As we begin the second semester of our school year, we look forward to the new and exciting developments in technology for our campus. Here at DLiT we feel that it is important to share the knowledge we have gained, and we would like you to share with us too!

On January 30th we will have our first official Faculty Technology Showcase. This will be a short luncheon when faculty can gather together for a delicious meal, while sharing and listening to stories about new and useful technology.
What: Lunch & Technology!

Topic: Google Scholar & Evernote

When: January 30th, 12:30-1:30

Where: Griggs Hall Room 123

RSVP by: January 24th

LUNCH INCLUDED! Please RSVP for an accurate count of attendees.

For our first presentation, we will highlight Duane Covrig, Tiffany Summerscales and Kathryn SilvaBanks. We will learn how using Google Scholar can help you to track your citations as well as how Evernote can be used by faculty & students to organize and keep all types of information.

Please join us in furthering the advancement of technology on Andrews campus. We can’t wait to see you and hear how you’re using technology in your class!

Upcoming Spring Faculty Technology Showcases

- February 27
- March 27
- April 17

Mark your calendar!

Hope you can join us!
