If You Have Eyes To See …
And ears to hear, then this is for you:

For many months we have been taking the time to bring our website, ThePerfectStormIsComing.org, up to date. We still have a way to go, but you should be aware of what's available at this site for sore eyes.

For many years on our website we have freely offered our publications as PDF files. These publications have been shared with every corner of the world-wide world through the world-wide web. And this thrills us. Many years ago we offered a sampling of Charles Wheeling’s Prophecy Seminars; these had a worldwide audience. Though we had little time to consent, we received constant requests for regular Sabbath sermons which may be viewed by small audiences who were gathering around the country and the world.

In the spirit of ministry we have in recent months made freely available WMV and MP3 downloads of many of Charles Wheeling’s Sabbath sermons. If you are reading the electronic version of this Communicator, Click Here to be instantly transported to the Sabbath Sermons Mainpage (the rest of you will have to visit the regular way).

Why have we done this? Who, you ask, has time to watch and listen to stuff these days? Forget reading. Actually, you’d be surprised how much dead time you have in your day. If you travel in any fashion, you know how much time is wasted going through the motions of just “getting there.” If you are poorly or retired, you know how much time can be spent in front of the TV. If you like to get outside—keep fit—you probably already listen to something on those earbuds.

If you are around children, you know that they spend a lot of time listening to something on that little box which is their constant companion. Well, now you have something to offer them that will feed their minds, instead of frying them. Take time to get acquainted with the website. If you have trouble navigating, ask a child to help you; kids know their way around a browser.

“QuOTABLE”

“All of us who professionally use the mass media are the shapers of society. We can vulgarize that society. We can brutalize it. Or we can help lift it onto a higher level.”

—William Bernbach.
