Running for Change

What do 10 Andrews University students and 12,804 children from Cambodia to Colombia have in common? Why, A Leg to Stand On, of course! For us, it's our literal legs—the ones we are counting on to carry us 13.1 or 26.2 miles on April 12 (depending on the runner). For them, it's a prosthetic device or orthopedic care that has opened up a world of possibilities by enabling the simple act of walking.

YOU can make a difference. Your support of the Andrews University ALTSO Marathon Team will help fund orthopedic care for a child in need whose family cannot afford treatment.

Any amount helps and all donations are tax deductible.

We need your help to raise an additional $4,020 by race day to reach our goal!

Teaching, Learning, and Curriculum Conference 2015

On April 1, 2015, the Teaching, Learning, and Curriculum Department at Andrews University will host the 13th annual Teaching, Learning, and Curriculum Conference. The conference theme this year is The Scholarship of Teaching. This event provides university faculty, PreK-12 teachers, graduate and undergraduate students, and other education professionals with the opportunity to present papers, posters,
and demonstrations to an audience of peers and guests within a formal conference setting. In addition to student participation, TLC organizers encourage area educators, including Andrews University faculty members, to attend and to present. This year's events currently include panel sessions presented by local educators and students in the area of urban and minority education as well as a panel session on the topic of project-based learning, and presenter registration is still ongoing. We are excited to announce that our keynote address will be presented by Michigan's Teacher of the Year, Melody Arabo, who will speak about her experiences and convictions as an educator.

Conference registration is free and may be completed onsite on the day of the conference or in advance through Eventbrite. Educators who would like to receive SCECHS for certification through the state of Michigan will be eligible to receive 3 credits if they attend all conference sessions. Michigan Conference educators are also eligible to receive PACS.

Guests who would like to enjoy a catered box supper for a fee of $7.50 at the event must pre-order through the TLC. Tickets for the supper will be available from February 1, 2015 through March 25, 2015. Those wishing to order a boxed supper should either stop by the TLC Department in Bell Hall, Room 014, or mail a check made payable to Andrews University to the TLC Department at the following address:

Attention: Esther Penn

C.S. Lewis’s “The Great Divorce” in Reader's Theater

The J.N. Andrews Honors Program invites you to:

**A Reader's Theater Production of C. S. Lewis's "The Great Divorce"**
Sunday, April 5, at 6 p.m. in University Towers Auditorium.

Starring Bryan Strayer as the narrator, with Keith Mattingly, David Faehner, Frances Faehner, Monique Pittman, Ante Jeroncic, Hyveth Williams, Joseph Greig, Ronald Knott, Zackery Babb and Alejandra Castillo.

C.S. Lewis's "The Great Divorce" (1946) is a short, allegorical novel about a man who finds himself in Hell to discover that the damned may take a bus to Heaven, and that anyone who wishes may stay there. What follows is a series of conversations between the "Ghosts" of Hell and the "Solid People" of Heaven, exposing the choices that we make toward either of those destinations in our everyday lives.

This live presentation of Reader's Theater differs from traditional theater in that the voice, rather than blocking and costuming, carries the drama. The script is read rather than memorized, resulting in a directed, well-rehearsed dramatic presentation. This production is directed by Olivia Ruiz-Knott, in partial fulfilment of her Senior Honors Thesis.

**Passion Play Cancelled for 2015**

We regret to inform you that Andrews University’s Passion Play will not be offered in 2015. We continue to explore ideas for offering this much-loved community event in the future, and hope to be able to do so in coming years.

However, we still invite you to visit the Andrews University campus this Easter season for our annual Easter Choral Concert, featuring the University’s Chorale and Singers. Under the direction of Stephen Zork, these vocal ensembles will present a special Easter performance.

The concert will take place on Saturday, April 4, at 8 p.m. in the Howard Performing Arts Center. No tickets are required.

**Renaissance Kids 2015**

Registration is now available for Renaissance Kids, a day camp for kids ages 5–15 for six 1-week sessions and one 2-week session in June and July. The camp is held at Andrews University in the School of Architecture, Art & Design (SAAD). Two of this year’s sessions offer a new all-day option.

Renaissance Kids offers a variety of hands-on projects to teach kids about the architecture of cities, buildings and other places. The activities have been created to help the children learn about other people, history, different cultures, design concepts, architect tools and others.

Each year, the students who attend the two-week session have the chance to participate in a real-world building project. In past years, students have helped design a paved sitting area in front of the Curious Kids Museum in St. Joseph, Michigan, and an arbor outside of the SAAD.
Renaissance Kids is in session during the following dates:

Session 1: $295
June 8–12, 8:30 a.m.–5:15 p.m.

