Greetings!

We just finished another amazing BellaVita and saw more miraculous healings. Some of the guests' blood pressures were lowered, while years of pain subsided in others. One woman was sleeping who had not slept in years, and two years of numbness in one man's feet was nearly gone in ten days. Two women were purged of negative emotions and legalism by God's healing grace.

One guest passed a large black psyllium rope and a large tape worm on day four (pictures below). Another guest came with the worse case of candida albicans I have ever seen. She started taking two capsules of Candex three times a day, the super cleanse...
program, the special diet, with no sweet fruits or vegetables, but only green apples and lemons. She passed lots of mucus for days and a large parasite or something that looked like the creature from the black lagoon!

Another woman came using oxycodone, vicodin, xanax, cocaine, marijuana, and smoking. She tapered off her pain pills, and quit marijuana and smoking. She had been to other detox places, but had no withdrawal symptoms at BV. She is studying her Bible and her husband accepted Jesus into his heart for the first time! She now wants to open a drug detox facility using our cleansing and detox methods. She said: "Your detox methods work very fast with no side effects." She plans to minister and help others with drug addiction. Her testimony on the new healing video from Modern Manna Media (below) is very inspiring.

We saw many transformations physically, mentally, and spiritually! During a coldsheet treatment and anointing service, the devil tried to interfere, but Ed and I won the battle by quoting the Word back at the enemy (see video below). Dennis came with many problems including sleep apnea. After he left, he called from the airport and said: "I just slept an hour and a half on the first flight without my CPAP machine. The doctor said I would never heal from this. My breathing stops for over ten seconds twice a minute. In only ten days at BellaVita, I slept without my machine
for the first time. It is a miracle!" He also lowered his blood pressure and lost 9 lbs. He was so happy that he came to BellaVita that he was shouting it from the rooftops! You can watch the amazing testimonies by clicking the link below.

**MONSANTO PROTECTION ACT**

I was shocked when I read the following article in Natural News this week. Please share this information and warn people as fast as you can! This comes at a time when the Department of Homeland Security has purchased over 1.6 billion rounds of ammunition, thousands of full-auto assault rifles, and thousands of armored assault vehicles - all for use inside the United States, on the streets of America.

(NaturalNews) President Barack Obama campaigned on promises to end secret prisons, decriminalize marijuana, balance the budget, honor the Second Amendment and make health care affordable. But what really unfolded was an explosion in the national debt (now $16 trillion and climbing), the signing of the NDAA, a claimed new power to kill any American at any time, even on U.S. soil, the use of military drones to murder American children overseas, a full-on assault against the Bill of Rights, a doubling of health insurance rates and the destruction of the U.S. economy.

But that's not all. Now Obama has signed the "Monsanto Protection Act" into law, stabbing America in the heart yet again and proving that no matter how convincing politicians appear on the campaign trail, they are still sociopathic liars in the end. The Monsanto Protection Act, part of the HR 933 continuing resolution, allows Monsanto to override U.S. federal courts on the issue of planting experimental genetically engineered crops all across the country. Even if those experimental crops are found to be extremely dangerous or to cause a runaway crop plague, the U.S. government now has no judicial power to stop them from being planted and
harvested.

As ibtimes.com reports, the bill "effectively bars federal courts from being able to halt the sale or planting of GMO or GE crops and seeds, no matter what health consequences from the consumption of these products may come to light in the future."

**GMOs now evade all regulations: America has become a grand Monsanto experiment**

A [Food Democracy Now petition](https://www.fooddemocracynow.org/) now states: "With the Senate passage of the Monsanto Protection Act, biotech lobbyists are one step closer to making sure that their new GMO crops can evade any serious scientific or regulatory review. This dangerous provision, the Monsanto Protection Act, strips judges of their constitutional mandate to protect consumer and farmer rights and the environment, while opening up the floodgates for the planting of new untested genetically engineered crops, endangering farmers, citizens and the environment."

**Corporate-government conspiracy is fascism**

This new law forces the USDA to automatically approve all GMO planting permits sought by Monsanto and other biotech firms, effectively granting Monsanto dominion over the U.S. government. This is the very definition of *fascism*, a form of tyrannical government where corporations conspire with the government to destroy or confiscate all rights, powers and assets, leaving the people impoverished and powerless.

**BellaVita - The Movie**

A 54-minute documentary that follows guests through a 10-day cleanse at BellaVita Lifestyle Center.

Thank you Jesus for providing the funds to finish Modern Manna Media production room and studio. A woman who came to BellaVita’s 10-day Cleansing Program and said she had lymphoma was told she had no cancer from her doctor after leaving BellaVita. “See you six months,” he said. The commitment to give the gift came before she left BellaVita and was pronounced cancer free! God had given her the figure to donate at BellaVita and He had told me the exact amount the night before. She prayed and asked God to have Danny teach from Romans 5 the next morning, and when I opened to that chapter she was convinced.
God was confirming her wishes to donate to the our cause. Miracles, miracles, miracles!!!

HEALTH TIP OF THE WEEK

When people come to BellaVita I tell them that after ten days they will know the dangers of animal protein and how it feeds tumors and cancer. They will know the dangers of refined sugar and processed cooking oils that are heated and deodorized with caustic agents. They are convicted to change their diet and lifestyle and say they will do it. But there is another problem: The mind will say, "I shouldn't eat that," but the stomach and appetite will say, "Oh yes you will!" Paul said: "To will is present with me; but how to
perform that which is good I find not” (Rom. 7:18). Do not let the flesh win the battle over appetite, but surrender your heart and choose God. Claim the promise: "I can do all things through Christ which strengthen's me" (Phil. 4:13), and "When the enemy comes in like a flood, the Spirit of the Lord will lift up a standard against him" (Is. 59:19). Give the battle to the Lord. His mind is the only one Satan never overcame. May God bless you today and empower you with His amazing grace.
