Greetings!

Come join us for a 5-night HEALTH extravaganza! We will be offering instruction in alternative & natural healing, herbal medicine, raw food demos including juicing, sprouting, & dehydrating, knife skills, nut cheeses, raw desserts along with delicious taste samples.

We kick off the event on Saturday, February 4, at 7PM with an exclusive showing of the alternative health documentary *BellaVita - A Beautiful Life*. The inspirational documentary follows the real experiences of eight people on a healing journey using natural remedies, raw foods, and juices at the renowned *BellaVita Lifestyle Center*.

Watch the reaction of an 86-year-old Holocaust survivor after he passed a 3-foot tapeworm. Share in the relief with the nurse who suffered years from migraines that disappeared in three days. Laugh with the new-found freedom of a prescription drug addict as he pops a wheelie celebrating his personal victory over 12 years of Oxycontin abuse. Follow the transformation of another guest as she regains the use of her hands from crippling rheumatoid arthritis. Watch as a stroke victim regains energy and balance, improves bowel function, and lowers blood pressure naturally, and a dentist beaming with renewed vitality and joy. All of these miracle healings happened without medications, drugs or physician visits.

Then on February 6, 9, 13, & 16, at 6 PM each night, Danny Vierra, Wellness Expert and Director of BellaVita Lifestyle Center, will guide you through a series of powerful presentations documenting chronic disease, its causes, prevention and cure. While exposing the dangers of the Standard American Diet (SAD), Danny will show the healing power of a whole plant food diet and how you can get and stay well without pharmaceutical drugs. His
beautiful wife, Charmaine, who is a 9-year cancer survivor and graduate of the world-renown Living Light Culinary Institute, will tantalize your palates with enticing raw food demonstrations each evening and taste samples to die for.

These classes are for you or someone you know if you are interested in the following:
