**400 Years of Bible**

2011 marks the 400 year anniversary since the KJV went into mass production.

We will celebrate that in less than a month when we launch Bible Summit at Indiana Academy. The event is sure to be a spiritual blessing to all who attend. Join us as we spend a weekend immersed in the Word of God.

Workshops will be presented on a variety of topics ranging from studies on the theology of core doctrines to practical evangelism.

Our keynote speaker will be Dan Jackson, NAD President. Along with James Black, NAD Youth Director.

Young adults aren't sticking with church

"...one in four Protestant young people have left the church." Even more shocking is the fact that this quote is taken from an article written over 3 years ago. And sadly, the numbers have dropped even further since this study in 2007. (Cathy Lynn Grossman, USA Today, 6 Aug 2007)

Read more on this article.

You'll find that, of all the reasons why young adults are leaving the church, none of the reasons had to do with a contradiction to core beliefs. And though the numbers have dropped in attendance, the reasons for leaving are relatively the same.

Share with Others

In ministry, it is very easy to be constantly on the go, but just as Jesus did, leaders should find some quiet time to reflect on their relationship with the Father.

Share what you do for those much-needed stop/silent/still moments.
