NATURAL HYGIENE SCHOOL
Greetings!

R I S E N (Remedial and Integrated School of Naturopathy and Evangelism) graduated seven new Certified Natural Hygiene Coaches this past October. R I S E N VIDEO (2 Minutes)

Our goal at the state-of-the-art medical missionary school, conducted at BellaVita Lifestyle Center, is to certify Bible workers and laymen as Natural Hygiene Coaches, and send them out to teach God's health message of complete restoration. We want to teach our Natural Hygiene Coaches how to open and operate their own Home Lifestyle Centers, and to become beacons of light to reach the world. R I S E N is the only school in the world that offers Natural Hygiene Coach Certification and the Three Angels' Messages.

Natural Hygiene embodies correct living practices and obedience to the eight natural laws of health. At R I S E N, the students learn how to cleanse the body, and all seven elimination organs, of toxins. They also learn how to regenerate the body organs and purify the blood for true healing.

The hygienic system teaches that disease is a remedial effort, a struggle against the vital powers to purify the system and recover the normal state. This effort should be aided, directed, and regulated if need be, but never suppressed. What is this mysterious thing called disease? It is simply an effort to remove obstructing material which we call toxic materials from the organic domain and to repair damages. Diseases is a process of purification and repair. It is remedial action. It is a power struggle to overcome obstructions and to keep the channels of circulation free.  

"Natural Hygiene, The Puristine Way of Life."

The intense medical missionary program at R I S E N is offered in a 2-part training series, which includes a distance-learning course entitled "Fundamentals of Natural Hygiene", and an intensive residential program equipping the graduate as a Certified Natural Hygiene Coach.

The Lord is the Master Physician. The Bible says He is the One who “forgiveth all thine
A 2012 study revealed that only 25% of men have optimal semen, and some estimates show that sperm counts around the world have dropped by 80% since the 1930's. EGW said: "If Adam, at his creation, had not been endowed with 20 times as much vital force as men now have, the race, with their present habits of living in violation of natural law, would have become extinct" HL 45. Antioxidants have a powerful effect in sperm count, motility, and structure. Vitamin C (1,000 mg. a day) when combined with Vitamin E (1,490 IU a day) improved pregnancy rate by 100%. Zinc (50 mg. a day) should be added also. Great news for husbands who need help!
