Revive Vespers
This week, we will still be having vespers at our usual place and time entitled, "For the Love of Christ Constraineth Us" with Melissa Bresnahan.

So many of us struggle with sin and some of us seem to face defeat day in and day out or continue to struggle with our "cross." Still others strive to keep God's law and find it to be a cumbersome load. How can you experience God's power in our lives to overcome sin? How can we find lasting peace and joy that comes from daily victories in our life? How can we experience the satisfaction that God promises to give us when we live according to His commandments? How can we help friends or family who are wrestling and struggling with their own sins or find the Christian life to be dissatisfying?

Come and be blessed at vespers this Friday as we delve into this all-important topic!

Looking for a voice over actor!
The Department of Biology is producing a video about their research and needs a voice over actor to record the script (2-4 minutes).

For your audition clip, please record yourself reading the following:

"Research is a fundamental component of learning. Without research, studying is dry, dull, and lifeless. When students and teachers explore the realities of the natural world together, when they probe deeply, when they struggle to understand relationships and mechanisms, learning becomes something much greater. It becomes inspiring."

To submit your audition clip, please send it to rboothby@andrews.edu.

Andrews University invites the community to join them as they celebrate Black History Month in February. A calendar of events and speaker information is below. Any questions should be directed to the Division of Student Life at 269-471-3215. All events are free and open to the public.

Fifty years ago the Civil Rights Act was signed by President Lyndon Johnson, with Martin Luther King Jr. in attendance. This landmark piece of civil rights legislation in the U.S. outlawed major forms of discrimination against racial, ethnic, national and religious minorities, and women. It ended unequal application of voter registration requirements and racial segregation in schools, at the workplace and by facilities that served the general public. King's role in the American civil rights movement helped bring about this legislation, and he called the act nothing less than a "second emancipation." During black history month we pause to celebrate this legacy of freedom, and discuss the yet unfulfilled needs of equality and freedom.

The Bible scripture theme for this month's events comes from Acts 5:29. "But Peter and the apostles answered, 'We must obey God rather than men.'"

"It's not a Field Museum, obviously," said Dr. H. Thomas Goodwin, professor of paleobiology and chairman of the biology department at Andrews, "but we do have quite a nice collection of stuff."

Death of Leona Running

Live streaming of Dr. Running’s funeral will be available at www.andrews.edu/livestream at the time of her funeral, 2 p.m., Thursday, Jan. 30.

Viewing will take place at Alfred Funeral Home, 212 W Main Street, Berrien Springs, on Wednesday, Jan. 29, from 6–8 p.m. The funeral is at Pioneer Memorial Church on Thursday, Jan. 30, at 2 p.m. Interment will take place at Rose Hill Cemetery in Berrien Springs immediately following the service. Please remember her extended family and friends as they grieve.

Niels-Erik Andreasen, president of Andrews University, shared the following statement: “During her long and productive life Dr. Running broke new ground in the University and in the Seventh-day Adventist Church. She was the first female professor at the Seventh-day Adventist Theological Seminary in Takoma Park, Md., and later here at Andrews. She was the first Adventist woman to earn a doctorate in Ancient Near Eastern Studies (Johns Hopkins University), with a specialization in ancient Syriac texts. She overcame the grief of losing her husband early in life and built her exemplary academic and professional calling. Following her retirement she continued to share her linguistic skill with graduate students (Syriac, Egyptian, Akkadian, Hebrew, Aramaic, and almost any other language these students cared to learn). And she served the University with her editorial talents, improving a good many of its publications over the years... She was an inspiration to many and an example to us all.”

Jiri Moskala, dean of the Andrews University Seventh-day Adventist Theological Seminary, says: “Dr. Running holds a special place in the hearts of her Old Testament and Seminary colleagues and former students, who greatly appreciated her mentoring during their Seminary years. She was the first woman professor at the SDA Theological Seminary and was indeed a woman of remarkable skills and influence... We praise the Lord
for her life and faithful ministry!

William Shea, a close colleague, estimates that “Leona assisted more students in writing doctoral dissertations than any other faculty member of Andrews University. She has probably touched the educational lives of more Seventh-day Adventist ministers than any other woman except Ellen White.”

Born on Aug. 24, 1916, in Flint, Mich., to Charles Comstock Glidden and Leona Mary Bertha Boat Glidden, Leona showed an early attraction to languages. Her mother, a teacher, began coaching her in reading skills when she was 3 or 4, and she entered Grade 4 at age 8. She graduated from Adelphian Academy in Holly, Mich.

Running graduated from Andrews University (then Emmanuel Missionary College) as valedictorian in 1937 with a Bachelor of Arts with a concentration in modern languages. She went on to earn an M.A. in Greek and Hebrew from the Adventist Theological Seminary in 1955, and a Ph.D. in Semitic languages from Johns Hopkins University in 1964.

She married Leif (“Bud”) Running on May 17, 1942. On August 20, 1946, when Bud was 37 and Leona almost 30, he died while undergoing his third lung operation.

During her early professional years, Running served the Seventh-day Adventist Church in many capacities. From 1944–1948 she worked in the Foreign Language Division of the radio program Voice of Prophecy, translating programs and typing scripts in German, Spanish and Portuguese. In 1950 she moved to Washington, D.C., to become the copy editor for Ministry magazine. During these early years, Running often earned far less than her male counterparts for doing the same amount of work. Nevertheless, she continued to do God’s work, traveling to many European countries, promoting the Seventh-day Adventist Church and, at the same time, expanding her cultural experience.

Running began working for the Seventh-day Adventist Theological Seminary in 1955, teaching Greek and Hebrew. At the time, the president of the seminary was skeptical about a woman’s ability to teach male students, and male students’ willingness to be taught by a woman. She began teaching on a trial basis, but in 1956 she was granted regular status and, shortly after, full tenure.

Not content to sit on the sidelines and watch her students, Running was actively involved in their professional and personal development, and her guidance helped countless individuals find their voice. Her strength and determination during a time when women were not always treated as equals with men, even within the church, were an inspiration to many.

When the Seminary was moved from Takoma Park, Md. to Berrien Springs, Mich. in 1960, Running came with it, continuing on as a valuable and dedicated professor of biblical languages. Siegfried Horn, professor of history of antiquity at the seminary, nominated her to the Chicago Society of Biblical Research, and she served as the first female president from 1981–82.

Among her many interests, Running traveled extensively. In 1951, she traveled with Del Delker to the Paris Youth Congress and to seven European countries. Later she published 36 Days and a Dream, recounting her trip. In 1957, she joined Siegfried Horn’s first guided study tour to Europe and the Middle East. She wrote another travelogue of this trip, published in 1958 as From Thames to Tigris. In 1965 she traveled through Europe and studied six weeks in Israel, ending with a trip through Western Turkey and a cruise of the Aegean Isles. In 1970, she again traveled through Europe to spend eight days in Iran, a weekend on Cyprus, and 10 days in Israel. In 1974, she taught in a summer session at Newbold College, England, then spent three weeks in both France and Germany.

She retired from teaching at her 65th birthday, but for 21 years she continued to teach Egyptian, Akkadian and Syriac in the seminary, finally quitting in May 2002. At the May 2012 commencement ceremony, Leona was awarded an honorary Doctor of Humane Letters from Andrews University.

Leona Running was predeceased by her husband, Leif Running; her parents, Charles and Leona Glidden; her sister, Beth Habenicht; and her niece, Linda Joy Habenicht.

Besides countless former students and friends around the world, she leaves to mourn her nieces, Merry Habenicht Knoll and husband Thomas Russell Knoll Sr. of Walla Walla, Wash., and Cheeri Lee Roberts of Queensbury, N.Y., along with numerous grandnieces and grandnephews.

**Thank You from the Paynes**

On behalf of my daughter, Sheri, and her family, I would like to thank my campus community for the outpouring of caring and concern and especially the prayers for my grandson, Ewan, as he underwent chemo for a massive abdominal lymphoma. I am happy to report that he completed all five rounds of chemo in three months (half the time they initially indicated) and was discharged from BC Children's Hospital on December 23, cancer-free and just in time for Christmas. God's fingerprints could be found all throughout this very difficult but amazing journey. I am particularly thankful for His grace and mercy and of course, your prayers. Ewan turned three years old two weeks ago and is eating well and driving his two older sisters crazy, so all is well in his house!
