Dear Hope of Survivors Family,

Recently, The Hope of Survivors was awarded a grant from Versacare Inc. to help fund some major website renovations (along with a few other projects, such as reprinting the booklet, *Understanding Sexual Misconduct Among Spiritual Leaders*). These changes to the website have just begun, with the transfer of the websites to a new server and the implementation of new programming code.

Rather than using .asp, we are now using .php. I realize that doesn't mean anything to many of you and that is OK. **The important thing is for you to know that any pages you may have bookmarked previously will now need to be updated.** For most of these pages, you can simply substitute .php for the .asp at the end of the URL. For example, http://thehopeofsurvivors.com/about_us.asp is now http://thehopeofsurvivors.com/about_us.php.

You can help me out by letting me know if you find any missing or broken links on the website. Please send me an email with the page URL and I will try to fix it as soon as possible. I greatly appreciate your help with this, as I want people to be able to find the information they need quickly and easily.

We hope the new changes, including additional media and content (soon to come), will be beneficial for you and for those with whom you share this resource.

God bless you!
Samantha Nelson
VP & CEO
P.S. Our next exhibit will be in Denver, Colorado, June 13-16, at the Denver Marriott Tech Center, as part of the United Methodist Church's Rocky Mountain Annual Conference. If you're in the area, please stop by and visit Kim Erickson, our new Development Director/Outreach Liaison. And, don't forget to check the Calendar often, as new events are being added frequently. Your prayers and monthly support are greatly appreciated!
