Greetings!

Can you believe it? Another year is flying by, and Modern Manna’s Health & Healing Crusade is right around the corner. What a line-up of speakers we have for 2012! As always, there will be delicious vegan meals served by the Maui Vegetarian Chefs, Crystal and Brian, who served outstanding meals last year. There will also be free tent camping and showers. This Crusade will feature Charlotte Gerson, 90 years old, and other fabulous speakers.
Dr. Robert Young - Author of the PH Miracle

"Dr. Young may be on the threshold of a new biology, whose principle-if proven-could revolutionize the biology and medicine worlds."

Neil Solomon, M.D., Ph.D. Former Head of Research for John Hopkins University.

Over the past two and a half decades, Robert O. Young has been widely recognized as one of the top research scientists in the world. Throughout his career, his research has been focused at the cellular level. Having a specialty in cellular nutrition, Dr. Young has devoted his life to researching the true causes of "disease," subsequently developing "The New Biology™" to help people balance their life.

Shelley Redford Young, L.M.T. As an extraordinary lecturer, book author, nutrition and culinary consultant, Shelley Young is a vital part of the heartfelt mission to diminish suffering in the world. Her work provides the practical application of the alkalizing principles contained in the research of her husband, Dr. Robert O. Young. She is also a Licensed Lymphatic Massage Therapist (LMT) and is trained in microscopic procedures. With a deep awareness of the dangers of the present-day acidic diet and its relationship to the epidemic of various diseases such as coronary heart disease, diabetes,
obesity and cancer in both adults and especially children, she is forever looking to find the most creative ways to make an energizing and alkalizing diet more appetizing, delicious and attractive to the masses.

Charlotte Gerson, now 90, is daughter of Dr. Max Gerson and co-founder of the famous Gerson Institute. Charlotte has gained much of her experience from working with those who the medical profession labeled “incurable.” Since 1977 this world-famous speaker trains and provides consultation to physicians. For the past 30 years, she has lectured widely all over the U.S., Canada, Mexico, Europe and Australia. She will travel to Lodi, once again, as she teaches the public on how to live a long, healthy life and one that is free of disease.

HEALTH TIP OF THE WEEK

Susie came to BellaVita with Addison's Disease. Addison's disease is a rare, chronic endocrine disorder in which the adrenal glands do not produce sufficient steroid hormones. It is a very serious disorder and her prognosis was only 6 months to live two years ago. She came to BV overweight, using oxygen and a walker and very discouraged. In five days she lost 8 lbs., needed no oxygen, walked a mile a day, and exercising on the treadmill and working out on the weight machines. Mentally she is very positive. Spiritually she feels wonderful and has lots of hope. She loves hearing health and the Bible together! She has gained a deeper relationship with the Lord and want to tell everyone about her improvement in all three areas! Please pray for Susie as she continues on God's health program. The healing power of the cleansing and live food program is amazing when combined with prayer!
