**Cultural Adaptation to Stress**
The Graduate Department of Psychology and Counseling invites you to participate in a research survey that examines cultural adaptation to stress among college students. The researchers hope to identify how cultural group membership affects coping skills developed and one's subsequent ability to mediate stress. The findings should prove valuable for detection, intervention and prevention programs.

Here is the link that will direct you to the survey site: [https://www.surveymonkey.com/r/YJNTLBW](https://www.surveymonkey.com/r/YJNTLBW)

The study also involves a qualitative component. Students who are interested in participating in a brief focus group interview, please contact the researchers: Stacey Nicely or Dr Carole Woolford-Hunt at: nicely@andrews.edu.

After completing the survey and/or focus group interview, participants will be given the opportunity to participate in a drawing for one of two $25 gift vouchers.

If you are under the age of 18 or not enrolled in Andrews University, please disregard.

Thank you for your participation!

Second Sunday Concert: Southwest Michigan Symphony Orchestra

Concert at 4:00 pm on Sunday, February 8

As much a comfort to the living as a mediation on death, Brahms’s moving and uplifting German Requiem, written following the death of his mother, occupies a special place in the hearts of all who have experienced its extraordinary power and beauty.

Pre-concert talk begins at 3pm

Tickets can be purchased from the Southwestern Michigan Symphony Orchestra by calling 269-982-4030 or online at https://smso.secure.force.com/ticket.

Howard Center Presents...Carla Trynchuk, Chi Yong Yun, and Stephen Framil

On Saturday, February 14 at 8:00 p.m., the Howard Performing Arts Center will present Carla Trynchuk, violin; Chi Yong Yun, piano; and Stephen Framil, cello. They will perform Franz Schubert’s Piano Trio in B-flat major and Antonin Dvorak’s Trio in F minor.

Violinist Carla Trynchuk has performed as a soloist with orchestras throughout North America and Europe. A graduate of The Juilliard School, she is a professor of music at Andrews University. She will be performing with Stephen Framil, critically acclaimed cellist, who has performed as concert soloist in Carnegie Weill and Avery Fisher Halls and has appeared as a soloist with orchestras around the world. Joining them is Chi Yong Yun, currently the director of piano studies at Andrews University, who has performed as a recitalist, collaborative musician and lecturer around the world.

WSC Call for 2015-16 Scholarship Applications

The 2015-2016 Women's Scholarship Committee scholarship applications for graduate women students are available in paper form at the Administrative Assistant's desk in the English Department in Nethery Hall or through e-mail attachment by writing Dr. Stella Greig at greigs@andrews.edu. Please put "WSC Scholarships" in the subject line. Completed applications are due at noon, Friday, March 20.

There are two kinds of application forms. One form is for the Steele Scholarship, which is for women who have served as cross-cultural missionaries for at least 4 years and who are working on a graduate degree in any of the university schools. The other form is a general application for women working on a graduate degree in any of the university schools.

General application forms will be considered for several different named scholarships (which have their own criteria—e.g., must be: a Seminary student, a School of Education in educational or counseling psychology student, or a student working on a music degree, etc.), as well as the more general WSC Advisory Scholarship and Honored Women Scholarship. To give applicants the best chance to receive an award, the committee will determine for which scholarship an application fits best. Along with the application form, students will need to request letters of recommendation from two different individuals (either from two professors or a professor and a work supervisor). The letters of recommendation should include the professor/supervisor's assessment of the worthiness of the applicant in terms of scholarship, work habits and the likelihood that the student will meet her goals. Scholarship funds awarded are to be applied towards tuition for the 2015-16 school year. Questions may be sent to greigs@andrews.edu.

**CHEMSEM NEWS 5: Tailored Nanoparticles for Advanced Environmental Processes**

Can we design nanoparticles to clean up the environment and protect us against harmful bacteria and chemicals? How can we do that?

All are encouraged to attend and hear Professor Sherine Obare's seminar lecture this Thursday, February 5, 2015 at 4:30pm in A-107 Halenz Hall on the topic: Tailored Nanoparticles for Advanced Environmental Processes.

This is the fifth Winter-Spring lecture in the annual Department of Chemistry & Biochemistry Seminar Series. Our guest speaker is from Western Michigan University where she is Professor of Inorganic Chemistry and serves as Associate Chair and Graduate Studies Advisor in the Department of Chemistry. She was chosen in 2013 as one of the top 25 Women Professors in Michigan.

Attached is the lecture flyer and abstract with more details about our speaker's educational and professional background and talk.

For non-Andrews faculty, students and others wishing to attend:

There are directions given to Andrews at: http://www.andrews.edu/about/visiting/get_to_andrews.html

To get to the A-107 Halenz Hall:
Turn in at the J. N. Andrews Blvd. entrance. Go pass the Security Gate House. Make right turn at the first intersection on to E Campus Circle Drive. Then make a left turn at the next intersection (E Campus Circle Drive). Make another left onto Administration Drive. The Science Complex is the bldg on your left. The Chemistry Dept. is on the side of the Science Complex (4270 Administration Drive) opposite the Bookstore parking lot. You can park in the bookstore parking lot or the one straight ahead. My Office # is A-323 Halenz Hall .... on the third floor of the Science Complex.

