Ellen G. White (1827-1915) experienced more than 2,000 dreams and visions. Drawing divine wisdom from those revelations, she wrote approximately 100,000 pages on such topics as health, education, family, Bible history, and practical Christian living. Her lifelong message was that Christ is coming soon and that we must be ready to meet Him. Arthur L. White (1907-1991), the author of this book and a grandson of Ellen White, had extensive knowledge of her life and literary legacy.

Our Saviour: Human or Divine?
Unlike the other two members of the Godhead, Jesus had not only an eternal existence in heaven, but also a short life as a human being on this fallen world we call Earth. Thus He bears equally both the titles of Son of God and Son of Man. Like all the members of the Godhead, He is surrounded by mystery, none greater than the mystery of His incarnation in that the eternal Son of God was "made flesh and dwelt among us" (John 1:14); came "in the likeness of sinful flesh" (Romans 8:3); and died for salvation of the human race....

Adventism Vindicated
Set in the context of the Three Angels’ Messages, this is the message which will go forth with the unprecedented power of the Loud Cry of Revelation 18:1-5, "to every nation, and kindred, and tongue, and people" (Revelation 14:6). These messages, so vital that the eternal destiny of all mankind depends upon their reception, are carefully explained by the authors, both of whom are ordained ministers. This book aims to motivate preparation for the coming of the Lord, and to point out the urgency of sharing this message with others.

**The Evangelical Dilemma**
Rarely has a book in modern times so thoroughly examined the teachings of Evangelical Protestantism as does *The Evangelical Dilemma*. The authors write from a supportive perspective, but with a directness that every Evangelical will recognize. Beleaguered on every side by changing world expectations, by the inroads of the Ecumenical movement, by the tantalizing enigma of the Charismatic movement, and by the uncertainty of pluralism, there has never been a more urgent time for an honest review of the past, present, and the future of Evangelical Protestantism.

**The Sanctified Life**
Under the general title of "Sanctification," there appeared in the early issues of the *Review & Herald* for 1881 a series of articles from the pen of Ellen White. Writing from a deep experience in the things of God and from a mind and heart illuminated by the Holy Spirit, she carefully examined the elements of true sanctification and contrasted these with various unsound, but popular, theories on the subject. In the same decade these articles were drawn together and published as a pamphlet bearing the title *Bible Sanctification*, and appearing in January, 1889, as Number One of the Bible Students’ Library.
