MP3 Audio Bibles

Video: MP3 Audio Bibles
Recently, three JFA team members traveled to India to meet and film our orphans, research our Clean Water Project and distribute MP3 players, containing the entire Bible in Tamil (the language spoken in the southern state of Tamil Nadu), to blind and/or illiterate people. Jon did a revival series in that particular area church back in December and noticed several people who were illiterate or blind and wondered how they could be fed spiritually through the week. He posted the audio Bible idea on our JFA invest page and within just a few days the goal of $500 had been reached! That’s how the team who went there in March was able to distribute some of these audio bibles to the people.

In India alone, there are 15 million blind people and 287 million illiterate, plus only 2.3% of the people are Christian. Many are hungry for the Word of God, but have no access or ability to read the Bible for themselves. The joy on the faces of those receiving the MP3 players was heartwarming. One lady said she listened to fourteen chapters in a row after receiving the player.

We would love to see these devices spread throughout India. To learn more about the project, watch the video: MP3 Audio Bibles

“The Spirit of the Lord is upon Me,
Because He has anointed Me
To preach the gospel to the poor;
He has sent Me to heal the brokenhearted,
To proclaim liberty to the captives
And recovery of sight to the blind,
To set at liberty those who are oppressed;
To proclaim the acceptable year of the Lord.”

Luke 4:18-19

100% of your donation goes to your designated project.