Teachers are encouraged to announce this lecture in their classes and/or forward this email to their classes. All are welcome to forward this email along to colleagues and friends.

**Art Gallery Exhibition by Kevin Gross "SpiritFire Images"**

The Visual Art & Design Department announces the exhibition titled "SpiritFire Images" by Kevin J. Gross. There are a series of fractal images that will be exhibited in the Art & Design Gallery in Smith Hall, on the Andrews University campus. The opening reception is February 3, 2015 from 6-8 PM. All are invited.
Co-curricular credit will be offered and light refreshments will be served. The exhibition is on display through February 15.

Also, Kevin J. Gross will give a talk entitled "Fractals and Art" at the eigen*Talk at 12:30 on Friday, February 6, in Haughey Hall, room 133, the Thompson (Math/Physics) Amphiteater. The talk will include a discussion of his creation of art based on math and a short history of fractals, his history with working with them, and a short discussion of fractals’ appearance and their role in his art. A light luncheon will be available, and guests are welcome.

Campus Signage Policy
As part of the planning for the University entrance, the Arboretum Council and the Facilities Management
Committee voted temporary signage would be prohibited at the University entrance and along J.N. Andrews Boulevard. This policy was deemed reasonable because of the increased visibility of the official entrance to the University and the new way-finding signs installed throughout campus.

Signs placed there will be removed and can be picked up at the Integrated Marketing & Communication building. Signage left at IMC for 30 days will be disposed of.

Banners may be placed at the terminus of J.N. Andrews Boulevard on the poles provided.

Reservations/arrangements to install and store banners can be made with Plant Services. When providing guests with directions to campus, weather-resistant boxes to place flyers about your event have been installed for your convenience near the large campus map at the Welcome Globe.

Computer Literacy Training Workshops
This semester, the School of Business Administration, in collaboration with the Office of Human Resources, is providing an opportunity for Staff and Faculty to participate in Computer Literacy Training workshops on Microsoft Excel, Microsoft Outlook, and Microsoft Word.

The following workshops will be offered during the Spring semester, on Wednesdays, from 10:30am-12:20pm, in Chan Shun Hall 226 (PC Lab), beginning on February 11, 2015, and ending on April 1, 2015. Dates and specific topics are listed below:

- Microsoft Excel Introduction Part 2 (2/18/2015)
- Microsoft Excel Advanced (2/25/2015)
- Microsoft Outlook Beginning (3/4/2015)
- Microsoft Outlook Intermediate (3/11/2015)
- Microsoft Word Introduction (3/18/2015)
- Microsoft Word Intermediate (3/25/2015)
- Microsoft Word Advanced (4/1/2015)

RSVP at training@andrews.edu and specify which workshops you would like to attend: Microsoft Excel (3 sessions), Microsoft Outlook (2 sessions) and/or Microsoft Word (3 sessions). When sending an RSVP, we will need your full name, ID#, email address, and the department you work in. Seats are limited to 25.

Microsoft Office Support
Faculty or Staff: Do you have questions about Microsoft 2013? Are you working on a project and would like more one-on-one assistance on how to complete it to better meet your needs? Do you have more general questions about Word, PowerPoint, Excel, or any of the other Microsoft Office applications?

During the month of February we are offering a few opportunities for Microsoft Office Support in various buildings around campus (in the same fashion as "Moodling with Marsha"). These will be general help sessions (with no planned training agenda) opened to Faculty or Staff that have questions and would like some one-on-one support in Microsoft Office.

Faculty Book Club

Faculty, are you interested in exploring teaching strategies that can enhance your content delivery in ways that improve student outcomes? Have you ever wished to improve your teaching methods and practices while empowering your students during the learning process? Are you wanting to discover the joy of teaching, and learn how to bring energy and excitement back into the classroom?

The Office of Human Resources and the Department of Teaching, Learning, and Curriculum are excited to provide this opportunity to challenge faculty members to reflect on their current teaching practices and to move from simply delivering lectures to fostering active learning for your students.

Please join us in the upcoming semester for our first Faculty Book Club event. We will be reading Leaving the Lectern: Cooperative Learning and the Critical First Days of Students Working in Groups (McManus, 2005). Come and be inspired to grow professionally as we dive into this book and dialogue with colleagues about the journey of transformation in our teaching. Below are the times and dates that the Faculty Book Club will meet to discuss and process various chapters of the book:

- **Tuesday, January 20, 2015, 12:00-1:00pm (Chapters 1-3)**
- **Monday, February 9, 2015, 12:00-1:00pm (Chapters 4-6)**
- **Tuesday, March 24, 2015, 12:00-1:00pm (Chapters 7-9)**
- **Monday, April 6, 2015, 12:00-1:00pm (Chapters 10-Conclusion)**

To RSVP, please send an email to training@andrews.edu, and provide your full name, ID#, email address, and the department in which you teach. The first 30 individuals to RSVP will receive a free copy of the book. Also, please know that lunch will be provided during the learning events.

