Dear Friends,

It was a sunny day in the mountains. We lounged under tall evergreens, my friends and I, enjoying a long chat. Although one had a background in Adventist education, both of them were having a very hard time understanding the biblical view of man as a combination of dirt and breath: "And the Lord God Himself formed man of the dust of the ground and breathed into his nostrils the breath of life; and man became a living soul" (Gen. 2:7).

Surely, they countered, there must be an immortal element to man, a conscious entity, life force, "soul" or "spirit," something that exists forever.

We talked about breath, spirit, soul, immortality, the physical body, the mind, death and resurrection. And the questions rolled on:

Can it be that at death man simply ceases to exist?! All of him? Nothing remains or continues? Is that the biblical view?

I realized, on a much deeper level, what a huge battle is this fight for truth! Even many who have been raised with understanding have become confused through constant bombardment from a society and a media that assumes our loved ones are looking down on us from heaven, that promotes the idea that angels are the spirits of dead friends and that makes talking to the dead laughable entertainment.

The task before us is huge and formidable: To educate a whole society and a whole world that the dead are truly dead - that "they know nothing; their love, hatred and envy is perished; they have no more portion for ever in anything that is done under the sun" (Eccl. 9:5,6). There's a world full of people around us who are susceptible to lying spirits and soul-destroying deception because they have believed this lie. A lie that compromises the beauty and goodness of our God and leads to destruction.

I am inviting you to join us on this crucial project. Join us in producing media to counter the lies, to tell the truth about death and God. We must be bold. We must be clear. We must be interesting. We must convict.

Our budget for this project is $300,000. Folks, $300,000 might sound like a lot, but it's a drop in the bucket to the multiple millions Hollywood spends promoting this very soul-
destroying lie! We may be small, and we may be up against the giants, but the same mighty God that empowered David stands with us.

The enemy again dares to defy the living God, to destroy souls with falsehood. May God give us courage and favor to speak out clearly!

Thank you for participating through your prayers and your contributions. May God be glorified!

Researcher Daniel Knauft traces in history the circumstances of ecclesiastical compromise, anti-Jewish sentiment, and political expediency that cost the world its magnificent treasure - sacred time. Experts Speak
"Lord's Day rest became openly codified in church law and an assumed part of lived Christian culture. The Council of Rouen (Gaul) in 650 was the first church council explicitly to require a twenty-four-hour Sabbath-like Lord's Day, and to fix a list of penalties for violating rest - as usual after first condemning all superstitious rules and penalties of the Jewish Sabbath."

**Sabbath History**

**Pope Gregory's Antichrist**

Gregory the Great was pope from 590 AD to 604 AD. He ranks with Augustine, Ambrose, and Tertullian as one of the preeminent theologians of the ancient Christian era. He was a prolific writer and a staunch defender of what he considered to be "orthodox" doctrines.

Gregory viewed the Sabbath as irrelevant for Christians. It had no more place in Christianity than did animal sacrifices and circumcision. He taught that the Sabbath had taken on a completely figurative significance: Sabbath means rest, and believers find that rest in Jesus Christ.

When he heard that "certain men of perverse spirit" were urging a literal observance of the Sabbath he penned a letter to "his most beloved sons the Roman citizens."

"What else can I call these but teachers of Antichrist, who, when he comes, will cause the Sabbath day as well as the Lord's day to be kept free from all work."

The Antichrist, wrote Gregory, will compel people to "judaize" - abstain from servile labor on the Sabbath - so that "he may bring back the outward rite of the law."

Gregory's opposition to the Sabbath was part of his DNA as a Roman Catholic scholar steeped in the anti-Sabbath tradition of his church. If he saw the Antichrist as a proponent of Sabbath-keeping he certainly was not looking through the lens of sacred scripture, where the call to observe the Sabbath comes not from the Antichrist but rather from a heavenly messenger. (See Revelation 14:6, 7.)

A Good Report

An amazing thing happened among us in August. Jeff Wood, our producer/director, received a new kidney after more than three years on dialysis. He is recovering well and starting to pick up his work. His transplant was made possible by Pat's donation of one of her kidney's into the transplant system. Her recovery has been amazingly fast and she’s already back to work full time. We all cherish your prayers for complete recovery and restoration for both Jeff and Pat.
