Dear Friends,

Adventist Musicians Biographical Resource Dictionary

This to let you know that an *Adventist Musicians Biographical Resource* dictionary has been completed and will be off the press between April 15 and May 1. The final page count is 992 and includes the biographies of over 1100 musicians associated with the Seventh-day Adventist Church, all with listed sources. A one-time limited run of 750 copies is being printed.

$50
The end of a project that has taken fourteen years and thousands of hours in research and writing, it is based on over 400 interviews with the person, a family member, or colleague. Other sources included 150 information sheets provided by the person or family, and numerous Adventist publications (1850s to present). Annotations beyond source listings were made when possible.

Also included are fifteen supplemental autobiographies, biographies, and printed interviews and thirty tributes, eulogies, and life sketches. Over thirty SDA composers with listings of their music are included. Discographies are also listed when available.

It is a durable book with a sewn binding, hardbound with an attractive cover. It is being printed by the Color Press, known for the quality of its work. Although the original estimate priced the book at $75 to $100 a copy, we were able to reduce the cost by raising funds and providing camera-ready copy.

The price is $ 50 (U.S.) in the U.S. and Canada and includes shipping and tax. Those outside the U.S. and Canada may want to consider a group order of at least five copies or more, which will be sent to one address for distribution and minimize or possibly eliminate additional shipping expense.

*To respond, click reply to this email, enter needed information directly into the email, and then click return.*

Checks or money orders, payable to IAMA Book Project, can be sent to IAMA Box 476, College Place, WA 99324.
