The silent phase of the Capital Campaign for the new nursing, science and math building continues. As part of this phase, Union College employees are currently being asked to consider their commitment to the largest campaign ever conducted on campus. The employee campaign goal is $200,000, and we have reached $126,000 of that goal! If you have not been contacted, a campaign leader will be approaching you soon for your pledge. Please keep in mind that a generous donor has agreed to match employee gifts up to a total of $200,000 and that your gift will be used to name a space in the new building to commemorate Dr. David Show, beloved science professor who died in 2002. Thank you to those who have already generously shared a gift for this monumental campaign.

Thirty-five senior nursing students in Mental Health class attended a workshop entitled “Forensics in Health Care” Nov. 2–3 in Omaha at Creighton University. The Union students joined approximately 250 other individuals from around the United States for the CSI-themed workshop. They learned about suspicious injury, serial killers and how to manage evidence in a crime.

Leaders of First Book-Union College enjoyed a visit on Oct. 25, from two representatives from First Book’s headquarters in Washington D.C. First Book-Union College thanks those from campus who participated in IHOP’s Pancake Day, which raised $1,085.12.

The program also participated in Project iCamp during Project Impact, where 50 children from Lincoln’s Clinton and Hartley neighborhoods received new books.
