A few days ago I sent out you the links for the video clips we made at Modern Manna Media and put on YouTube. Well, the clip on the tapeworm is growing very fast, and we have received over 1,200 hits in less than 2 days. YouTube is impressed and interested in advertising the clip.

Friends, please help us by sharing this clip with your friends and lists. It is bringing awareness to Modern Manna and BellaVita Lifestyle Center where so many healing miracles have happened, and where people are learning more about Jesus, the Three Angels’ Messages, and the health message.

George Hope and I are editing a new DVD on BellaVita Lifestyle Center that should be available soon. We have 25 hours of incredible footage that was shot at one of our 10-day cleansing programs. The testimonies are very heart-warming.

Currently, we are sharing the clips on facebook, youtube, and our website www.modernmanna.org.

Again, I want to thank all of you who donated to the ministry so we could buy the TV equipment: the HD Panasonic cameras, the studio, the software, the Tricaster Portable TV Studio, the lights, and more.

In the near future, Modern Manna Media will offer instructional DVDs on health that you can share with others and use as a
witnessing. These educational DVDs will be great for witnessing too. We also are planning to shoot a new series called *Lifestyle for Excellent Health* for television broadcast. We are also planning 2- to 4-hour workshops at BellaVita. Classes will include: How to Cleanse and Detoxify the Body; How to use Herbal Medicine; Live Food, Green Smoothie, and Juicing demos; Hydrotherapy Treatments; How to Lose Weight and Tone up Naturally; Natural Remedies for You and Your Children; A Cancer Battle Plan; and more. We will teach you how to make a gallbladder cleanse and naturally rid the body of parasites using herbs. We will keep you posted.

The 2 short segments we ran on YouTube are very powerful. The first contains 3 testimonies from graduates at BellaVita, one who gained the victory over prescription drug dependence. He was taking 15 Oxycontin pain killers a day, 80mg each!!! He is fortunate to be alive. The second clip is absolutely unbelievable. You will see a large black rope and tapeworm that passed from the large intestine of an 86-year-old Holocaust survivor named Nick Hope, George's father.

Here are your links. Please write me and let me know what you think at feedback.

1. 3 Testimonies from BellaVita Graduates
2. 86-Year-Old Holocaust Survivor Passes 3-foot Tapeworm

Please help us complete our studio. We need a third camera and just stepped out in faith and bought two needed computers for the studio for editing and recording. You can donate online. Your tax-deductible donations are greatly appreciated!

If Modern Manna has helped you in any way with better health, please share your praise report or testimony with us. We would like to share it with others. Send your testimony, picture, and permission to publish it to testimony@modernmanna.org.

**BELLAVITA LIFESTYLE CENTER**

**March 20 - 29**    **May 15 - 24**

Come join us for the health experience of a lifetime. You too can learn the health secrets that I use at BellaVita Lifestyle Center, and go through the incredible cleansing and regeneration program at the
same time. Space is limited so call now and reserve your space now.