Advanced Connections for Student Employees--Tuesday Choices

The Office of Human Resources is excited to provide an opportunity for our student employees to participate in **Advanced Connections for Student Employees training during Tuesday Choices/University Workshops this Spring semester, beginning on January 13**. (Those student employees that are still interested in joining us are welcomed to. Those that have missed our first session will have an opportunity to make-up that session.)

Advanced Connections was developed with the intent of improving the quality of service provided to internal and external customers of an educational institution, and Andrews University has been offering this professional development opportunity to its faculty and staff for several years now. We recognize that a significant portion of our workforce on campus is student employees, with many of these students on the "frontlines," providing customer service to many individuals here on campus.

In an effort to improve our culture of service, we are excited to be able to provide this opportunity for student employees to attend Advanced Connections training! Topics to be discussed will include building a service culture, overcoming barriers, effective communication, checking for customer satisfaction, meeting service challenges and more.

Student employees wanting to attend Advanced Connections training during Tuesday Choices will need to RSVP by emailing training@andrews.edu, and they will need to provide their full name, ID#, email address, and the department in which they work. Please note that in order for them to receive the certification, you will need to attend all 6 sessions being offered during Tuesday Choices. There are only 35 seats available for this training.

Test-writing Workshop for Faculty
Faculty, would you like to improve the quality of your exam questions? Are you interested in learning more about measuring students’ knowledge and application of the material?

Come join us for "Assessment of Students," a workshop on test-writing by Dr. R. Lee Davidson on Friday, January 30, 11:00am-1:00pm. During this training you will learn the basic rules of stem writing, how to provide good multiple-choice answers, how to write questions that tap higher level learning, and much more!

To RSVP for this event, please send an email to training@andrews.edu and include your full name, ID#, email address, and the department in which you teach.

Art Gallery Exhibition by Kevin Gross

The Visual Art & Design Department announces the exhibition titled "Fractals and Art" by Kevin j. Gross. There are a series of fractal images that will be exhibited in the Art & Design Gallery in Smith Hall, on the Andrews University campus. The opening reception is February 3, 2015 from 6-8 PM. All are invited. Co-curricular credit will be offered and light refreshments will be served. The exhibition is on display through February 15.

Kevin J. Gross will give a talk entitled "Fractals and Art" at the eigen*Talk at 12:30 on Friday, February 6, in Haughey Hall, room 133, the Thompson (Math/Physics) Amphiteater. The talk will include a discussion of his creation of art based on math and a short history of fractals, his history with working with them, and a short discussion of fractals' appearance and their role in his art. A light luncheon will be available, and guests are welcome.

Tall Jalul Excavation

The Tall Jalul Excavation will take place May 7-June 8, 2015. For application and information, visit http://www.madabaplains.org/jalul/participate.htm . First deadline is February 2.
The Figurines of Tall Jalul Exhibit

The Figurines of Tall Jalul Exhibit is now open to the public. The ceramic figurines are part of a Late Iron Age II/Persian Period (8th – 6th century BC) material assemblage, and were uncovered during Andrews University excavations from 1992-2012. The exhibit, which is located in the Horn Museum’s Madaba Plains Project Hall, will run until April 30. For more information please call 269-471-6180.
SED Scholarship Applications: 10 More Days!

You only have 10 more days to apply for School of Education (SED) named scholarships for the 2015-2016 academic year! These scholarships are only for students enrolled in SED programs. Applications are available in the SED Dean's Office (Bell Hall, Room 105) as well as each SED department office. Applications must be submitted to the SED Dean's Office by noon on Friday, February 6, 2015.

Confidential Complaint Mechanism via Internal Auditor

In an effort to continue to follow best practices at Andrews University, a confidential complaint mechanism is available for faculty, staff and students to share concerns, independent of management, about questionable accounting, accounting controls, auditing matters or financial ethical misconduct. If you have a financial concern, you may contact the internal auditor, Sylvia Budd, at 471-6503 or sbudd@andrews.edu. You may submit a complaint online via the Internal Auditor's homepage at www.andrews.edu/services/auditor.

Sherine Obare, is currently Professor of Inorganic Chemistry at Western Michigan University (WMU) and serves as Associate Chair and Graduate Studies Advisor at the Department of Chemistry. She has a B.S. in Chemistry from West Virginia State University and a Ph.D. in Chemistry from University of South Carolina. She later joined Professor Meyer’s research lab at Johns Hopkins University as a Dreyfus Postdoctoral Fellow. In 2004, Obare joined WMU faculty and was promoted to Full Professor in 2014.

Her research interests include designing nanoscale materials with unique physical properties to exploit these properties toward environmental remediation, improved healthcare, and alternative energy. She is Director of the NIH-sponsored Bridges to the Baccalaureate Program at Western Michigan University, a program that recruits underrepresented minority students from community colleges in Michigan and supports them to pursue advanced degrees in biomedical and behavioral sciences.

