Potluck this Sabbath

Since there was such a wonderfully supportive outpouring of food items for the haystacks for Werner's funeral as well as an unexpectedly smaller number of those who stayed for the meal afterward, let's plan potluck this Sabbath to be haystack items (mostly tomatoes and beans and rice are needed).

That way you can plan to just bring haystack items for potluck on Sabbath and spend more time making items for the Purim meal on Sunday.

So, stated simply, please bring beans, rice, and tomatoes as well as limited amount of other haystack items for potluck this Sabbath.

If you have questions, please just reply to this email.
