Greetings!

"Danny, you are at the forefront of the Health Revolution in this country," said the editor at the Lodi News Sentinel during our interview for the local paper. The man was right. The revolution is on. That is one of the reasons the phone has been ringing off the hook at Modern Manna with invitations coming in from all over the world. At a time when Global Obesity is growing leaps and bounds, God's health message is swelling with greater power from on high. There is an
awakening taking place in the world right now in regards to the healing power of a plant-based diet -- the DIET of Genesis 1:29. It is like the Latter Rain has started to fall!

John Robbins, author of *Diet for a New America*--one of the landmark health contributions of the 20th Century--woke up millions of Americans to the world of plant-based nutrition. The heir of the Baskin Robbins’ fortune, in 2001, published the inspiring sequel to his bestseller called *The Food Revolution*. The new book pushed the envelope on the health benefits of a vegan diet even further. Then came Dr. T. Collin Campbell’s National Bestseller in 2006, *The China Study*, which the New York Times called “The Grand Prix of Epidemiology.” Never was there a book filled with as much scientific validation proving the Standard American Diet that is grossly high in animal fat and animal protein is a major contributor to the top two killers in America -- **heart disease** and **cancer**! Everyone should read THE CHINA STUDY!

Yes, the health revolution is on! Health Ranger Mike Adams is alerting millions of people on the deceptions from Monsanto to mandatory vaccines at NaturalNews.com. Dr. John McDougall is educating thousands at his Advanced Study Weekends and world-renowned speakers. The documentary *Forks Over Knives* has persuading some MDs to change their diets to a zero-cholesterol, plant-based diet. My two new books *Diet for A Simple Kind* and *The Power of Prayer and Fasting* will go to press very soon. The world must learn that “grains, fruits, nuts, and vegetables constitute the diet chosen for us by our Creator. These foods, prepared in as simple and natural a manner as possible, are the most healthful and nourishing. They impart a strength, a power of endurance, and a vigor of intellect that are not afforded by a more complex and stimulating diet.” MH 296. There is nothing more natural than live foods and juices.

In the past weeks, calls have come in to Modern Manna inviting Charmaine and I to Trinidad, Africa, Campus Hill Church in Los Angeles, Mountain View SDA Church, Santa Cruz SDA Church, 54th Street SDA
Church in LA, Watsonville SDA Church, Monterey Bay Academy, and others. The frenzy is not limited to the religious community either. Today, Charmaine met with coordinators from Lodi Memorial Hospital, where she just finished a four-day health program, and they were so pleased with the results that they want more programs immediately. With full support and advertising funded by Lodi Memorial Hospital, we will be offering more health programs in town. Charmaine, a 9-year breast cancer survivor, will be educating children on the benefits of a plant-based diet while I will be educating the parents on the value of whole plant-based nutrition for the prevention and reversal of disease. Her certification with PCRM, the Physician’s Committee for Responsible Medicine, and their Food for Life Program has opening many doors. The same day she met with the local Science Museum in Lodi where we will hold the health meetings for both young and old. How exciting that the Lord is opening reputable doors in the community and the churches to hear His message on health reform. We must educate people everywhere on how they can prevent and reverse disease without drugs. But there is more!

On March 8, we will be travelling to Babylon, New York for three days of meetings, including children's programs. You can see our advertisement here. From NY we will be flying to Boston for the filming of my new infomercial on health and cleansing. I am very excited because I will be sharing the Bible and the healing benefits of herbs as natural medicine. Millions all over the nation will hear that God has a health program on national television. Then we return to Lodi for another BellaVita 10-day cleansing program. One lady is coming all the way from Serbia to experience the cleanse at the March program which is filling fast. I am also very excited that I have been invited to do Week of Prayer at Monterey Bay Academy for the youth in the morning and Week of Prayer at the Watsonville SDA Church in the evening simultaneously! God is opening doors fast and we need to be ready to answer the call. Soon the cry will be given: "The Bridegroom Cometh." Yes, Jesus is at the door and time is short! Please pray for all of us at Modern Manna as we diligently work to advance the health message and the gospel. We appreciate you and all your support. In case you missed the new video on the healing miracles at BellaVita, I have re-posted it.

HEALTH TIP OF THE WEEK

Would you be interested if someone found a HAPPY PILL? Well, yesterday I woke up with severe depression, like a darkness over my mind. I figured I must have got some wheat since I am gluten intolerant and it makes me feel depressed when I eat it. Well, I remembered a supplement that I took when I went through 4 major tragedies in my life. Life was hard and I did not think I ... was going to make it. The product is called Theanine Serene. It contains GABA, a neurotransmitter, L-Theanine that relaxes brain wave activity, Taurine that eases tension, magnesium that supports muscle relaxation, and Holy Basil Leaf Extract to gently soothe away the tension in your body. Try it, it might make you smile! **To order Theanine Serene.**

The inspirational documentary follows the real experiences of eight people on a healing journey using natural remedies, raw foods, and juices at the renowned BellaVita Lifestyle Center.

Watch the reaction of an 86-year-old Holocaust survivor after he passed a 3-foot tapeworm. Share in the relief with the nurse who suffered years from migraines that disappeared in three days.