Obare received the 2009 George Washington Carver Teaching Excellence Award, the 2009 International Union of Pure and Applied Chemistry Young Observer Award, the National Science Foundation CAREER award, and the 2010 NSF Division of Materials Research American Competitiveness and Innovation Fellowship. She is Associate Editor for the Journal of Nanomaterials and was selected in 2013 among the top 25 Women Professors in Michigan.

Tailored Nanoparticles for Advanced Environmental Processes

Dr. Sherine O. Obare
Professor of Chemistry
Western Michigan University, Kalamazoo, MI 49008

Nanoscale metallic particles are of great interest due to their importance in advanced technological applications. Synthetic procedures that produce gram-scale, well defined and monodisperse metallic nanoparticles with controlled size and shape, especially within the 1-4 nm size range is a continuing challenge in nanoscale science. We have developed new organic ligands that when used as stabilizers for metal nanoparticles, provide the ability to gain control of the particle size in one-step synthetic procedures (Figure 1). Monodisperse metallic nanoparticles were synthesized and characterized using spectroscopic, microscopic and x-ray techniques. We have further investigated the electrochemical quantized double-layer (QDL) charging differences of 1-4 nm metallic nanoparticles. Within this size range, the electronic properties transition from a bulk-like continuum of electronic states to molecule-like, discrete electronic orbital levels. Such properties have led us to investigate their charging and discharging at large band-gap semiconductor interfaces. The results are paramount toward understanding and developing advanced materials for catalysis, and the degradation of toxic environmental pollutants. Furthermore, the functionalization of metallic nanoparticles with various molecules including biologically and environmentally relevant molecules is often carried out to enhance the material’s properties. The presentation will showcase examples of functionalized nanoparticles and their effect on microorganisms.

The 2014-2015 Architecture Lecture Series

Present:

Alan Ricks, a graduate of Colorado College and the Harvard University Graduate School of Design, is the chief operating officer and co-founder of MASS Design Group, an impact-driven architecture and design firm that began with the design and construction of the critically acclaimed Butaro Hospital for Partners In Health. MASS has since expanded to twelve countries, focusing on design innovation and health infrastructure development. This spring, Alan was named a Young Global Leader of the World Economic Forum for the 2014-2019 term, which recognizes extraordinary leaders of the world under the age of 40. Chief TED curator Chris Anderson described the TED talk Alan gave in September 2013 as “a different language about what architecture can aspire to be.”

At the age of 28, Alan was named to the Forbes list of ‘30 Under 30’. Often the only architect at the table, Alan has worked with the government of Liberia to develop healthcare policy and addressed the Global Infrastructure Initiative sponsored by McKinsey and the Albright Stonebridge Group. Under the leadership of Michael Murphy and Alan Ricks, MASS has been named finalists for the TED Prize, Aga Khan Award for Architecture, and Buckminster Fuller Challenge, and received the World Architecture News Burro Happold Award, Architecture League Emerging Voices Award, Healthcare Design Changemaker Award, the Curry Stone Design Prize, and Contract Magazine ‘Designer of the Year’, among others.

Alan works to expand dialogue around the role of design in advancing a more equitable world, including regular and guest lectures at the Harvard School of Public Health, Colorado College, the University of Pretoria, and the Harvard Leadership Conference, among others. Alan and Michael have published in the Huffington Post, the Journal of Architecture, and the Stanford Social Innovation Review. MASS’s first book, Empowering Architecture, was published in 2013 as a reflection on the Butaro Hospital design process. Select features on MASS include Wired Magazine, the New York Times, Fast Company, and the Boston Globe, and in architecture publications including Mark, Domus, and Lotus.

Burera District was one of the last two districts in Rwanda without a public hospital, limiting access to care for a population of over 340,000.

**Wind Symphony Presents Winter Concert**

The Andrews University Wind Symphony, under the direction of Alan Mitchell, will present their annual winter concert on Saturday, Feb. 7, at 8 p.m. in the Howard Performing Arts Center on the campus of Andrews University.

The first half of the concert will feature the Southwestern Michigan College Brass Band under the direction of Jonathan Korzun. The band will perform "Investiture Antiphonal Fanfare" by Bliss, "Praeludium" by Graham, "Hymn for Diana" by Turin, "Lazos Amistad" by Texidor, "Unsquare Dance" by Brubeck and "Rhapsody in Blue" by Gershwin.

The second half of the concert will feature the Andrews University Wind Symphony performing "The Standard of St. George March" by Alford, "Time Remembered" by Spark, "Journey to the Lion’s Castle" by Galante, "English Dances, Set II" by Arnold, and "Selections from ‘Into the Woods’" by Sondheim.

General admission is $5, students and senior admission are $3 and children under 12 are free. To order tickets, visit howard.andrews.edu or call the Howard Center Box Office at 269-471-3560.

**Tied Up In Knotts**

Karen Knotts, daughter of the legendary Don Knotts, will present Tied Up in Knotts, a one-woman family-friendly comedy routine, as part of the 2014–2015 Howard Center Presents... series on Sunday, February 15, at 7 p.m., at the Howard Performing Arts Center.

