BIBLE PROPHECY AND THE STANDARD AMERICAN DIET

Greetings!

While putting together my new presentation for my Sonora meetings next week, "Disease, It's Causes, Prevention, and Cure," I realized once again our world is suffering from the last-day pestilences prophesied by Jesus in Matthew 24.

"Take heed that no man deceive you ... You shall hear of wars and rumors of wars ... For nation shall rise against nation ... and there shall be famines, and PESTILENCES, and EARTHQUAKES, in divers places. All these are the beginning of sorrows."

Certainly these signs are all around us. We are now facing a historical first in GLOBAL OBESITY. "There are currently 1.6 billion overweight adults in the world. That number is projected to grow by 40% over the next 10 years. (CDC) At least 300 million of them clinically obese - and is a major contributor to the global burden of chronic disease and disability. "National Geographic, Aug. 2004.

Data from the 2011 National Diabetes Fact Sheet (released Jan. 26, 2011) reported the following: "New Cases: 1.9 million new cases of diabetes are diagnosed in people aged 20 years and older in 2010." 28 Million Americans and children now suffer from the ravages of this leading cause of death and suffering.

Did you know that America's Healthcare System is the Third Leading Cause of Death? The 2000 Journal of the American Medical Association article illuminates the failure of the U.S. medical system in providing decent medical care for Americans.

The author is Dr. Barbara Starfield of the Johns Hopkins School of Hygiene and Public Health and she describes how the US health care system may contribute to poor health.
