Dear Member of the Glendale City Seventh-day Adventist Church,

The North American Division is surveying randomly selected congregations to obtain information to help formulate strategic planning for the Division. This information will assist church leaders in laying out plans for advancing the Lord’s work throughout North America.

In order to provide a total picture of the full variety of religious congregations in America as well as Seventh-day Adventist congregations, we greatly need and value your participation!

Your church has been selected to join in this study through random and systematic sampling processes. The responses about your church will be completely
confidential.

We estimate that this survey will take approximately two to four minutes of your time to complete. With this investment of your time, you will provide a gift of knowledge to the Adventist Church upon which to build the next generation of congregational life initiatives.

We would like to thank you in advance for investing in your Church by completing this survey. As a tangible thank you, we are offering a free report of the findings of this study. Simply email Dr. Petr Cincala (cincala@andrews.edu), Principle Investigator, with the subject line: “Church Member Inventory” and you will be on the list to receive the results of the study. Any questions you have about the study you may direct to Dr. Cincala as well.

By clicking on the link below, you are consenting to participate in this research endeavor.

On behalf of the North American Division we sincerely value your time, commitment and cooperation on this matter.

Sincerely,

The NAD Research Team
Church
Member Inventory

This survey is given to churches throughout North America to help church leaders provide the kind of resources and services to better serve the needs of church members. Thanks for your honest thoughts.

For members of this church who are at least 16 years of age. No names, please!