In Tied Up in Knotts, Karen will perform and tell stories about her father, comedic actor Don Knotts. Don Knotts is most known for his role as Barney Fife on the "Andy Griffith Show," but as Karen says, “he was the funniest when he was just being himself.”

Karen has acted in theater, film and television, as well as performed in puppet shows and standup comedy. Her one-woman show will have families rolling on the floor with laughter. It is a must-see for people who
grew up watching the Andy Griffith show!

Tickets are $15, $10 for Andrews University faculty and staff, and $5 for students. Tickets can be purchased online at howard.andrews.edu or at the box office by calling 888-467-6442.

**Online MBA Program Ranked in Top 50**

*by Jenna Neil*

The Master of Business Administration program at Andrews University has been ranked among the top 50 private online MBA programs in the U.S. for 2014. Onlinembareport.com placed Andrews at number 23, above Columbia College (Columbia, Missouri) and University of Phoenix.

"One significant contributing factor to our high U.S. News & World Report ranking is our online MBA program," says Allen Stembridge, dean of the School of Business Administration. "We are very proud of our growing, synchronous and interactive online learning platform which provides an opportunity for career advancement to students around the world who are unable to physically attend courses here at Andrews University."

For more information about the Master of Business Administration program, email graduate@andrews.edu or call 269-471-6013.

**Andrews Celebrates Martin Luther King Jr.**

*by Jenna Neil*

On Thursday, January 15, Onleilove Alston, a faith community organizer and contributing writer for Sojourners Magazine, spoke for Andrews University's 2015 Martin Luther King Jr. Celebration. Her topic was "The Biblical Call to Justice and African Roots of the Sabbath."

Alston is known for her activism for justice and the poor after firsthand experience with poverty, foster care and homelessness. During her presentation she talked about Biblical justice specifically from Isaiah 61. She began by reading verses 1–4 and asked students to consider what the scripture was saying about God's justice, a personal walk with God and several other areas.

"Nothing I can talk about," she said, "can compare to what God says in His word." Speaking of the recent events in Ferguson, Alston continued, "Do you think God has anything to do with justice? There's our version of justice and God's version. We need to use the Bible to examine God's version of justice."

As part of her talk, Alston used three examples of how the justice of Isaiah 61 was portrayed. The first was from Matthew and the reverse Exodus, or a return to Egypt to remember the first exodus. The second was Dr. King's poor people's campaign, specifically Resurrection City, a shantytown for the poor located on the National Mall in Washington, D.C. The poor people living in Resurrection City rose up in the spirit of God with the support of allies to change their lives. The third and final example Alston used was from her own life.

"The young people where I grew up were starting to reach out," she said. "They were changing the way
Driving Force Behind Andrews Study Bible Dies
Erno Gyeresi, a Romanian pastor-turned-business executive who became a key force behind the popular Andrews Study Bible, has died after a long struggle with cancer. He was 54.

Gyeresi died peacefully on Sabbath afternoon, Jan. 31, at his home in Niles, Michigan, with his family by his side, his family said.

Gyeresi spent the first 13 years of his career working as a pastor and church administrator in Romania, and the last 13 years of his life working at Andrews University Press, where he served as managing editor of the Andrews Study Bible, first released in the New King James Version in 2010.

The Music Moves Him
David Phelps believes in the power of song.

The Christian musician, best known as tenor in the Gaither Vocal Band and for his three-octave vocal range, says whether he's singing as part of Bill Gaither's legendary gospel group or as a solo artist, his goal is always the same.

"Music really is a vehicle for emotion," Phelps says by telephone from his farm in Culleoka, Tenn., just outside of Nashville. "If a song can move me in some way then in turn I can figure out how to interpret that so I can then go out on a nightly basis and look people in the face and hopefully sing it in a way that's moving to them. To me that's what it's all about."

Tonight, Phelps will be trying to move the audience at Andrews University's Howard Performing Arts Center in a solo tour stop touting the songs off his latest album, 2012's "Classic," as well as a few new tunes from his forthcoming record, "Freedom," which is due out in April.

Architecture Alum Wins Award
Hibler Design Studio of Berrien Springs, Michigan has been awarded "Best of Houzz" for Design by Houzz, the leading platform for home remodeling and design. Hibler Design Studio was founded in 2005 and has grown to a tightly knit team of seven talented professionals.

Jesse Hibler, owner of Hibler Design Studio, is a graduate of Andrews University.
Driving Force Behind Andrews Study Bible Dead at 54

Erno Gyeresi, who worked 13 years as a pastor in Romania and 13 years at Andrews University Press, dies after a struggle with cancer.

Posted February 2, 2015

Erno Gyeresi, a Romanian pastor-turned-business executive who became a key force behind the popular Andrews Study Bible, has died after a long struggle with cancer. He was 54.

Gyeresi died peacefully on Sabbath afternoon, Jan. 31, at his home in Niles, Michigan, with his family by his side, his family said.

Gyeresi spent the first 13 years of his career working as a pastor and church administrator in Romania, and the last 13 years of his life working at Andrews University Press, where he served as managing editor of the Andrews Study Bible, first released in the New King James Version in 2010.