Hebrew Bible Database Wins Award

by Jenna Neil

System for HEBrew Text: ANnotations for Queries and Markup or SHEBANQ won the Best Digital Humanities (DH) tool or suite of tools for 2014. The system is produced by the Eep Talstra Center for Bible and Computer (ETCBC) and is powered by their database. One of the faculty members in the Seventh-day Adventist Theological Seminary's Department of Old Testament worked on the program with several others.

After several decades of development, ETCBC recently launched a database of the Hebrew Bible (the Old Testament). There are three team members: Wido van Peursen, leader of ETCBC who serves as initiator and strategic leader, Oliver Glanz, assistant professor of Old Testament at Andrews University who is an ETCBC data expert and contributes queries for teaching, and Dirk Koorda, a professor at the Royal Netherlands
Academy of Arts and Sciences who wrote most of the code.

SHEBANQ allows researchers to develop and share their queries with other researchers and uses a queries-as-annotations paradigm. Its web interface enables the running and saving of queries and adds them as annotations to the text. The database can be accessed by anyone.

This database is significant primarily for biblical scholars who study the Hebrew Bible. It makes the Hebrew text available and demonstrates how queries can function to address research questions. It also gives textual scholarship more empirical basis.

SHEBANQ can help the students and faculty by giving them a database to search the Hebrew Bible and connecting them with other Biblical scholars in their research.

The digital humanities awards are a set of annual awards for which the public can nominate different resources to recognize talent and expertise. A committee weeds out nominations based solely on whether the submission is a DH, if it’s in the right category and if it was launched/published/majorly updated that same year. The awards are intended to raise awareness, put DH resources in the spotlight and engage users.

To learn more about the DH awards, visit dhawards.org. To use the SHEBANQ database or to learn more about it, visit shebanq.ancient-data.org.

Andrews Wins United Way Awards

"The mission of Andrews University has always resonated with the mission of United Way," says Niels-Erik Andreasen, president of Andrews. "That is, to improve lives by mobilizing the caring power of communities."

Andrews employees truly embraced the 2014 United Way campus campaign theme, "Bursting the Andrews Bubble," ending the campaign with our best-ever results.

"The campaign goals we set were definitely ‘stretch’ goals, and while we didn’t quite hit those goals, we burst our own bubble and achieved new levels," said Dalry Payne, United Way campus campaign leader.

The totals for the last seven years of this on-campus campaign demonstrate how far the faculty and staff are willing to stretch:

2014: 216 people gave $22,811.85!
2013: 142 people gave $16,549
2012: 135 people gave $14,538
2011: 90 people gave $9,145

Day for the Pi
Pi lovers at Andrews University celebrated National Pi Day on Thursday by eating pie. And lots of it. Karen Johnson-McWilliams of the university’s math department said the school provided 25 pies and 64 cheesecake squares, which quickly disappeared.

She said she cut the 8-inch pies into eight pieces and the bigger pies into 16 pieces, which gave her 320 pieces when you add in the 64 cheesecake pieces.

So, how many eight-inch pies did she have?
You do the math.

For most of America, Pi Day is Saturday, when the calendar and clock will combine for two moments to read: 3-14-15, 9:26:53 - or pi to its 10th digit. Andrews celebrated Thursday before classes ended for spring break.

Werner Lehmann Life Story

Werner W. Lehmann, former employee of Plant Services at Andrews University, passed away Thursday, Feb. 26, from the results of a massive stroke.

He was born Feb. 4, 1934 in Rosthern, Saskatchewan, Canada. His parents being grain and dairy farmers gave Werner an appreciation for an honest work ethic that followed him the rest of his life. He was a member of the Seventh-day Adventist Church where he faithfully served in various capacities throughout his lifetime.

His early education began in a little country school in the town of his birth. He graduated from La Sierra University in 1970 with a BS in biology and from Loma Linda University with a master's degree in public health.

In 1995, he and his family moved to Eau Claire, Michigan, where he worked for Andrews University Plant Services. After retirement, he spent many pleasant hours composing music to the honor of his precious Savior.

He is survived by his loving wife of 45 years, Shirley (Oetman) Lehmann; daughter Leandra Block of Bullhead City, Arizona; daughter Leandra Block of Bullhead City, Arizona; daughter Jennifer Wittum of North Carolina; son Kevin ('04) (Linaea) Lehmann of Granger, Indiana; daughter Karyn ('06) (Zach) Owen of Loveland, Colorado; four priceless grandchildren; and sister Ellen (Lyle) Thunstrom of Abbotsford, British Columbia, Canada.

