Without your immediate help God's work will lose $200,000 for advancing the gospel.

Last month special ministry friends provided a special matching challenge of $500,000 to enable Hope Channel to continue broadcasting on our three new channels for China, the Middle East, and India. During December the match doubles every dollar given to Hope Channel to broadcast to these difficult areas of the world to evangelize.

Hope Channel supporters have helped us secure nearly $300,000 of the matching funds. However, there is still $200,000 remaining that God's work can't afford to lose. For billions of spiritually hungry people living in the Middle East, India, or China this will mean the difference between finding Bible truth or not.

The seed money to launch these three channels is running out. God is now providing a way to continue these crucial channels with the matching gift, but it will require your help.

If we are to secure the final $200,000 for God's work, it is important that we hear from you now. Please help us to not lose this for the people of China, the Middle East, and India. Your generous contribution will make an enormous difference for them.

It's easy and secure to give online in US currency from any place in the world. You can also use a credit card for non-US dollar currencies. (In the middle of the page choose your currency and click the orange "Donate" button.)
Or you can call us toll-free in the US at 888-4-HOPE-TV (888-446-7388) or from outside the US call +1-269-471-6050. You can mail your gift to Hope Channel, PO Box 5303, Thousand Oaks, CA 91359-5303, USA.

And remember, as long as your gift is postmarked, made online, or called into us by December 31 it is tax-deductible in the USA and Canada. Please don't wait. Contact us now, while there still is time.

Thank you for making a major difference for God's work.

Sincerely,

Brad Thorp, President
