Greetings!

I have not been sleeping well that past two weeks, because I am so excited about what God is doing through this ministry, and the work that still needs to be done while we have time. Unprecedented events are happening all around us. The Roman Catholic Church is without a pope, the state of our economy has Americans
sweating profusely, and some of the Protestant churches are embracing homosexuality. But praise God, the final events will be rapid ones and the signs tell us that Jesus is coming soon!

Tonight we begin our three day health weekend filled with wonderful programs for all ages at Southgate SDA Church in Sacramento. Over 100 people have preregistered, but this does not include the hundreds of fliers being distributed today, and those who will attend from the local church family. The Lord is blessing! If you are in the area, make sure to join us for the health lectures, outstanding vegan Sabbath lunch, and the raw demos and taste sampling on Sunday. Charmaine has been working very hard organizing and expanding the children's health program, besides preparing for the raw food program. I have expanded my presentations, and will present my new, expanded Bible Prophecy and the Standard American Diet at the 11:00 service.

Next weekend we repeat the program at Mountain View SDA Church and people are preregistering online at www.modernmanna.org. At both events I will present natural remedies for healing the sick without using drugs, how to cleanse the elimination organs of the body, especially the colon, how to make natural antibiotics, how to eliminate migraines in minutes, how to make natural remedies for children, how to heal sinus infections, how to recharge your vital force, how to use the juicer for what ails you, and much, much more.

The Modern Manna team specializes in Natural Hygiene. We teach our students that God's natural laws of health are the foundation for building up the body temple, and cleansing and super nutrition are necessary for preventing and reversing disease. We build our temple on a sure foundation using what God has provided in nature. We need to learn that we can recharge our vital force, physically, mentally, and spiritually, following God's health blueprint in the Bible and Spirit of Prophecy. Next issue, I will post my free video presentation called Recharging Man's Vital Force on this subject.
We are very excited that the new TV studio and media center is coming along well. Your generous donations make this all possible. We have exciting new videos planned to be released in the near future, including a workout video on diet and bodybuilding, and a special presentation on Julius Gilbert White and a treasure I obtained in a miraculous way. And please remember to help support us for the cost of the two new bathrooms and aerobic center for BellaVita.

This week I am giving you the link to watch the latest testimonies for the guests that attended the January BellaVita program. CLICK HERE Please especially pray for the guests that came with fourth-stage cancer, and for Modern Manna Ministries. We will certainly appreciate it!

Blessings,
Danny Vierra

Dandelion Salad
My husband, Danny Vierra, loves this simple recipe that his mother made him many times when she was yet alive. His beautiful Italian mother used to say, "You want a radicchio salad?" Danny says it is a healthy, liver cleansing meal from start to finish.

1 Bunch of fresh organic dandelion greens
3-4 cloves of fresh chopped garlic
3 TBS Virgin Olive Oil
Juice of two fresh lemons
1/2 teaspoon of Celtic Salt

Mixed thoroughly and enjoy! As Rosie would say: "Mangia tutta!"

Tasty dreams to you all, from my heart to yours,

Chef Charmaine

One Final Note

I would greatly appreciate your prayers. Time is short and Jesus is coming soon. The signs are all around us.

Please help Modern Manna reach the world with the health message and the gospel. Donations can be made online at www.modernmanna or just drop me a note at danny@modernmanna.org or call 1-800-655-3228. Perhaps we can encourage one another.

God bless you,
Danny Vierra
