Milo Adventist Academy (20)

Music

Description

Milo Adventist Academy is looking for a music teacher who has strengths in choral and/or instrumental areas and also wants to build both programs. Development of a strings program is also of great interest. Candidate must be enthusiastic about sharing his/her love of music and of Jesus with students and staff as well as the church at large.

It should be illegal to take money for doing a job that is this much fun and rewarding! But we are definitely willing to pay you, and that’s not the only benefit! Our school is a boarding academy located in southern Oregon in the midst of a peaceful and beautiful forested area. We as a staff and students enjoy the joy of Jesus and our life here. The only thing missing is you!