He also was the managing editor of the same Bible in the New International Version (forthcoming); editorial consultant for the Romanian edition of the Bible (2014); and managing editor of the Andrews Bible Commentary (forthcoming).

At the same time, he worked as associate director responsible for business management and marketing at Andrews University Press.

“Heir influence as both a theologian and businessman on the work of the church’s only regularly established academic publishing house will long be felt through our roster of important works in the last 13 years, and particularly through the ministry of the Andrews Study Bible,” said Ronald Knott, director of Andrews University Press.

“The listing of his name in such a vital position in every one of the scores of thousands of copies of the Bible that have been distributed around the world is only a token acknowledgment of the truly profound influence he had on the development of that landmark publication,” Knott said Monday.

Gyeresi, born on Feb. 27, 1960, in Nyaradszereda, Romania, gave up a promising career in mathematics to follow in the footsteps of his father, grandfather, and eight other family members in working for the Seventh-day Adventist Church.

He made the decision while simultaneously studying mathematics and theology in Bucharest, Romania. He worked as a local pastor and church administrator for 13 years in the North Transylvania Conference after graduating with an undergraduate degree from the Adventist seminary in Bucharest in 1985.

“As a faithful servant of the Lord, Erno touched many lives during his years of ministry,” his family said in a statement.

In 1998, Gyeresi moved to Berrien Springs, Michigan, and completed all but his doctoral dissertation in systematic theology at the Seventh-day Adventist Theological Seminary at Andrews University by the early 2000s. He obtained an MBA from Andrews in 2009.

Meanwhile, he started working at Andrews University Press as a student and was promoted to associate director in 2011.
But he probably will be best remembered for his contribution to the Andrews Study Bible.

“I valued Erno’s careful, quiet, yet insightful observations and suggestions. When Erno spoke, it was good to pay attention,” said Gerald A. Klingbeil, who worked with Gyeresi as a contributor to the Andrews Study Bible and one of the associate editors of the Andrews Bible Commentary. Klingbeil also is an associate editor at the Adventist Review and Adventist World.

“While Erno’s death appears to be a point victory of the archenemy of human life and happiness,” Klingbeil said, “I am looking forward to resurrection morning when we will praise the Lamb whose sacrifice made victory sure.”

Erno is survived by his wife of 29 years, Ildiko Gyeresi; his son, Lehel Gyeresi, of Houston, Texas; his daughter, Harmat Beebe, of Altamonte Springs, Florida; his parents, Iosif and Marta Gyeresi, of Tirgu Mures, Romania, and his sister, Judit Dan, of Madrid, Spain.

A memorial service will be held at 4 p.m. Sabbath, Feb. 7, in the chapel of the Seventh-day Adventist Theological Seminary at Andrews University.

We reserve the right to approve and disapprove comments accordingly and will not be able to respond to inquiries regarding that. Please keep all comments respectful and courteous to authors and fellow readers.
Memorial Service for Robert & Ilea McDaniel

The memorial service for Bob and Ilea McDaniel will be on Sunday, March 1, at 2 p.m., in the Pioneer Memorial Church. Longtime members of this congregation, Bob and Ilea were active in the community and on campus. Robert spent 37 years as "Barber Bob" in the barber shop next to the University Bookstore and Ilea worked in Custodial Services here on campus. Their untimely death while returning home from the holidays is tempered by the memory of their gracious living. Join the family from across the nation on March 1, as we remember and look forward to the "blessed hope" of Jesus' return.

Scott Moncrieff's Father Died

Robert E. Moncrieff, father of Scott Moncrieff, professor of English, passed away last week in Loma Linda, California. He was born in China in 1926 where he lived for the first 13 years of his life. He attended Andrews Academy after returning from China, and served in the army in WWII, mainly stationed on Guam in the South Pacific.

Returning after the war, Robert completed a business degree at La Sierra and married. He later went back to school and received a medical technologist degree, worked in a lab and decided to go to medical school. He graduated from Loma Linda with his MD in 1967, specializing in pathology and blood banking, and worked at Loma Linda University for many years as the chief medical consultant for the blood bank, giving occasional lectures to med tech and medical students.

For over twenty years Robert had Parkinson's disease, and his quality of life was severely diminished for the last three quarters of that time. He was a kind, patient, generous and attentive father, and though not a great reader outside of medical books, US News and World Report and Time Magazine, Robert loved words and helped stimulate his son's interest in them.

The memorial service is scheduled be held in Loma Linda on Saturday afternoon, February 7.

Thank you for keeping the Moncrieff family in your prayers as they say goodbye to a beloved father.

Death of Erno Gyeresi

Erno Gyeresi, associate director of Andrews University Press, died surrounded by family shortly before 1 p.m. on Sabbath, January 31. Erno’s death followed a long battle with cancer.

A memorial service will be held on Saturday, February 7, at 4 p.m. in the chapel of the Seventh-day Adventist Theological Seminary at Andrews University in Berrien Springs, Michigan. Visitation with the family will begin a half hour before the service.

