FM Radio in 2013

DECEMBER 2013

Adventist World Radio is encircling the globe with a mighty voice; sounding the message loud and clear through AM/FM and shortwave radio, Internet, and podcasts, combined in more than 100 languages. In fact, AWR is reaching listeners in 9 of the 10 most spoken languages in the world! I am certain that one day you will meet so many people in heaven who came to the knowledge of the truth because of your prayers and personal investment in their salvation. I am happy to share a few stories of some who have been touched by the message through your prayers and generosity:

1. The broadcast signal from the AWR Affiliate Ebenezer FM 98.0 radio in the city of Mbale in Eastern Uganda reaches clear over into neighboring Western Kenya in the Swahili and Luganda languages with tremendous success. During the last ten months, more than 1,300 people accepted the truth and were baptized as a direct result of the programs on this station! Many of the new converts live where there are no churches, but many new members, moved by God’s love, are donating land to build new church structures. Listeners are also joining together making bricks for the construction of these places of worship.
One very well-known Pentecostal Church Bishop, who shepherds 76 churches, was among the recently baptized because of this Affiliate FM station.

2. Mireille writes: “It was in wedlock that I realized how far I was from God. There were quarrels at home all the time, disagreements, and misunderstandings. I felt helpless about it and I cried all the time. One day I came across a radio station. Beams of light surrounded me. Never have I heard such a powerful message. The Truth found its way straight in my weary heart. I kept listening to that FM station. I realized that the Lord was guiding my steps.”

3. Ngantou, a young man originally from a country in Western Africa, was initiated as a priest in the cult of Skulls – the shadowy worship of the dead. He was completely enveloped in the world of darkness. He could find no peace and his life felt more and more empty. One day, he came across the Adventist radio station. He said: “I melted in the sweet voice of the presenter. I felt power coming out from that voice and the music lifted me higher and higher. I cried out for joy.” Today he hopes that his testimony of freedom-in-Christ will inspire many who are slaves to demonic ancestral practices.

4. From Cameroon, Africa, Laurent writes, “My life was a train wreck until I heard God’s voice calling out to me from the radio programs. My prayer is that Jesus uses this testimony to save and deliver those who are still in the bonds of the enemy. I say thank you Jesus for saving me, and thanks to everyone who directly or indirectly participated in my Salvation. I praise the Lord for this powerful ministry on FM radio. I wish the signal could reach the whole country, the whole continent and the whole world!”

Did you notice that Laurent thanked you, a partner of AWR, for participating in his salvation! These dear people are real. They have real stories of having been rescued for the Kingdom because of your financial investment in their salvation!

This Christmas season, you can help Laurent’s desire become a reality. AWR has made tremendous advances in reaching the world for Christ but there is more you can help us do. The opportunity has opened to purchase additional air time on large FM stations in India. It is time to create and air programs in Delhi, Calcutta and Mumbai. These cities have tens of millions of people who have never so-much-as-heard the name of Jesus. In addition, there are many more FM stations across Africa and Asia that need immediate financial help for studio equipment, training, and air time.

Click the donate button below and your partnership with AWR will be helping to change lives for eternity! Thank you.

Maranatha,
