alex would go on to work at the Convention Center for the Fine Arts. When offered a promotion that required work during the Sabbath, he promptly declined and chose to move on. He then went to work for the Red Cross as an instructor of classes for emergency response and cardiopulmonary resuscitation (CPR), but once again felt the call of the Lord and decided to focus on pastoral ministry by finishing his studies in education and religion. During this time, Alex and Nereida were blessed with the birth of two beautiful daughters, Nerialex and Rossenery, born 1988 and 1990, respectively. On January 2001 all four members of the Vargas family arrived in Berrien Springs, in hopes of providing a great Adventist education for the children and attending Andrews University. Alex and Nereida would hold various jobs, including the Andrews Academy and Elementary cafeteria programs, where they would impact the lives of hundreds of children and youth with their kind and cheerful demeanor. They would also continue to teach CPR and emergency response classes in Indianapolis. Alex also continued to exercise his talent in the performing arts by staging a Christmas ministry that performed in churches throughout the area. Unfortunately, in the wake of increasingly serious health concerns, Alex was forced to put his studies and full-time job on hold. Nevertheless, his fighting spirit allowed him to continue his ministry through his emergency response and CPR training, something that brought much joy to him and all the people that he came in contact with. In the face of adversity Alex never wavered in his commitment to be a loving husband and father. Anyone who ever came in contact with him will attest to his ability to bring joy and friendship, even to complete strangers. On October 27, 2013, Alex tragically succumbed to a heart complication. He passed away suddenly and quickly, surrounded by his immediate family. He is survived by his loving wife, Nereida; daughters, Nerialex and Rossenery; mother, Candida; brother, Melvin; and his nephews. Alex will be dearly missed and remembered by all those who had the pleasure of meeting him. We know that Alex is now resting in peace until the day that he rises to reunite with his family and all those saved, especially everyone who found Christ because of his influence. Funeral services were held at 1 p.m. Friday, November 1, in the Castelbuono Youth Chapel of Pioneer Memorial Church, where friends gathered beginning at 11 a.m. Burial was in Rose Hill Cemetery, Berrien Springs. Allred Funeral Home assisted the family, and online messages may be left at www.allredfuneralhome.com.

Berrien Springs Camera Club
Berrien Springs Camera Club Monthly Meeting
Wednesday, Nov. 6, at 7 p.m.
Berrien Springs Community Library

Jim Lynch is back to share again some of his own techniques. This time he will show us the unique pictures he takes from within about 50 feet of his car. Club members who watch his images take top prizes in each competition have to acknowledge that the ditches he “shoots” are very photogenic.

In the November meeting he will discuss how he spots these photogenic objects, what equipment he uses to photograph them, safety aspects of working on roadsides, and more.

All are welcome to attend. Refreshments will be served.
