Electrifying!!!!

By Brenda Billingy

Electrifying!!!! - That's the one word we can use to describe Female Clergy - all in one room together - exuding energy and synergy!!!

One of the happy results of meeting at a convention is the exciting opportunity for fellowship. On Monday, June 29, we are providing a "once in a lifetime" experience where all North American Division female clergy will share a special luncheon together. It will be a great time for renewing and establishing friendships, networking, celebrating and supporting each other. We will honor a "Female Pastor of the Year", and surprise gifts will await all participants. The momentum is building already as we begin our count down to this grand event. Join us Ladies, as we celebrate this awesome time together!

P. S. If you have not registered yet, please HURRY!!! Regular rates expire March 31.
