With your help we can save $116,000 for God's work in China, the Middle East, and India!

Two weeks ago, I alerted you to the risk of Hope Channel losing $200,000 of matching challenge funds that will expire on December 31. Recently, a generous challenge was made by some special Hope Channel friends to double every dollar given during December to finish God's work in our day.

Thanks to the response of Hope Channel partners, there is only $116,000 remaining to reach the challenge goal. This last $116,000 will enable us to pay for vital satellite contracts to beam God's message into billions of homes in China, the Middle East, and India-the most difficult places on earth to present the gospel.

Will you help with a generous gift today to provide the bread of life to spiritually hungry people all over the Middle East, India, and China? This last $116,000 will make it possible to give the last-day gospel to people who desperately want to hear it in their own language.

No other Christian ministry is reaching the billions of lost people in these areas with 24 hour truth-filled programs. We are. But we can't continue without your support. For the next nine days, your gift can be doubled, dollar-for-dollar, to extend the message of Christ to your neighbors and across the globe.

Please help the spiritually hungry people of the world with your most generous contribution while there is still time to double the challenge money. God's work is truly depending on you at this time.

You can quickly and securely give online in US currency from any place in the world. You can also use a credit card for non-US dollar currencies. (In the middle of the page choose your currency and click the orange "Donate" button.)
Or you can call us toll-free in the US at 888-4-HOPE-TV (888-446-7388) or from outside the US call +1-269-471-6050. You can mail your gift to Hope Channel, PO Box 5303, Thousand Oaks, CA 91359-5303, USA.

And as long as your gift is postmarked, made online, or called into us by December 31 it is tax-deductible in the USA and Canada. Please don’t wait. Contact us now, while there still is time.

Please let us hear from you today while there is still time.

Sincerely,

Brad Thorp, President
