Prayer Request

Please pray for Betsy Schooler and her family. Betsy's father is very sick in the hospital and is very near death. The outlook does not look good. Tomorrow, Betsy and her siblings may have to make the decision to remove him from the breathing machine he is on.

Betsy is really taking this very hard and as you can imagine is very torn up about it.

Betsy's siblings are on the way to Oklahoma. Pray for them as well, as Betsy says that don't always get along very well.

Thanks for your continued prayer.

If you would like to tell Betsy you are praying for her, please email or call her at
