HEALTH TIP OF THE WEEK

Did you know that healing the body & healing the spirit run parallel? We are cleansed by the blood of Jesus (1 Jn 1:9) and we are regenerated by the Holy Spirit (Titus 3:5). To heal the body, you must cleanse the 7 elimination organs and regenerate the cells. Did you know that the whole body rebuilds itself in less than 2 years and 98% in one year. You can have a new brain in one year, a new liver in 6 weeks, blood in four months, skeleton in three months, skin in one month, and stomach lining in five days. So why are you creating the same old body? This gives new meaning to 2 Cor 5:17: "If any man be in Christ he is a new creature. Old things pass away, and behold all things become new."

This may be a good time to detox your 7 elimination organs of your body. Modern Manna's Bowel Formula #2 can remove radio-active waste! Try our Super Cleanse today! Cleanse with the seasons ... every three months!