Our prayers and thoughts go out to Ildiko Gyeresi, Financial Records accountant, her son Lehel and daughter Harmat, and other family, friends and colleagues at this time of loss.

You may leave a message for the Gyeresi family in the Comments section.
Erno Gyeresi, 54, died peacefully on Saturday afternoon, January 31, at his home in Niles, Michigan, with his family by his side. Erno's death followed a long battle with cancer.

He was born on February 27, 1960, in Nyaradszereda, Romania to Iosif and Marta (Csongvay) Gyeresi. Erno earned his high school diploma from Bolyai Farkas Theoretical Lyceum in June of 1979. Later that year, he was accepted into the Babes-Bolyai University Faculty of Mathematics program. Before he could begin his undergraduate program, he completed nine months of mandatory military service. In June of 1985, Erno fulfilled all degree requirements for a BS in Mathematics, except for his final thesis. His natural and widely recognized aptitude for a bright career in mathematics was balanced by a calling to the gospel ministry, a calling pursued by his father, a grandfather and a total of 10 members of his extended family. So while working on his mathematics degree, Erno concurrently attended the Seventh-day Adventist Theological Seminary in Bucharest, Romania, where he graduated in June of 1985 with an undergraduate degree in theology. By the early 2000s, he had completed all but his dissertation for a PhD in Systematic Theology from Andrews University, and in 2009 he completed a Master of Business Administration with an emphasis in marketing, also from Andrews.

Erno married Ildiko Ilona Galfi on August 4, 1985, in Tîrgu Mureș, Romania. They lived in Cluj-Napoca for 13 years, where Erno served in various roles in the Seventh-day Adventist Church as a pastor and secretary/treasurer for the North Transylvania Conference. As a faithful servant of the Lord, Erno touched many lives during his years of ministry. In 1998, he moved his family to Berrien Springs, Michigan, to attend the Seventh-day Adventist Theological Seminary at Andrews University. As a student, Erno worked in several departments, including Physics Enterprises, the James White Library, and Andrews University Press. In 2005, he began full-time employment at the Press, and in 2011 he was named associate director, responsible for all business management and marketing.

In addition to his service as a pastor and church administrator in Romania, Erno's professional influence and legacy will long be felt for his 13 years at Andrews University Press. Most significantly, he was the managing editor of the "Andrews Study Bible," first released in the New King James Version in 2010; managing editor of the same study Bible in the New International Version (forthcoming); editorial consultant for the Romanian edition of the study Bible (2014); and managing editor of the "Andrews Bible Commentary" (forthcoming). All of this was in addition to his profound editorial and business influence on the regular operations of the Press, the only regularly established academic publishing house operated by the Seventh-day Adventist Church.

Erno is survived by his wife of 29 years, Ildiko Gyeresi of Niles, Michigan; his son Lehel Gyeresi of Houston, Texas; his daughter Harmat (Kyle) Beebe of Altamonte Springs, Florida; his parents Iosif and Marta Gyeresi of Tîrgu Mureș, Romania, and his sister Judit (Viorel) Dan of Madrid, Spain.
Two killed in Newton County crash

NEWTON COUNTY, Ind. (WLFI) — Two people killed in a crash in Newton County Monday morning have now been identified.

The Newton County Coroner said Robert and Ilea McDaniel, of Berrien Springs, Michigan, died after their car collided with a van on State Road 10, near County Road 475 West.

Five people in the van were taken to a medical center in Kankakee with injuries that are not believed to be life-threatening.

Autopsies are scheduled for Wednesday in Tippecanoe County.
Robert L. McDaniel, 86, and his wife, Ilea A. McDaniel, 77, of Berrien Springs, died Monday, January 5, 2015, in an auto accident in Newton County, Indiana. Memorial services will be announced at a later date. Allred Funeral Home in Berrien Springs is serving the family, and online messages may be left at www.allredfuneralhome.com. Memorials may be made to Your Story Hour, where Bob was a frequent contributor. Bob and Ilea married in 1961. He had two daughters (Sherry and Janice), and he adopted Ilea's two children (Kevin and Karen). Surviving are Janice (William) Watts of Washington, Illinois; Kevin (Susan) McDaniel of Montana; Karen McDaniel of California; six grandchildren; and four great-grandchildren. Sherry McDaniel preceded them in death in 2009. Bob was born November 27, 1928, to Ray and Fannie McDaniel in Petersburg, Illinois, where he graduated from high school in 1947. In 1950 he went to barber college and began barbering in 1951. After losing his job in 1953 because he had become a Seventh-day Adventist and would not work on Saturday, he moved his family to Berrien Springs. He served his residency, wrote the Michigan barber exam and went to work with Charlie Martz in 1954. In 1959 he was offered the operation of the Barber Shop on the campus of Emmanuel Missionary College (now Andrews University), which he operated until 2007 when he sold, and he worked part-time until February of 2008. Bob liked sports, and while working at the university, he played softball, volleyball, basketball, racquetball and golf. As he got older, he gave up the fast sports for golf, which he enjoyed playing well into his mid-80s. He and Ilea both enjoyed gardening and sharing their produce with neighbors and friends. In addition to his children, he is survived by a sister, Lois (Kenny) White of Petersburg. He was preceded in death by his parents; a brother, Gerald; and a sister, Carol Haynes. Ilea was born February 18, 1937, in Madison, Wisconsin, to Harold and Solane Ahlers. She graduated from Wisconsin Academy in 1955, and shortly after, her father sold the farm and moved the family to Berrien Springs for education. Ilea worked at VM in Benton Harbor, and later at Andrews University in the Library and for Custodial Services. She completed her pilot training and soloed, and earned her pilot's license. Additional survivors include her brothers, Floyd (Irene) Ahlers of Berrien Springs and Larry Crawford of Owosso; sisters, Joyce Shepard of Owosso and Bonnie McGowan of McLaughlin, SD. She was preceded in death by her parents; her stepmother, Dorothy; and brother, Lloyd Ahlers.

