Greetings!

We just finished another successful 10 day Bella-Vita session with amazing results. The guests came from different cities across the country, and one woman rode on a bus all the way from Texas to get here. By God's grace, many of the guests were able to lower or discontinue their drugs in a very short time.

George Hope and I have produced two wonderful videos of testimonies from several of the guests for you to watch and share with your friends and family, perhaps even with your church. In these amazing videos you will hear the miracles that happened in just 10 days!

One guest named Roy was thrilled that he got off his blood pressure medication and healed from recurrent headaches in just 2 days! He suffered with excruciating headaches for three years that felt like a knife in his head. Nurse Deena came all the way from Texas, and attended many rehab programs in the
past. None of the programs were able to heal her of drug dependence. A medical doctor sponsored her stay at BV where she found victory over all three addictions. We had a number of guests this session with drug dependence—from cigarettes to methadone.

It is amazing to watch people decrease or eliminate drugs in such a short time. One woman stopped her prescription pain medication, another was able to discontinue three high blood pressure meds and 2 diabetic drugs. Several others weaned off antidepressants, statin drugs, and tobacco.

The cleansing herbs, coffee enemas, saunas, skin brushing, exercise, fresh air, sunshine help facilitate the process and eliminate many withdrawal symptoms. Not everyone is able to stop their medications, because in doing so it could be lethal. Although, there are many drugs that can be weaned or eliminated without harm such as hypertensive and glucose reducing drugs. Patient’s require less medication due to changes in lifestyle habits and diet. The all-natural diet of whole foods and organic juices low in sugar and fat make the difference, as does the consistent exercise and cleansing drinks. Body cleansing, eating only plant foods, and exercising can quickly lower blood pressure and blood sugar, and, therefore, drugs must be simultaneously adjusted. Diabetics’ juices are adjusted according to their glucose readings.

As you watch the videos below, please understand that all healing comes from God. The guests decrease or eliminate drugs at their own discretion based on decreasing glucose and blood pressure levels. Some choose to reduce dosages of medications such as antidepressants very carefully. Many people come to BellaVita because they are sick and tired of taking drugs. They understand that DRUGS NEVER CURE! They come to BellaVita to learn and practice new lifestyle habits that reverse and even cure disease. Often guests are set free from their drug dependence—prescription or not! At BellaVita, we educate the people in God's natural remedies, which He Himself has provided for their healing. He is the Great Physician! We do not prescribe or make any claims of healing the guests. God does all the healing!

In the videos you are about to watch, you will not only hear the guests talk about their improvements in health, but how the Bible studies profoundly improved their spiritual lives as well. Studying God's word is vital for healing and establishing an intimate connection with the Almighty. Our goal at BV is to see
people heal in all three areas of their lives—physically, mentally, and spiritually.

Please pray for Modern Manna Ministries as we seek to teach the world the principles God has blessed us with as a people. "We have come to a time when every member of the church should take hold of medical missionary work. The world is a lazarus house filled with victims of both physical and spiritual disease. Everywhere people are perishing for lack of a knowledge of the truths that have been committed to us. The members of the church are in need of an awakening, that they may realize their responsibility to impart these truths. Those who have been enlightened by the truth are to be light bearers to the world. To hide our light at this time is to make a terrible mistake. The message to God's people today is, 'Arise, shine; for thy light is come, and the glory of the Lord is risen upon thee.'" Isaiah 60:1. (CH 425).

HEALTH TIP OF THE WEEK

"Drugs never cure disease; they only change its form & location. The disease the drug was given to cure may disappear, but only to reappear in a new form, such as skin diseases, ulcers, painful, diseased joint ... a more dangerous and deadly form. Nature keeps struggling, and the patient suffers with different ailments, until there is a sudden breaking down in her efforts, & death follows." Healthful Living, page 243.
