**Featured Volunteer**

**Melissa Adamson, Age 26**
**From the Australia to Denmark**

Melissa started her volunteer adventure in August 2012 when she left sunny Australia for Denmark. She served at Vejlefjord School as Assistant Dean for 16 months and recently returned home. We are so grateful for her service to the Trans-European
Division and wish her God’s blessings in her future plans. She answered some questions for us about her experience.

Why did you decide to volunteer?
I wanted to do something that would make a difference in the lives of other people and felt God leading me to volunteer through AVS.

What was your best volunteering experience?
Seeing how the friendships that I build with the students leads to them opening up to me and gives me opportunities for me to share my faith. Travelling through Europe during the holidays has being awesome too!

What was your most challenging experience?
Learning to still take time for myself and not say yes to everyone all the time!
Any advice for someone considering volunteering?
Don't let fear hold you back, just do it!

Favourite Bible Text?
"And whatever you do, do it heartily, as to the Lord and not to men." Colossians 3:23

Anything else you'd like to share?
It has been the best experience and I have no regrets.
