Greetings!

It's time for a progress report! We are now halfway through the August Clergy Sexual Abuse Awareness & Prevention® campaign--and what an outreach it has been! God has blessed by opening dialog between those who have been abused by clergy and those who previously did not understand why it is considered abuse and not an affair. This is the education aspect of The Hope of Survivors, and it is greatly needed. Additionally, several victims have now found The Hope of Survivors--thanks to our social network ad campaign. This is the healing aspect of the organization.

If you haven't participated yet, it's not too late to start. Throughout the remainder of the month, we will continue to post a new image each day on social networking sites such as Facebook. Twitter, Google+, LinkedIn, Pinterest, and many others. We encourage you to please share and re-post these images and messages on your own social networking sites. You can find the calendar and images here:

http://clergysexualabuseawarenessday.com/Calendar_Images.asp

And please don't forget to register for the upcoming Hope & Healing Mini-Conference for victims taking place in Kailua-Kona, Hawaii, on Friday, September 6, at 6:30pm. For details and registration, visit:

I hope to see you there!
Samantha Nelson