Stronger than Before: A Gift of Hope
First Congregational Church UCC will host a benefit concert titled "Stronger than Before: A Gift of Hope" on Sunday, Feb. 22 at 4:30 p.m. The church is located at 2001 Niles Avenue in St. Joseph, Michigan.

The concert will feature uplifting music that is based on "HOPE" and will benefit two cancer organizations and a bereavement center, which provide needed services and support for people and their caregivers dealing with cancer and grief. We are supporting Handles of Hope, associated with the Marie Yeager Cancer Center of Lakeland HealthCare, Berrien County Cancer Services, and Lory's Place Grief Healing and Education Center.

It is common for people to be affected by cancer, either in their immediate family or their circle of acquaintances. Paul Flyger, the church's director of music ministry, says he is "excited to work on this project because it has potential to speak to anyone. My family was affected by my father's battle with pancreatic cancer."

First Congregational Church is indirectly connected to these organizations through three of its members: Lisa Bartoszek, director of Lory's Place; Ruth Beach, founder of the Handles of Hope project; and David Resch, a volunteer for the annual bike ride at the Berrien County Cancer Services. The concert's aim is both to support these organizations and to provide an opportunity to come together and celebrate the power of healing and joy generated by uplifting music.

The concert will include both choral and instrumental music and will feature the First Congregational Church Chancel Choir, under the direction of Stephen Zork and the Alleluia and Jubilate Ringers, under the direction of Paul Flyger. Guest musicians include Mike Perkins (alto saxophone) and Beth Oeseburg (violin) from Stevensville, Christina Gibson (flute) from Niles, and Janene Bergen-Bock (soprano) from Chicago. She will sing Olivia Newton-John's "Stronger than Before," the cover title for Newton-John's album of inspiration and encouragement for women who have dealt with breast cancer, written after her personal cancer experience.

The local jazz combo, Jazzmin II, under the direction of Steven Reed, will perform three well-known tunes in a jazz setting.

The Andrews University Singers, under the direction of Stephen Zork, will perform the center piece of the program, "This House of Peace," composed by Ralph M. Johnson and commissioned for the opening of Sacred Heart Medical Center (Portland, Oregon) in 2008. The words are from patients and family members, and the composition is dedicated to all healthcare givers.

The First Congregational Church UCC has served the St. Joseph community with music and other ministries for 160 years. Weekly Sunday worship is at 10:25 a.m. with childcare provided from 9:15 am. More information is available at www.fccstjoseph.org or 269-983-5519.

Berrien Springs Camera Club Meeting

FROM: Berrien Springs Camera Club

CONTACT: Madeline Johnston
471-1109

The Berrien Springs Camera Club will meet Wednesday, Feb. 4, at 7 p.m. in the Berrien Springs Public Library at Cass (Old 31) and Union. This month's program consists of a competition of prints and digital images submitted by members. The selected topics for the month include: 1) Chocolate and 2) Abandoned Buildings. Three additional categories are appropriate for all of our competitions: 1) Nature (nothing domesticated, nothing of a human origin), 2) Portraits, and 3) Open (any other subject).

Chocoholics should have fun with this one. Images could include favorite places to eat the confection, pictures of goodies in shop windows, delicacies about to be consumed, and chocolate forms of assorted animals and buildings. The Abandoned Buildings category also has room for much imagination and creativity, as well as travel pictures, and variety from buildings of antiquity to modern slums.

Prints, at least 5” x 7” in size, should be mounted, with the title and photographer's name on the back. Instructions for submitting images in digital form are available on the club's Website: http://berrienspringscameraclub.blogspot.com/.

All are welcome, either to observe or to join. Anyone who wishes to join may submit photos to the competition, up to 10 projected images and/or 10 prints. Refreshments will be served.

Looking for Apartment

My fiance and I are looking for an apartment. I will be moving in first and after our wedding in late June he will be joining me. He will be finishing up his last year of school and graduating in May 2016. We are looking for something in the price range of $550, all utilities included. Due to allergies the apartment needs to be a smoke free and animal free place. I am looking at moving to the apartment in March if possible.
