Dear Friends,

We’ve come to the end of yet another year here on planet earth. We long for the new life, don’t we? The Eternal, all-glorious, never-ending life. And it begins here, in deeper and sweeter fellowship with Jesus.

This old world, groaning under its load of grief and oppression, needs a revelation of the character of our heavenly Father. We who know Him stand as reflectors of His goodness and glory. It's our prayer that the materials produced and distributed from LLT will reveal Him more clearly to people who desperately need to know Him.

**Hell and Mr. Fudge**

Our film about Edward Fudge’s journey of discovery is a key part of our ministry. It reveals God's character by refuting the traditional idea that He will consign unrepentant sinners to an eternity of sinners - view of God that that has turned many people against Him.

The response to Hell and Mr. Fudge has been heartening. Since its Nov. 15 release on DVD we have shipped over two thousand copies. We know there are multitudes who don't understand God's mercy and justice clearly, who should see it.

**The Seventh Day**

Our documentary series on the history of the Sabbath is another reflection, introducing viewers to a God who longs for intimate contact with His earthly children. His gift of the weekly Sabbath provides a time for that kind of relationship, where we can rest in the assurance of His love and His provision, in Christ, for our salvation.

The Seventh Day has worldwide distribution of more than 400,000 copies. It's been translated into twenty languages, the last two of which - Italian and Indonesian - are in the final review and production stages. Plans for both include broadcast.

Let me explain the importance of these last two languages:

Indonesia is the sixth most populous nation in the world. Indonesian is one of the most widely used languages in the world, spoken by an estimated 213,000,000 people!

With Italian, the true story of the Sabbath is brought to people living right at the historical heart of Sunday worship.
A New Project

To make the Sabbath even more clear, we are moving ahead with a documentary about the history of calendars. This is a natural extension of our work on the story of the Sabbath. For many who are new to the Sabbath a common question is, "How do we know which day it really is?"

Our calendar documentary will take you on a journey through the centuries to see how time has been measured and divided and organized. It will be an amazing trip and we believe you'll find it fascinating. Best of all, you'll see clearly that our seventh day is the same seventh day God rested on back in Eden. I'll tell you more about this in upcoming newsletters.

Yes, each of these projects costs. We are dependent first of all upon the God of Heaven for any accomplishment. And He uses earthly hands - yours and ours.

I stand in awe that He can use us poor, sinful mortals! Yet He does.

So these are "big four" in need of your support:

1. *Hell and Mr. Fudge* (remaining production & marketing expenses)
2. *The Seventh Day* - Indonesian
3. *The Seventh Day* - Italian
4. The Calendar Project

If God is leading you to support these projects, please mark you contribution accordingly. Or just write, "As needed."

Thank you for joining with us to make God look good in this world! I pray for His richest blessings on you in 2014.

In Christ,

Pat Arrabito

Experts Speak

"After I had been there about ten or twelve days, it came into my thoughts that I should lose my reckoning of time for want of books, and pen and ink, and should even forget the Sabbath days; but to prevent this, I cut with my knife upon a large post....

"Upon the sides of this square post I cut every day a notch with my knife, and every seventh notch was as long again as the rest, and every first day of the month as long again as that long one; and thus I kept my calendar, or weekly, monthly, and yearly reckoning of time."
