God's Holy Word "Is it still worth dying for?"
by E G White

Book 1 of 4 (126 Pages)

Researchers say at least 10,000 different religions exist around the world. Just one of those - Christianity - is divided further into 34,000 different denominations. Talk about hodge-podge! Talk about confusion! The Bible speaks of only one God and one church. So why do the world's nearly seven billion people worship thousands of gods in tens of thousands of churches? One grand effort of God's great enemy is to sow never-ending division and confusion. The Devil masterfully counterfeits truth, compromises it with error,
and if necessary, frightens God's followers into abandoning their beliefs to save their earthly lives. During what we call the Dark Ages, the enemy used counterfeiting, compromising, and frightening tactics to create a whole false system of religion that hardly resembled Christ's original church. The Bible was either abandoned or locked up so no one could read it. Paganism, atheism, and politics were mixed with truth mostly error was left.

But God always had His faithful people; the Waldenses, the Albigenses, the Huguenots. These and other followers stood firm on God's Word. Then the events of the great Protestant Reformation occurred. Bold men of God such as Wycliff, Hus Jerome, Luther, and others stripped away layers of falsehoods and exposed God's truth again. Once again, we live in a godless time with the Bible under attack. God needs you - He needs all of us - to champion His truth. He needs His people once again to stand on the Bible - and nothing else!

America In Prophecy "The Beginning of the End"

by E G White

Volume 2 of 4 (126 pages)

"O'er the land of the free...and the home of the brave!" Brave indeed. Fleeing persecution in their homelands, they crossed the seas to a New World in search of freedom...freedom of conscience...freedom to worship as they chose. Puritans, Pilgrims, and men like Roger Williams created a safe haven for liberty. They built "One Nation, under God" - a nation founded on Bible principles.

But to these sturdy pioneers, freedom of worship also included the freedom not to worship at all, if one so chose. Real freedom would mean that those who worshiped God, and those who didn't would live together in respectful tolerance and peace. But today, this dream of freedom is under siege. Why? Because many worship no god at all, and they increasingly oppose those who do. These unbelievers would strip away the religious freedom that our founders sacrificed to create. They seem bent on creating a nation based on their own secular atheism, by force if necessary. They mock the very idea that we are a nation under God.

Those who choose to worship God are also responsible. They/we have taken tolerance to tragic extremes of compromise. Instead of standing up for God and the Bible, we give too much away in our eagerness not to offend anyone. And slowly, we are becoming One Nation, under Total Confusion.
It's time to stand firm again - to stop compromising away our hard-won freedoms. This book will help all of us remember our nation's original dream - and inspire us to recapture it.
