Greetings!

A thousand or more will gather at Lodi’s Grape Festival Grounds for Modern Manna’s 13th Annual Health & Healing Crusade on June 17-19, 2011. This year’s event will feature Charlotte Gerson, Cherie Calbom, Nathan Renner, Dave Westbrook, Giana Vierra, Charmaine Daniels, and Danny Vierra.
Charlotte Gerson, now 89, is daughter of Dr. Max Gerson and co-founder of the famous Gerson Therapy. Charlotte has gained much of her experience from working with those who the medical profession labeled “incurable.” Since 1977 this world-famous speaker trains and provides consultation to physicians. For the past 30 years, she has lectured widely all over the U.S., Canada, Mexico, Europe and Australia. She will travel to Lodi, once again, as she teaches the public on how to live a long, healthy life and one that is free from disease.

Cherie is the author of seventeen books including the bestseller Juicing for Life (Avery, 1992) with 2 million books sold, along with The Juice Lady's Guide to Juicing for Health, The Ultimate Smoothie Book, The Complete Cancer Cleanse, Juicing, Fasting, and Detoxing for Life, and The Juice Lady's Turbo Diet. Cherie earned a Master of Science degree in whole foods nutrition from Bastyr University. She has appeared on numerous shows including CNN, Fox News, and Martha Stewart Living Radio. She also was featured in Woman's World Magazine with Dr. Oz.

Pastor Nathan Renner serves as the senior pastor of the Seventh-day Adventist Church in Sonora California. He was called to ministry shortly after his conversion in January of 1997, and soon began working as a Lord has opened many opportunities for him to preach around the world, which he has done tirelessly. Nathan was the co-founder of ARISE with David Asscherick. He and his wife Becky had two young children, Levi and Laurel, and they all enjoy getting out in God’s great outdoors.

Dave Westbrook, is the director of the documentary film “America's Cities: The Coming Crisis”. The movie takes viewers on a journey from the streets of America’s cities to personal interviews with leading experts who reveal the disturbing truth about what lies ahead for the
nation's metropolitan areas. In making the film Dave spoke with members of congress, authorities from leading universities, military, and disaster planning agencies including a former high ranking FEMA official. Dave is also an author and international speaker and has hosted rallies in major cities in the United States and Canada to raise awareness of the threats facing urban areas and what families can do to prepare for what's coming.

Giana Vierra is an expected graduate this June from Loma Linda University with her master's in Marriage and Family Therapy. Giana is currently fulfilling her internship requirements for licensure at the County of San Bernardino in the Department of Behavioral Health, counseling children and adolescents that have faced severe trauma in their lives. Through the various experiences God has been leading Giana through, she is using her education and God-given talents to seek out her passion of bringing relief to the suffering.

Charmaine Daniels is an 8 year cancer survivor, trained through the Physicians Committee for Responsible Medicine as a Food for Life Nutrition & Cooking Class Instructor, Stanford Prevention Research Center as a Stanford Healthy Lifestyle Program® Facilitator, as well as a CHIP® Facilitator. She is a highly motivating speaker and offers innovative programs to help individuals make positive dietary and behavioral lifestyle changes. Charmaine is attending and will receive her Associate Chef certificate from Living Light Culinary Arts Institute, the world's premier organic raw vegan chef training school. She will be demonstrating the delicious BellaVita's live food menu at the crusade.

Danny Vierra is the Director of Modern Manna Ministries and BellaVita Lifestyle Center. He is a dynamic, international speaker who specializes in detoxification programs, alternative therapies, and natural medicine. Through his Health and Healing Crusades, radio and TV appearances, lectures, and
blockbuster infomercial *The Almighty Cleanse*, Danny has helped thousands with his nutritional knowledge and expertise. His latest 14-Part DVD series *Adventures in Health* has appeared worldwide and continues to motivate individuals to make healthy lifestyle changes.

Last year we had some problems with the youth being unsupervised so we are planning meetings for both children and youth this year, and asking parents to help supervise their children.

Brian Igarta and Crystal DuBoyce, the Maui Vegetarians will be preparing food for the crusade this year. The delicious vegan meals will sell for the reasonable price of $7.00 each. Free admission and free camping again this year. You can register online at [CRUSADE 2011](#). See you there!

**HEALTH TIP OF THE WEEK**

Milk does a body good: FDA allows 750 million pus cells per liter of milk; GLUE (80% of all protein in milk and cheese is casein - the glue used to hold a label to a bottle of beer; & IGF-1 (most powerful growth hormone) that has been called the "key factor" in the growth and proliferation of prostate cancer, breast cancer, and lung cancer.
