Charles Lechleitner asked that we pray for his co-worker. Charles could tell that something just wasn't right with his co-worker. So he pried a little further and found out that his co-worker's 17-year-old daughter has run away from home. She has been rebelling for some time. The co-worker and his wife do know that she is not being held against her will,
but very little else. As you can imagine they are deeply distraught.

Please pray for this family that they would be reunited and that the daughter would return safe and unharmed.
