Hope Underground is the personal account of Pr. Carlos Parra Diaz, as told to Mario Veloso and Jeanette Windle, about his work as chaplain of Camp Hope. Pastor Parra is perfectly placed to share with us exclusive details of his daily interaction with the miners and their families, as well as how God manifested His presence in this truly amazing story.

How did a small, white butterfly, 33 small Bibles, and a '34th miner' all play a significant role in the unfolding of this incredible saga? Hope underground is a must-read for anyone who seeks a deeper spiritual insight into this thrilling and unique real-life drama.
