Urgent Year-End Needs

Ministry needs
Daniel 11- "Islam and Christianity in prophecy Seminar” dates available

We have several seminar dates available. Two winter of 2015 seminar dates were spoken for but have now become available. We need to fill them ASAP! The dates are:

**January 23 - February 1**
This date needs to be filled by **December 11** or we will have to schedule some weekend or one-night presentations during that time. Let us know if your church would like a weekend or one night seminar during that time.

**February 20 - March 1**
This date needs to be filled by **January 8** or we will need to make plans for weekend or one-night seminars.

**May 5 - 17** - Available

**Oct. 30 - Nov. 8** - Available

**November 13 - 22** - Available
You can contact us through our website for more information.

Australian Trip
We spent 3 busy weeks in Australia presenting in 8 different locations. The message was well received and Tim was able to answer the questions they had. Each weekend was spent in a metropolitan area. Driving between these cities we were able to see much of the eastern coast of Australia. Our hosts were able to show us much of the wildlife and beautiful forests during our visit. It reminded us of heaven in the way we were able to feed the wild parrots from our hands.

Thank you to all who have donated to help fund our ministry needs. Many of you have asked about current needs that this ministry has. The following are some of the needs that we currently have that could be remembered in your year-end giving:

1. **Ongoing operation**
Our ministry is a self-funding ministry of the Idaho Conference of SDA. This means we have to raise all the funds needed for Tim’s salary, benefits, travel, and any other expenses. Those who are able to make donations to our general fund are greatly appreciated. This ministry will end if at any time there are not enough funds to pay the bills.

2. **Pocket tract**
In December, Tim will be writing a small pocket tract like the “GLOW” tracts. This tract will be for people to share the end-time Daniel 11 message with friends and people they meet. Expenses will be for printing costs. We will have to pay for the printing then people will be able to purchase them to share with others. We will also be handing this tract out at the General Conference Session in 2015.

3. **2015 General Conference session and NAD pastors' meeting**
Our costs for travel, lodging, and booth rental will be around $5000.00.

4. **Better Life TV - broadcasting fees**
We have been broadcasting our 10-part Daniel 11 "Islam and Christianity in Prophecy” series on Better Life TV, which covers much of the West Coast of the USA. The cost is $500.00 per month. We will have to stop this if we do not have a donor adopt this project.

5. **Webpage development**
We need to hire a webpage administrator to improve our webpage and do some things to help us reach more people around the world. We need about $150 a month for this project.
6. Funds to send materials to pastors in the developing world

Pastors in Africa, Asia, and South America are not able to purchase our materials and most don’t even know about our materials. We need to send materials to Conferences so they can share them with their pastors. Costs will be for materials and shipping. It would be good to have someone to take over this project and take care of the purchasing and shipping. The cost can be sent through the conference so tax deductions can be taken.

7. Travel expenses for us to travel to developing areas of the world

These would be to conduct pastors’ meetings to train pastors so they can preach this Daniel 11 message in their area. Cost is as needed. The trip this summer to present to pastors in the Northern Nigeria Union and the Malawi Union was about $5000.00. We have had many requests coming in for meetings in these areas of the world.

8. Funding for a History channel type documentary on Daniel 11 for TV

This is a major project. The initial storyboarding/planning of the movie with the producers would cost about $15,000 dollars. The production of the movie itself would be $2 to $3 million dollars.
