Greetings!

I love the work of ministering to others. For the past 25 years, Modern Manna has been active spreading the messages of health reform and the gospel to thousands of people all over the world. Right now we are very busy organizing the medical missionary school R I S E N, the Health and Healing Crusade for next weekend (June 15-17), and New Healing Testimonies of the guests and their success stories at BellaVita Lifestyle Center.

The exciting new "International Healing Testimonies" you will see includes praise reports from guests from Serbia, Poland, Germany, and Russian. Yes, BellaVita has gone international and the world is
hearing about the healing miracles in their own language! One guest filmed a praise testimony in Spanish, which is a first for Modern Manna.

What is especially noticeable are the changes in the faces of those that attended the March 18, 2012 BellaVita session. The guests go on an intense 10-day cleansing and rebuilding program. We start the morning with a seawater cleansing isotonic drink with fresh lemon to purge the bowel, kick-start the liver, alkalinize the system, and cleanse the kidneys and urinary tract. It is an incredible purge that works fast. Guests are amazed at the results, and many say they have never had such a good purge like the seawater flush! Then the guests drink an herbal mixture we call “bug juice” because it kills parasites and their larvae. The custom blend of wildcrafted and organic herbs target the liver/gallbladder, kidney/bladder, parasites and their eggs, the blood and the lymph. The potent cup of natures remedies is both cleansing and regenerating to the organs and systems of the body! Next, they get a hot cup of Detox Tea filled with gentle herbs that cleanse the whole body even more. By this time, the bowels have moved and the poultice drink containing bentonite clay, charcoal, psyllium husks, marshmallow, fennel, flax and more, is served next. It is dark grey from the charcoal and swells because of the mucilaginous herbs. It is a powerful absorbant and acts like a broom to sweep the intestines of old fecal matter and attract the positively charged toxins. We repeat this program for the first five days at BellaVita.

Most of the healing we see is in the first five days. The five day juice fast on all organic plant foods helps assist the body in cleansing and rebuilding. The guest’s body organs are being electrically charged from the live food in the easy-to-absorb juice form. The juice acts like a blood transfusion. Combined with stretching, deep-breathing, exercise, sunshine, pure water, saunas and skin brushing, rest and relaxation,
ozone spa treatments, massage, and delicious raw meals, healing miracles happen in only ten days! After all, if the Prophet Daniel and his three Hebrew friends could appear noticeably superior in just 10 days, why can’t the BellaVita guests expect the same change when following God’s Health Plan! “Christ came to restore? Christ’s remedies cleanse the system. But Satan has tempted man to introduce into the system that which weakens the human machinery, clogging and destroying the fine, beautiful arrangements of God. The drugs administered to the sick do not restore, but destroy. Drugs never cure. Instead, they place in the system seeds which bear a very bitter harvest” (2SM 288).

Now enjoy the NEW INTERNATIONAL HEALING TESTIMONIES from BellaVita Lifestyle Center.

HEALTH TIP OF THE WEEK

I am preparing my 3-part series called Health and Healing Lessons from the Bible for this year's Health Crusade, June 15-17, and I am appalled at the food served at fast-food restaurants like Burger King. A new Meat Monster Burger in Japan. Yikes! Fat and obesity is rising in China to 39% of the population due to the fast food restaurants opening there like McDonalds that plans to open a new restaurant every day for the next three years according to PCRM! The Standard American Diet is killing people worldwide and we must educate the world in the health benefits of God's original diet program in Genesis 1:29!