The funeral service will be held at the Eau Claire Seventh-day Adventist Church at 6562 Naomi Rd, Eau Claire, Michigan, at 3 p.m., Tuesday, March 3, 2015. Viewing will precede from 1–3 p.m. at the same location.

According to the American Diabetes Association, diabetes is the biggest public health crisis of the twenty-first century. Nearly 26 million children and adults in the United States have diabetes, including 7 million people who have not yet been diagnosed, according to the Centers for Disease Control and Prevention. In 2010, about 1.9 million new cases of diabetes were diagnosed in adults age 20 or older. In addition, another 79 million adults are estimated to have pre-diabetes, a condition that increases the risk for diabetes. Early diagnosis of the disease is critical to successful treatment in order to delay or prevent complications such as heart disease, stroke, blindness, and kidney disease.

Weight Loss Seminar in Niles
Free Weight Loss Seminar Offered in Niles

(NILES) – The Lakeland Comprehensive Weight Loss Center is offering a free seminar, “Lose Weight…Find Health.” The seminar will be presented from 6:30 to 8:00 p.m. on Wednesday, April 1, at the Lakeland Comprehensive Weight Loss Center at Lakeland Medical Suites, 42 N. St. Joseph St., Niles.

Dr. Michael Schuhknecht, one of Michigan’s most experienced bariatric surgeons and Medical Director of the Lakeland Comprehensive Weight Loss Center, will discuss programs available for losing weight and maintaining a healthy weight for years to come. The Lakeland Comprehensive Weight Loss Center specializes in working with each person to create a customized lifestyle plan, including medical weight loss management through diet or bariatric surgery, nutrition counseling, individualized exercise programs, and monthly support groups.

According to the National Center for Health Statistics, about 190 million adults in the United States are overweight and obese. Individuals more than 40% overweight are twice as likely to die prematurely as someone of average weight. However, the good news is that losing as little as 5-15% of your initial body weight can reduce your risk of diabetes and other illnesses, and can even eliminate your need for some medications.

For more information or to register for the seminar, call (269) 687-4673 or (877) 467-3858. Visit www.lakelandhealth.org or find Lakeland Health on Facebook or Twitter for more classes and events.

Hope Grows Initiative Celebrates its 2nd Year

(NILES) – The Lakeland Health Foundation, Niles and the Niles-Buchanan YMCA have announced the date for their 2nd Annual Hope Grows fundraiser, which is scheduled for Thursday, May 7, at noon.

This initiative began in 2014 as a partnership to deliver a continuum of care to thousands of patients and families impacted by cancer. Hope Grows 2015 will continue to raise funds to support cancer screenings, treatment, follow-up care, and the LIVESTRONG program at the Niles-Buchanan YMCA, regardless of participants’ ability to pay.

Those attending the May 7 luncheon at the Niles-Buchanan YMCA will see services in action, as the program will highlight the stories of those who have benefited from free screenings services, as well as physical and strength recovery in the LIVESTRONG program.

“I had not been a YMCA member until I joined the LIVESTRONG program,” said Sarajane Pickles, a participant in the LIVESTRONG program. “I gained so much strength, endurance, and confidence in three short months. It changed my life!”

“The LIVESTRONG program changed my life in so many ways,” said Becky Finn, another LIVESTRONG participant. “It made me physically stronger and able to do things I couldn’t do, and helped me emotionally and psychologically.”

“The first year’s event was very successful, and we’re very grateful that it sold out,” said Regina Ciaravino, Grant Management and Annual Giving Consultant, Lakeland Health Foundations. “We’re looking forward to building on that success, which will allow us to ensure that additional residents have access to services that may be perceived as out of their reach.”

To become a sponsor of Hope Grows, purchase tickets to the luncheon, or make a donation of support, please contact the Lakeland Health Foundations at (269) 927-5145. Several sponsorship levels are available. Individual tickets are $50; tables of eight are available with sponsorship levels of $500 or more.

And being a single mother, I am looking for a nanny position or a personal assistant position, that I can either do from home or take my daughter with me (So that I can spend more time with her and avoid outrageous daycare costs and illnesses). My name is Tanya and I am looking for a personal assistant position. I have worked as a virtual personal assistant for a couple years for a gentleman who had a house in New York and a house in Florida and traveled to California often. I helped manage various aspects of his life.
