Was Boston A False Flag?

Greetings!

It is being labeled "A Week of Terror in Boston." The Boston Marathon bombings were a reminder of the constant threat of terrorism in our country, and how quickly our security can be jeopardized. News reports flooded the media with conflicting reports, and conspiracy theorists, like Alex Jones from Infowars.com, broke out of the starting gate like thoroughbred horses racing towards the finish line in the Kentucky Derby.
Jones was quick to label the Boston attack a "false flag". "The 'false flag' attack Jones was referring to is a term that originated during naval warfare. 'For centuries, ships have sailed under a flag identifying their nationality,' The Atlanta Wire noted. "During times of war, ships would sometimes change the national flag they flew in order to fool other vessels that they sought to attack or escape from. They would fly, in other words, a 'false flag.'" Jones suggested that the FBI orchestrated the bombings under the false flag of a terrorist organization in order to justify expanded security powers. The Boston attack, he theorized, was staged by the U.S. government to extend the reach of both the Dept. of Homeland Security and Transportation Security Administration.
'Just wait folks,' the 39-year-old Texan wrote. "TSA groping you at sporting events coming soon.'

"Jones posted a YouTube video further fanning the false-flag flames, saying that reports of a 'controlled explosion' drill, scheduled to coincide with the race, was proof that the FBI was behind the Boston Marathon blasts" (Yahoo News, The Lookout - Tues, Apr 16, 2013). **Watch Video below.**

Michael Savage raised his voice asking some important questions on his #1-rated talk show The Savage Nation: "How did the FBI know these two were the one who committed the crime? The papers showed circled faces of two young men in the crowd and said they are the bombers. How did they know they did the bombings?"

Mark Levin, author of Ameritopia: The Unmaking of America, and radio talk show host with 8.5 million listeners, raised the question: "Did the two brothers who came from a Russian region near Chechnya and ties to radical Islam act alone? Or were they part of a cell group?"

**Unanswered Questions**

"There are too many question left unanswered by federal investigators and media who seem quite content to leave the story where it is right now:
"Firstly, why was a Saudi national let go early on and flown to Saudi Arabia by federal authorities. Why were the two brothers suddenly labelled as the prime suspects on Thursday replacing the previous two names being pursued by Boston police, which was immediately followed by a shoot-out... a mere coincidence, or is there more to this than meets the eye? "Why were security 'contractors' seen standing next to bombs at the finish line, only to be seen quickly leaving before the bombs detonated?" (globalresearch.ca, April 20, 2013).

Alex Jones reported that law enforcement agents with bomb-sniffing dogs were seen at the start and finish lines during the Boston Marathon. "It was supposedly some type of drill and they were telling the people there was nothing to worry about. They must have known beforehand that there was a bomb," said Jones.

**Martial Law Comes to Boston on the Anniversary of Paul Revere's Midnight Ride** (Tim King Salem-News.com)

Now the question being raised is whether the whole tragedy was a "drill" of sorts. Boston was in complete lockdown as Martial Law was implemented.

"Homes are being searched without legal grounds, police have Boston completely locked down. Our writer Agron Belica, explains that from day one, the police were blocking all traffic. 'People can't use their phones, it is crazy, but they can text,' he added. Schools have been closed and people have not left their homes to go to work for two days. What we know about the suspects in the crime, one of whom remains at large, is really very little, yet still enough to raise many questions about two brothers who are/were highly regarded by the people who knew them" (Salem News, April 19, 2013).

The Obama administration has decided to follow a 2010 memorandum from the Justice Department.
A Justice Department official said Friday the government is invoking a seldom-used public safety exception permitting officials to engage in a limited and focused unwarned interrogation of a suspect - in this case Dzhokhar Tsarnaev - without first reading him his typically assured Miranda rights. The exception is triggered when authorities have an objectively reasonable need to protect themselves or the public from a clear and present danger. However, the exception lasts only 48 hours and should be extended by declaring Tsarnaev a potential enemy combatant, under the Law of War" (Fox News, April 20, 2013).

"President Obama also emerged from 'The Situation Room' in typical Hollywood fashion, to inform the people of New England that they 'owed a debt of gratitude to federal and local law enforcement officers and officials'" (globalresearch.ca, April 20, 2013). Was this an FBI orchestrated bombing under the false flag of a terrorist organization in order to justify expanded security powers, or was it the sole work of two troubled young men, ages 19 and 26, with radical religious beliefs?

In light of everything that is happening in our country that threatens to encroach on our Constitutional rights, please remember that "we also have a more sure word of prophecy" (1 Pet. 1:19). The Bible predicts a time in this country when Christians will be persecuted for keeping the commandments of God and refusing to obey the powers that be: "And the dragon was wroth with the woman, and went to make war with the remnant of her seed, which keep the commandments of God, and have
iniquities; who healeth all thy diseases." Ps.103:3

the testimony of Jesus Christ" (Rev. 12:17). The members of this "radical religious sect," as they will be labeled, will be forbidden to buy or sell. Furthermore, the faithful few will suffer persecution, imprisonment, and even death from the hand of our "federal and local law enforcement officers and officials" (see Rev. 13).

In these troubled times, please prayerfully consider the following inspired paragraph: "When the leading churches of the United States, uniting upon such points of doctrine as are held by them in common, shall influence the state to enforce their decrees and to sustain their institutions, then Protestant America will have formed an image of the Roman hierarchy, and the infliction of civil penalties upon dissenters will inevitably result. ... When Protestantism shall stretch her hand across the gulf to grasp the hand of the Roman power, when she shall reach over the abyss to clasp hands with spiritualism, when, under the influence of this threefold union, our country shall repudiate every principle of its Constitution as a Protestant and republican government and shall make provision for the propagation of papal falsehoods and delusions, then we may know that the time has come for the marvelous working of Satan and that the end is near" (Last Day Events, p. 131).

HEALTH TIP OF THE WEEK
First thing in the morning, drink 32 oz of warm water with the juice of one fresh lemon to move bowels, cleanse kidneys & urinary tract, alkalize the body, kick start the liver, remove mucus, & hydrate the body. I shared this recipe at Rancho Cordova Church last Saturday and a man and his wife testified the next day that his bowels moved 7 times and his wife's five times. Simple and effective way to get feces moving and to flush the intestines. One hour or so later, make a smoothie with blueberries, strawberries, orange, banana, kale, flaxseeds, sunflower seeds, & organic apple juice. A powerful way to start the day with cleansing & renewing.
