Greetings!

This last BellaVita was incredible. There were so many improvements in only ten days that I want to shout it from the rooftops! Here is a summary of the miracles we saw at BellaVita Lifestyle Center, one of the few healing centers in the world that combines cleansing, regeneration, and the 3 Angels Messages of Revelation 14. Please keep reading because we have an exciting new video for you to watch at the end of this letter.
You are invited to attend a fabulous health program with Danny and Charmaine Vierra in Grass Valley, CA. There will be a special PCRM Childrens Program.

Cleansing
Regeneration
Liver Flush
Herbal Remedies

Slava, a Ukrainian woman, came with blood clots and lymphatic cancer. She was very pale and weak. Before coming, she could only get up to use the bathroom and then right back to bed. She was dependent on her wheelchair. She had many problems and was very discouraged overall. We went to work immediately on cleansing all the elimination organs with poultices made from bentonite clay, charcoal, and psyllium husks. The coffee enemas were especially helpful, and gave her relief because they assist the liver in detoxification. She did not particularly like the organic live juices, but took them because she knew they would regenerate her cells. She loved the raw meals made by Charmaine and asked for more. She also took a liquid super whole food supplement, Hoxsey Formula with red clover, burdock root, wild indigo, poke root and other special herbs for blood purification and lymphatic cleansing, high dosages of B-12, protease vegetarian enzymes, and InflammaRest for inflammation.

Slava looked great after only 7 days. Color came back in her cheeks, and the swelling in her leg was down to normal. She joined us for stretching and deep breathing exercises daily, walked outside in the fresh air and sunshine, gently bounced on the cellercizer to move her lymph, sunbathed, and talked and prayed with the group in her language. She loved to laugh, and we witnessed the hope of healing in her countenance. She looked so much better; everyone saw it! What amazed me was her pulse! Many cancer patients have a high pulse. Slava's was 153 beats per minute on day one. On the tenth day at BellaVita, not only did her blood pressure drop from 131/81 to 101/70, but her pulse was down to 93! Her husband Alex was very happy to see the new woman when he picked her up on Tuesday. I did not want her to lose weight since she needed lots of nutrition and healthy calories. I was pleased to see she only lost one pound by day ten!
Adam came with many diseases--a swollen leg, high blood pressure with medication, and a history of blood clots. He lost 10 lbs. at BV, his blood pressure on meds was 131/81 and dropped to 105/64 without meds by ten days! In fact it ran normal from day 2, hitting a low of 99/60 on day seven. Swelling was eliminated in the clotted leg, he was jogging and walking 4 miles. He felt fantastic!

Helen, from Minnesota, lost 7 lbs and her blood pressure dropped from 119/76 to 100/64. Kathy decreased her pain medication from 6 to 8 tablets of Norco a day to 1 to 2. She wore braces on her hands at night, or her thumbs would be frozen and stiff in the morning. She discontinued the supports and was totally pain-free with flexible thumbs in the morning. Her knee pain decreased, she lost 9 lbs., and her blood pressure dropped from 170/89 to 135/76! She called me after BV to give another healing praise report. She was having leg cramps in the night and they were quickly relieved with Modern Manna's Nerve Formula with valarian!

Melissa, from Florida, had been searching for a place like BellaVita to learn more about true natural healing. She was attracted to BellaVita because we combine the physical and the spiritual messages into one. She lost 8 lbs., and all her symptoms cleared including the negative mental load she came with!

Mike came all the way from Serbia. He is the director of 3 lifestyle centers and an online school to train students in natural medicine. He lost an incredible 16 lbs. in ten days! He was thrilled with the healing miracles he witnessed at BellaVita, and plans to implement our type of cleansing program at his lifestyle centers. He is also planning to open a center that specializes in cleansing and natural remedies in Israel.

The guest loved our Super Green Smoothie with live organic fruits--apples, oranges, kiwi, mixed berries, banana, peaches, almonds, walnuts, sunflower seeds, flaxseeds, pumpkin seeds, lots of kale leaves, flaxseed oil, and SuperManna. This amazing drink, packed
with phytochemicals and antioxidants, we serve at every BellaVita 10-day cleanse on the last day! This super energy drink can hold you till 2 PM without hunger! You can feel the increase in life force in a few minutes after drinking the sweet and tasty blended meal. I think of it as my multiple vitamin/mineral from whole foods!

Charmaine did an outstanding job preparing the live food meals for the guests. She introduced a wonderful and tasty new breakfast dish made from organic pears, pistachios, and persimmons. Her lasagna was superb and happens to be my favorite raw entree. I am Italian and know a great lasagna when I see and taste one! Being gluten intolerant makes this dish delightful, since there are no noodles but thinly sliced zucchini instead. Watch for our new video on this BellaVita session which will be available soon. We had the guests also share their testimonies in Russian, Serbian, Polish, Hebrew, Spanish, and German. It is evident God wants BellaVita to go international!

I am so excited about the new video George and I finished editing from our trip to Babylon, New York, earlier this month! How exciting to see the health message in action! We are thrilled to offer PCRM's Food for Life for Kids during the weekend Health Extravaganza. Now sit back and enjoy the short new video of Modern Manna Goes to Babylon!

God bless you,

HEALTH TIP OF THE WEEK

HEALTH TIP OF THE DAY: God provided all the protein, fats, and carbohydrates man needs for good health in plant foods. Someone was grossed out once because I was eating a soy burger. I said, "You eat a ground up carcass of a dead cow, with brains and spinal cords added, and I eat a burger made from beans and you think I am weird. My stomach is not a cemetery for dead animals." It amazes me how people have it backwards. They kill the innocent creature that God made by shooting it in the head or cutting its throat and then scarfing down its dead flesh. Anyway, there is protein in seeds, nuts, beans, legumes, and vegetables....and they do not bleed. I eat them alive!
