Is this the beginning of the end?
ISIS and Daniel 11

September 9, 2014

For years we have been saying that radical Islam would do something that would cause Papal-led Christianity to respond in “Holy War” fashion. We have just filmed a 30 minute presentation on the role of the ISIS and the papal/world response to their atrocities. The Papacy has come out in favor of military intervention for the first time in modern times. This video will show from the flow of events and from prophecy why we appear to be at the turning point, when this conflict becomes a “Holy War”. In the prophecy, the “Holy War” will be like a whirlwind followed by the final warning to the world. You and I could be watching the beginning of the end.
Watch the video here.  
*Scroll down to the current events video- What about ISIS?*

Please watch this video and share it with everyone you can. We have included closed captioning with language options including:

1. Spanish
2. Arabic
3. Hindi
4. Persian
5. Chinese
6. Indonesian
7. Russian
8. English

We may well be observing the beginning of the end or God could still allow a delay with us hanging right on the very edge of this 3rd and final “Holy War” between Islam and Papal-led Christianity.

Now is the time to schedule an ISLAM AND CHRISTIANITY seminar/event or attend one already scheduled.

The interest in the role of Islam in Bible prophecy and current events is rapidly growing with the rise of the radical Islamic ISIS. Now would be the time to schedule a public seminar or special event on Daniel 11-Islam and Christianity. Note that we have January and springtime dates available. It is my hope that we can fill these openings with some larger venues or with pastors’ meetings. I am especially interested in presenting to pastors so they can take this message to people in their part of the world. Please check our website for scheduled seminar information.
